

Introduction to Sociology

Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the **core of sociology**: key concepts, theories, perspectives, methods and findings. Students will acquire the ability to **think like a sociologist**, to **investigate** and **understand** complex social phenomena.

This text presents a **complete sociological toolkit**, guiding students in the art of asking good sociological **questions**, devising a sophisticated **theory** and developing methodologies to **observe** social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand **any** new sociological topic or contemporary social problem.

The textbook also **applies** the sociological toolkit to **selected key sociological issues**, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a **global and comparative perspective**, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion.

The book presents a range of helpful pedagogical features throughout, such as:

- **Chapter overview and learning goals** summaries at the start of every chapter;
- **Thinking like a sociologist** boxes, encouraging students to reflect critically on learning points;
- **Principle** boxes, summarizing key sociological principles;
- **Theory schema** boxes, presenting sociological theories in a clear, understandable manner;
- **Stylized facts** highlighting key empirical findings and patterns;
- **Key concepts** and **summary** sections at the end of every chapter; and
- **A companion website** providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice questions, further reading and a full glossary of terms.

This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

Frank van Tubergen is Professor of Sociology at Utrecht University, where he teaches introduction to sociology. His current work is focused on social networks, immigration and religion.

Sociology And Introduction

CN Shankar Rao

Sociology And Introduction:

An Introduction to Sociology John Ernest Goldthorpe, J. E. Goldthorpe, 1985-02-21 The third edition of *An Introduction to Sociology* with major revisions to the text

Sociology: A Systematic Introduction Harry M. Johnson, 1966-07-12 Harry M. Johnson's *Sociology: A Systematic Introduction* stands as a landmark in sociological education, blending scholarly rigor with accessibility. Echoing Donald Fleming's ideal of a textbook that channels consensus without stifling innovation, Johnson's book offers a coherent yet flexible account of core sociological principles. It is both a manual for students and a treatise that contributes meaningfully to the discipline. Rather than impose a rigid framework, Johnson draws upon a working consensus in sociology, often associated with structural functionalism, while avoiding theoretical dogmatism. He integrates a wide range of empirical evidence from diverse sources, including anthropology, political science, and economics, without ever losing focus on sociological relevance. This is not a superficial or oversimplified text. Instead, Johnson invites readers to think critically, offering a balanced blend of theoretical insight and empirical depth. He presents complex topics like ideology, authority, and bureaucracy with clarity and substance. The annotated bibliographies at the end of each chapter further enrich the text, guiding students toward deeper inquiry. While demanding intellectual effort, the book rewards it with understanding, not rote memorization. Johnson's lucid and graceful writing elevates the student's learning experience, making the book an enduring educational resource. It is a textbook that teaches and inspires by example, preparing students for advanced study and independent sociological thought.

An Introduction to Sociology Carl Addington Dawson, Warner Ensign Gettys, 1929

Sociology Richard Gelles, Dean and the Joanne and Raymond Welsh Chair of Child Welfare and Family Violence, Richard J. Gelles, Ann Levine, 1999-06 Offers students a concise introduction to sociology. This text provides the basics, the sociological perspective, theoretical orientations, the use of the scientific method to study human behavior, and the various tools of sociological research. It emphasizes how sociology offers answers to real-world questions, both personal and public.

Sociology CN Shankar Rao, 2012 This textbook has been comprehensively written to acquaint the students with the fundamental concepts of sociology as well as provide an introduction to the diverse field of sociology. Students will be introduced to the origins of sociology as a discipline and would get acquainted with relevant topics such as inequality, institutions, control, change, disorganisation, problems in the society. Topics such as applied sociology and social thought have also been provided to give a complete overview of the subject. This textbook not only caters as a primary text to the undergraduate students of Sociology but is also a useful reference for postgraduate students and aspirants appearing for various competitive examinations.

