## **Society Its Criminals:**

*Society and Its Criminals* Paul Reiwald, 1949      **Career Criminals in Society** Matt DeLisi, 2005-02-15 Career Criminals in Society examines the small but dangerous group of repeat offenders who are most damaging to society. The book encourages readers to think critically about the causes of criminal behavior and the potential of the criminal justice system to reduce crime. Author Matt DeLisi draws upon his own practitioner experience interviewing criminal defendants to argue that career criminals can be combated only with a combination of prevention efforts and retributive criminal justice system policies.

The Society of Prisoners Renaud Morieux, 2019-10-03 In the eighteenth century as wars between Britain France and their allies raged across the world hundreds of thousands of people were captured detained or exchanged. They were shipped across oceans marched across continents or held in an indeterminate limbo. The Society of Prisoners challenges us to rethink the paradoxes of the prisoner of war defined at once as an enemy and as a fellow human being whose life must be spared. Renaud Morieux redefines how we understand the notion of what a prisoner of war was before international legal and social conventions were introduced in the eighteenth century the distinction between a prisoner of war a hostage a criminal and a slave was not always clear cut. Morieux then uses war captivity as a lens through which to observe the eighteenth century state how it transformed itself and why it endured. In so doing he invites the reader to trace the history of the prisoners via a journey between Britain France the West Indies and St Helena.

The Criminal Crowd and Other Writings on Mass Society Scipio Sighele, 2018-11-23 The Criminal Crowd and Other Writings on Mass Society is the first collection in English of writings by Italian jurist sociologist and cultural and literary critic Scipio Sighele 1868 1913. In post unification Italy and internationally Sighele was an important figure in contemporary debates on such issues as popular unrest the problematic borders between individual and collective accountability the role of urbanization in the development of criminality and the emancipation of women. This volume draws an intricate portrait of a provocative thinker and public intellectual caught between tradition and modernity in fin de siècle Europe. It features new English translations of Sighele's seminal work The Criminal Crowd along with a selection of his later studies on criminality and on individual and group behaviour. Nicoletta Pireddu's introduction and annotation provide valuable context and insights on Sighele's contribution to the emerging field of collective psychology on his relationships with his predecessors Cesare Lombroso and Enrico Ferri and with his French rivals Gustave Le Bon and Gabriel Tarde and on the significant scientific literary and cultural developments of his time.

Crime, Criminal Minds & Society: A New Paradigm Pasquale De Marco, 2025-07-10 In the realm of criminology a discipline that seeks to unravel the intricate tapestry of crime Crime Criminal Minds Society A New Paradigm emerges as an illuminating guide. This comprehensive book delves into the depths of criminal behavior exploring the psychological sociological and environmental factors that contribute to the commission of crimes. Through a comprehensive examination of criminological theories and research the book sheds light on the complex interplay between individuals

society and the criminal justice system It delves into the minds of criminals examining their motivations beliefs and decision making processes The book also explores the impact of societal factors such as poverty inequality and discrimination on criminal behavior Furthermore the book delves into the inner workings of criminal justice systems scrutinizing their effectiveness in preventing and punishing crime It analyzes the role of law enforcement agencies courts and correctional facilities in addressing criminal behavior The book also investigates the challenges posed by emerging crimes such as cybercrime and transnational crime and explores the evolving strategies employed by law enforcement to combat these threats Moreover the book recognizes the profound impact of crime on victims and communities It delves into the psychological social and economic consequences of crime highlighting the devastating effects on individuals families and society as a whole The book also explores the concept of restorative justice which seeks to repair the harm caused by crime and promote healing for both victims and offenders Written in an engaging and accessible style *Crime Criminal Minds Society A New Paradigm* is an invaluable resource for students scholars and practitioners in the field of criminology It provides a comprehensive overview of the discipline encompassing a wide range of topics and perspectives The book aims to stimulate critical thinking encourage further research and contribute to the ongoing efforts to prevent and reduce crime thereby fostering safer and more just societies If you like this book write a review

