Songs From The Aristocats:

Walt Disney's Songs from the Aristocats Richard M. Sherman, 1996 **100 Greatest American and British Animated Films** Thomas S. Hischak, 2018-04-20 Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades but not until 1937 did a major studio venture into animated features when Walt Disney produced *Snow White and the Seven Dwarfs*. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In *100 Greatest American and British Animated Films*, Thomas S. Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s, from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information, production history, critical reaction, commentary on the film's cinematic quality, a discussion of the film's influence, voice casts, production credits, songs, sequels, spin-offs, Broadway versions, and television adaptations, awards, and nominations. Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, *100 Greatest American and British Animated Films* highlights some of the most treasured features of all time. **Billboard**, 1996-02-24 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital events brand, content, and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. *New Illustrated Treasury of Disney Songs (Songbook)* Hal Leonard Corp., 1998-11-01 Piano Vocal Guitar Songbook This magnificent 6th edition coffee table collection is a Disney lover's dream come true.
