Sociology and Political Theory Harry Elmer Barnes,1924 **Sociology and Political Theory** Harry Elmer Barnes,1924 **Sociology and Political Theory** Harry Elmer Barnes,2021 **Political Science and the Problem of Social Order** Henrik Enroth,2022-03-24 The problem of social order is the question of what holds complex and diverse societies together Today this question has become increasingly urgent in the world Yet our ability to ask and answer the question in a helpful way is constrained by the intellectual legacy through which the question has been handed down to us In this impressive erudite study Henrik Enroth describes and analyzes how the problem of social order has shaped concept formation theory and normative arguments in political science The book covers a broad range of influential thinkers and theories throughout the history of political science from the early twentieth century onwards Social order has long been a presupposition for inquiry in political science now we face the challenge of turning it into an object of inquiry Max Weber's Theory of the Modern State A. Anter,2014-02-19 Andreas Anter reconstructs Max Weber s theory of the modern state showing its significance to contemporary political science He reveals the ambivalence of Weber s political thought the oscillation between an tatiste position mainly oriented to the reason of state and an individualistic one focussed on the freedom of individuals **The American Economic Review** ,1924 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Hand book of the American Economic Association **The Founding of Institutional Economics** Warren Samuels,2002-01-08 Institutional economics has been a major part of economic thought for the whole of the twentieth century and today remains crucial to an understanding of the development of heterodox economics The two principal publications that founded the school were Veblen s The Theory of the Leisure Class and Commons s A Sociological View of Sovereignty both published in 1899 As a tribute to these two seminal works Warren Samuels has assembled an exceptionally prestigious international group of scholars to produce this landmark volume celebrating the centenary The chapters assess the work of Veblen and Commons and their influence on the school of institutional economics from a variety of theoretical perspectives The contributions on Veblen appraise his anthropological analysis of consumption habits of American households from sociological linguistic and feminist points of view Conversely the essays on Commons s work focus on the concepts of property power and the relationship between legality and economics