Sociology, an Introduction Earl R. Babbie, 1980

This is Sociology Dan Woodman, Steven Threadgold, 2021-07-07 *This is Sociology* is an engaging, concise introduction to the key concepts used for studying social life. It covers a diverse range of theorists from the rich history of sociology and shows how thinking sociologically can help us understand our lives, the groups we are part of, and the rapid social changes and inequalities that

shape contemporary societies Key features Uses compelling international examples and a range of theoretical perspectives from across the world including theorists that have often been omitted from the established sociological canon Covers topics such as globalization culture gender race and class Introduces the latest approaches emerging from efforts to build an inclusive global sociology one that moves beyond a Eurocentric perspective and is equipped for the challenges of the 21st Century The book is essential reading for anyone new to studying sociology and is supported by a wide range of podcasts videos and discussion questions

What is Sociology? Alex Inkeles, 1964 [An Introduction to Sociology](#) Karim Murji, Sarah Neal, John Solomos, 2021-11-03 An Introduction to Sociology is your essential guide to understanding the social forces that shape our lives and the world around us This innovative textbook introduces you to the key theories themes and concepts in the discipline of sociology and helps you to develop as a sociologist by providing comprehensive coverage of all the main areas of study Presenting you with the history current debates and recent research developments for each topic this book covers everything from classical sociologies and traditional subjects such as class families and religion through to more progressive areas like digital society social media migration and the interconnectedness of modern global society The book's extensive coverage means it can be used throughout your studies from first year to final year Key features Each chapter is written by an internationally renowned expert who uses specialist insight and the latest research to provide a reliable and up to date overview Includes a selection of unique learning features such as Hear from the Expert boxes and Key Cases from around the world as well as reflective activities and revision questions that will enhance your knowledge Features a section titled What is sociology useful for which includes chapters on the public value of sociology and the role of sociology in contemporary society The book is supported by a wide ranging collection of online teaching and learning resources including exclusive video content from SAGE Video links to SAGE Journal Articles sample essay questions and a selection of multiple choice questions This definitive text is perfect for first year sociology undergraduates and anyone studying sociology at university or college level

Introduction to Sociology Henry L. Tischler, 1993 This text will show a general analysis of society with a better understanding of social organizations

Introduction to Sociology Lewis A. Coser, 1991 *The Social Experience* James Wilfrid Vander Zanden, 1988

Introduction to Sociology 3e Openstax, 2022-11-21 Introduction to Sociology 3e aligns to the topics and objectives of many introductory sociology courses It is arranged in a manner that provides foundational sociological theories and contexts then progresses through various aspects of human and societal interactions The new edition is focused on driving meaningful and memorable learning experiences related to critical thinking about society and culture The text includes comprehensive coverage of core concepts discussions and data relevant to a diverse audience and features that draw learners into the discipline in powerful and personal ways Overall Introduction to Sociology 3e aims to center the course and discipline as crucial elements for understanding relationships society and civic engagement the authors seek to lay the foundation for students to apply what they learn throughout their lives and careers

The authors reviewers and the entire team worked to build understanding of the causes and impacts of discrimination and prejudice Introduction to Sociology 3e contains dozens of examples of discrimination and its outcomes regarding social science society institutions and individuals The text seeks to strike a balance between confronting the damaging aspects of our culture and history and celebrating those who have driven change and overcome challenges The core discussion of these topics are present in Chapter 11 on Race and Ethnicity and Chapter 12 on Gender Sex and Sexuality but their causes and effects are extensively discussed in the context of other topics including education law enforcement government healthcare the economy and so on Together and when connected by an instructor these elements have potential for deep and lasting effects

Connecting Sociology to Our Lives Tim Delaney, 2015-11-17 Many introductory texts claim to make sociology relevant to student interests Perhaps no other text has done this so completely and engagingly as Connecting Sociology to Our Lives Tim Delaney not only uses popular and contemporary culture examples he explains sociology thoroughly within the frame of the contemporary culture of students a culture shaped by political economic and environmental trends just as much as by today's pop stars This book will help academics to engage their students in sociology through the prism of their own culture It involves students in critical thinking and classroom discussion through the book's many What Do You Think inserts and will inspire them to careers with the book's unique chapter Sociology's Place in Society Completing the Connection

