**Society for Old Testament Study Book List 1994** Lester L. Grabbe,1994      SOTS at 100: Centennial Essays of the Society for Old Testament Study John Jarick,2017-01-12 This volume presents an important insight into the history of scholarship on the Old Testament over the last 100 years Presented in collaboration with the Society for Old Testament Study which celebrates its centenary in 2017 the volume examines the shifting patterns in scholarship on the Old Testament over the last century from the types of subject studied to the demographic make up of the scholars working on the Old Testament Hebrew Bible themselves The volume has been written by several longstanding members and officers of the society As such the volume presents a remarkable history of scholarship of Old Testament studies      **Society for Old Testament Study Booklist 2003** George J. Brooke,2003-03-06 The Book List provides short reviews of up to 500 books a year It includes publications not only on the Old Testament directly but also on many related areas including archaeology epigraphy Hebrew and related Semitic languages especially Northwest Semitic relevant ancient Near Eastern history and literature the Hellenistic world early Judaism and social anthropology The main value of the Book List is its comprehensiveness and its immediacy in that it is usually among the first periodicals to review a book      **Judaic Religion in the Second Temple Period** Lester L. Grabbe,2002-11 The developments in Judaism during the Second Temple period remain important to contemporary Jewish religion This volume provides a much needed encyclopedic study of the period Includes bibliographies cross references and summaries      **The Lazarus Story Within the Johannine Tradition** Wendy Sproston North,2001-05-01 This historical critical study of the Gospel of John and the First Epistle of John challenges the commonly held view that the first Johannine epistle is related to the Gospel Sproston argues that the two writings are indirectly related through a common Johannine tradition A comparison of the two therefore allows traditional material in the evangelist s work to be isolated enhancing our understanding of the creative processes involved in its composition The account of the raising of Lazarus is rigorously analysed as a test case for this kind of analysis      **Elenchus of Biblica** Robert North,1997

**Dictionary of the Old Testament: Historical books** BILL T ARNOLD,HUGH G M WILLIAMSON,2020-05-21 The Dictionary of the Old Testament Historical Books is the second volume in IVP s Old Testament dictionary series This volume picks up where the Dictionary of the Old Testament Pentateuch left off with Joshua and Israel poised to enter the land and carries us through the postexilic period Following in the tradition of the four award winning IVP dictionaries focused on the New Testament this encyclopedic work is characterized by in depth articles focused on key topics many of them written by noted experts The history of Israel forms the skeletal structure of the Old Testament Understanding this history and the biblical books that trace it is essential to comprehending the Bible The Dictionary of the Old Testament Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel      **Book List** Society for Old Testament Study,1992      Interpreting the Old Testament Craig C. Broyles,2001-10-01 A guide to essential aspects of Old

Testament exegesis     *Jewish given Names and Family Names* David L. Gold,2001-12-01 This work identifies and describes over 3 000 books essays in books and articles on Jewish given names and family names throughout history spanning the Biblical period to modern times The bibliography is a highly analytic one recording published materials in a wide variety of research languages treating Jewish anthroponymy in the broadest sense from historical sociological and linguistic perspectives The bibliography will be an invaluable resource for any researcher engaged in etymological studies Jewish intralinguistics or Jewish family history     **Directory of Published Proceedings** ,2002     [Reading the Dead Sea Scrolls](#) George J. Brooke,2013-10-01 The Dead Sea Scrolls which have long captured the public imagination are now all available in principal editions and accessible translations This book addresses the next stage in their analysis by raising questions about how they should be read and studied The essays collected here illustrate two approaches First some essays argue that traditional methods of studying ancient texts need to be refined and broadened in the light of the Scrolls The volume thus contains studies on text criticism literary traditions lexicography historiography and theology Second the book also argues that innovative methods of study applied fruitfully in other areas now also need to be applied to the Scrolls such as studies that consider the relevance for the Scrolls of deviance theory cultural memory hypertextuality intertextuality genre theory spatial analysis and psychology Many of the examples in these studies relate to how authoritative scripture was handled and appropriated by the groups that gathered the Scrolls together in the caves at and near Qumran so some of the same texts are analyzed from several different perspectives     *Congress Volume Oslo 1998* A. Lemaire,M. Sæbø,2014-09-03 This Congress Volume comprises not only the main lectures of the XVIth I O S O T Congress held in Oslo 1998 but also the interventions at the two panels on Intertextuality and the Pluralism of Methods and on The Hebrew Bible and History Both the main lectures and the panelists interventions focus on current methodological problems and study central questions in the present study of the Hebrew Bible Old Testament in its environment     **The Bible in Africa** Gerald West,Musa Dube,2021-10-01 Although the arrival of the Bible in Africa has often been a tale of terror the Bible has become an African book This volume explores the many ways in which Africans have made the Bible their own The essays in this book offer a glimpse of the rich resources that constitute Africa s engagement with the Bible Among the topics are the historical development of biblical interpretation in Africa the relationship between African biblical scholarship and scholarship in the West African resources for reading the Bible the history and role of vernacular translation in particular African contexts the ambiguity of the Bible in Africa the power of the Bible as text and symbol and the intersections between class race gender and culture in African biblical interpretation The book also contains an extensive bibliography of African biblical scholarship In fact it is one of the most comprehensive collections of African biblical scholarship available in print This publication has also been published in paperback please click here for details     [World Christian Trends Ad30-ad2200 \(hb\)](#) ,2001     *Bible Study Guide: John Volume II* Andrew J. Westbrook, 2015-04-23 April Westbrook explores the intentional inclusion of woman stories those displaying significant female presence within the David narrative in the books of Samuel These stories are made prominent by the surprisingly high number of their occurrences as well as the sequentially progressive literary pattern in which they occur in the larger narrative Westbrook shows that the dramatic and detailed accounts within the story repeatedly challenge the reader to consider the experiences of women and their contribution to the purpose of the larger narrative When viewed collectively these woman stories serve to stir the reader's responses in ways which systematically call into question the nature of the monarchy itself as a power system both its impact upon the nation and upon the kings who rule Although King David is often held up as a paragon of virtue the experiences of the women in his life frequently reveal a different side of his character and the reader must wrestle with the resultant ambiguity In the process the reader must also think deeply about the inevitably negative aspects of hierarchical social structures and why this biblical text is apparently designed to press the reader toward unavoidable and uncomfortable personal confrontation with these realities concerning the use of power within community life