**Criminal Justice in International Society** Willem de Lint, Marinella Marmo, Nerida Chazal, 2014-01-03 This book adopts a critical criminological approach to analyze the production representation and role of crime in the emerging international order It analyzes the role of power and its influence on the dynamics of criminalization at an international level facilitating an examination of the geopolitics of international criminal justice Such an approach to crime is well developed in domestic criminology however this critical approach is yet to be used to explore the relationship between power crime and justice in an international setting This book brings together contrasting opinions on how courts prosecutors judges NGOs and other bodies act to reflexively produce the social reality of international justice In doing this it bridges the gaps between the fields of sociology criminology international relations political science and international law to explore the problems and prospects of international criminal justice and illustrate the role of crime and criminalization in a complex evolving and contested international society

**The Decent Society** Avishai Margalit, 2009-07-01 Avishai Margalit builds his social philosophy on this foundation a decent society or a civilized society is one whose institutions do not humiliate the people under their authority and whose citizens do not humiliate one another What political philosophy needs urgently is a way that will permit us to live together without humiliation and with dignity Most of the philosophical attention nowadays is drawn to the ideal of the just society based on the right balance between freedom and equality The ideal of the just society is a sublime one but hard to realize The decent society is an ideal which can be realized even in our children's lifetime We should get rid of cruelty first advocated Judith Shklar Humiliation is a close second There is more urgency in bringing about a decent society than in bringing about a just one Margalit begins concretely where we live with all the infuriating acts of humiliation that make living in the world so difficult He argues in a concrete way in the spirit of Judith Shklar and Isaiah Berlin This is a social philosophy that resists all those menacing labels that promote moral laziness just as it urges us to get beyond the behavior that labels other human beings Margalit can't be earmarked as liberal or conservative If a label is necessary then the most suitable is George Orwell's humane socialism a far cry from Animal Farm socialism with its many tools of oppression How to

be decent how to build a decent society emerges out of Margalit's analysis of the corrosive functioning of humiliation in its many forms. This is a thoroughly argued and what is much more a deeply felt book that springs from Margalit's experience at the borderlands of conflicts between Eastern Europeans and Westerners between Palestinians and Israelis. **Journal of the Statistical and Social Inquiry Society of Ireland**, 1863. Report United States. Congress Senate, Reports and Documents United States. Congress, 1967. **Constitutional Rights of Prisoners** John W. Palmer, 2014-09-19. This text details critical information on all aspects of prison litigation including information on trial and appeal conditions of isolated confinement access to the courts parole right to medical aid and liabilities of prison officials. Highlighted topics include application of the Americans with Disabilities Act to prisons protection given to HIV positive inmates and actions of the Supreme Court and Congress to stem the flow of prison litigation. Part II contains Judicial Decisions Relating to Part I. Transactions of the Manchester Statistical Society Manchester Statistical Society (Manchester, England), 1854. Crime, Justice, and Society Calvin J. Larson, Gerald R. Garrett, 1996. In a world governed by laws the realm of criminal justice stands as a cornerstone of societal order. This comprehensive guide unlocks the complexities of criminal law and its profound impact on society providing an in depth exploration of the principles procedures and institutions that shape our response to criminal behavior. With a focus on the United States this book delves into the historical foundations of criminal law tracing its evolution from ancient roots to its modern day manifestations. It examines the diverse sources of criminal law including statutes case law and administrative regulations highlighting their interplay in shaping the legal landscape. Moving beyond theoretical underpinnings the book ventures into the practical realities of the criminal justice system. It analyzes the roles and responsibilities of key players including law enforcement officers prosecutors defense attorneys judges and corrections officials shedding light on the challenges they face in upholding justice. Furthermore it explores the fundamental rights of individuals accused of crimes emphasizing their significance in ensuring fairness and protecting individual liberties. The book also delves into specific aspects of the criminal justice process such as arrest search and seizure pretrial procedures trial sentencing and appeals. It dissects the legal doctrines and procedures governing these stages examining their impact on the fairness and effectiveness of the criminal justice system. In addition to core elements of criminal law and procedure the book ventures into specialized areas including juvenile justice white collar crime and the evolving role of technology in criminal justice. It explores the unique challenges posed by these areas and discusses the legal and policy responses developed to address them. Throughout its exploration the book acknowledges the ongoing debates and controversies surrounding criminal law and the criminal justice system. It delves into the tensions between individual rights and public safety the challenges of mass incarceration and the pressing need for criminal justice reform.