Sociology Samuel Koenig, 1957 Cultural Sociology Les Back, Andy Bennett, Laura Desfor Edles, Margaret Gibson, David Inglis, Ron Jacobs, Ian Woodward, 2012-03-05 Cultural Sociology An Introduction is the first dedicated student textbook to address cultural sociology as a legitimate model for sociological thinking and research Highly renowned authors present a rich overview of major sociological themes and the various empirical applications of cultural sociology A timely introductory overview to this increasingly significant field which provides invaluable summaries of key studies and approaches within cultural sociology Clearly written and designed with accessible summaries of thematic topics covering race class politics religion media fashion and music International experts contribute chapters in their field of research including a chapter by David Chaney a founder of cultural sociology Offers a unified set of theoretical and methodological tools for those wishing to apply a cultural sociological approach in their work *Introducing Sociology* Paul H Ciccarelli, 2020-01-21 Introducing Sociology makes the learning of the foundations of sociology fun and easy in a quick to read book Through this book you will gain an understanding of the dynamic forces that shape personalities and socialize people into the larger culture within which we live With a modern take you'll not only learn about how traditional institutions such as the family and schools shape society but also come away informed about how mass media including social media networks like Facebook and YouTube are socializing our children and providing new means of interpersonal mass communication never seen before Learn the foundational principles that lie behind sociology including The history of sociology and key figures in its early development The key role of the immediate family as the primary agent of socialization How children are socialized into the larger society

The role played by the secondary family as an agent of civilization Mass communication and old and new mass media The growing role of social media networks as agents of socialization How technology is changing mass media Youth culture and the importance of peer groups Schools education and society and the three main sociological theories of education Download this book today and learn about the forces that are shaping society from the most ancient and time tested through the revolution we re experiencing today Add to cart and buy now

Sociology John J. Macionis, Kenneth Plummer, 2005 Third edition Sociology A Global Introduction Sociology a global introduction represents a unique and complete learning resource for sociology students worldwide International in outlook and culturally wide ranging it addresses the fundamental issue of how the modern world may be dramatically changing Key features Sociology is made immediate and real through diverse examples illustration and statistical evidence A story is told Consolidating previous editions successful organisation a broad picture of societies and cultures developing over time is painted The globalised world order of today is shown in its richness full of contradiction inequality and achievement Cutting edge coverage and argument firmly grounded in topical issues and current debates bring the subject to life engaging exciting and challenging the reader A range of in text features encourages students to identify core themes and theories critique arguments compare and contrast and investigate further Extensive supplementary resources for lecturer and students assist and enrich teaching and learning New to this edition Fully updated to include latest debates and recent data New material on sport disability and youth culture More on globalisation consumption identity and the body New Research in Action feature presents methodology in context

Introduction to Sociology Theodor W. Adorno, 2002-05-01 Introduction to Sociology distills decades of distinguished work in sociology by one of this century s most influential thinkers in the areas of social theory philosophy aesthetics and music It consists of a course of seventeen lectures given by Theodor W Adorno in May July 1968 the last lecture series before his death in 1969 Captured by tape recorder which Adorno called the fingerprint of the living mind these lectures present a somewhat different and more accessible Adorno from the one who composed the faultlessly articulated and almost forbiddingly perfect prose of the works published in his lifetime Here we can follow Adorno s thought in the process of formation he spoke from brief notes endowed with the spontaneity and energy of the spoken word The lectures form an ideal introduction to Adorno s work acclimatizing the reader to the greater density of thought and language of his classic texts Delivered at the time of the positivist dispute in sociology Adorno defends the position of the Frankfurt School against criticism from mainstream positivist sociologists He sets out a conception of sociology as a discipline going beyond the compilation and interpretation of empirical facts its truth being inseparable from the essential structure of society itself Adorno sees sociology not as one academic discipline among others but as an over arching discipline that impinges on all aspects of social life Tracing the history of the discipline and insisting that the historical context is constitutive of sociology itself Adorno addresses a wide range of topics including the purpose of studying sociology the relation of sociology and politics the influence of Saint Simon

Comte Durkheim Weber Marx and Freud the contributions of ethnology and anthropology the relationship of method to subject matter the problems of quantitative analysis the fetishization of science and the separation of sociology and social philosophy **Sociology** Christopher Bates Doob, 1985-01-01 This book features useful examples frequent applications to real world living and cross cultural perspectives The author writes with a precision and clarity lacking in many sociology texts and makes the presentation of sociology both informative and interesting The author's love of the field is apparent on every page of this involving text and students will appreciate the way that Doob tells the story of sociology by presenting sociology as a set of accounts or narratives about specific sociological issues or events While doing this Doob also offers extremely thorough coverage of sociology including strong theory fundamental concepts and sociological ideas
