Thomas Jeanie Tracy Anita Ward Martha Wash Carol Williams Jessica Williams and Norma Jean Wright *Hearing Brazil* Jonathon Grasse, 2022-04-19 Minas Gerais is a state in southeastern Brazil deeply connected to the nation's slave past and home to many traditions related to the African diaspora. Addressing a wide range of traditions helping to define the region, ethnomusicologist Jonathon Grasse examines the complexity of Minas Gerais by exploring the intersections of its history, music, and culture. Instruments, genres, social functions, and historical accounts are woven together to form a tapestry revealing a cultural territory's development. The deep pool of Brazilian scholarship referenced in the book, with original translations by the author, cites over two hundred Portuguese language publications focusing on Minas Gerais. This research was augmented by fieldwork observations and interviews completed over a twenty-five year period and includes original photographs, many taken by the author. *Hearing Brazil: Music and Histories in Minas Gerais* surveys the colonial past, the vast hinterland countryside, and the modern twenty-first century state capital of Belo Horizonte, the metropolitan region of which is today home to over six million. Diverse legacies are examined, including an Afro-Brazilian heritage, eighteenth and nineteenth-century liturgical music of the region's Minas Baroque, the instrument known as the viola, a musical profile of Belo Horizonte, and a study of the regionalist themes developed by the popular music collective, the Clube da Esquina. Corner Club, led by Milton Nascimento, with roots in the 1960s. *Hearing Brazil* champions the notion that Brazil's unique role in the world is further illustrated by regionalist studies presenting details of musical culture. Classical Music Alexander J. Morin, 2002. Encompassing more than five hundred classical composers, past and present, this listener's guide to classical music discusses the best recordings of symphonies, operas, choral pieces, chamber music, and more by the world's leading composers as performed by a variety of outstanding musicians and conductors, and includes essays on the classical repertoire, composers, instruments, and more. Original **The British Catalogue of Music**, 2004 **Early English Viols: Instruments, Makers and Music** Michael Fleming, John Bryan, 2016-11-18. Winner of the Nicholas Bessaraboff Prize. Musical repertoire of great importance and quality was performed on viols in sixteenth and early seventeenth-century England. This is reported by Thomas Mace, 1676, who says that "Your Best Provision for playing such music is a chest of old English viols" and he names five early English viol makers, than which there are no better in the world. Enlightened scholars and performers, both professional and amateur, who aim to understand and play this music, require reliable historical information and need suitable viols, but so little is known about the instruments and their makers that we cannot specify appropriate instruments with much precision. Our ignorance cannot be remedied exclusively by the scrutiny or use of surviving antique viols because they are extremely rare; they are not accessible to performers, and the information they embody is crucially compromised by degradation and alteration. Drawing on a wide variety of evidence, including the surviving instruments, music composed for those instruments, and the documentary evidence surrounding the trade of instrument making, Fleming and Bryan draw significant conclusions about the changing nature and varieties of viol in early modern England. **Television Series of the 1990s** Vincent

Terrace, 2018-06-07 In the 1990s the big three networks were being challenged by upstarts FOX and the WB for viewer loyalty. Alongside must-see stalwarts like *Frasier*, *Friends*, and *Seinfeld*, the new networks introduced pop culture touchstones like *Buffy the Vampire Slayer* and *The X-Files*. Such shows not only made household names of their stars but also thrived in syndication and some even graduated to the big screen. In that decade shows such as *ER*, *Everybody Loves Raymond*, and *Northern Exposure* were vying for awards while programs like *Beverly Hills 90210* and *Home Improvement* drew in millions of viewers each week. Even after these shows departed the airwaves they live on in syndication and on DVDs entertaining many generations of viewers.

In *Television Series of the 1990s: Essential Facts and Quirky Details*, Vincent Terrace presents readers with a cornucopia of information about sixty programs from the decade. For example, did you know that Ally McBeal's favorite brand of ice cream is Ben and Jerry's? Or that Hank Hill's shoe size is 12? Or that Carrie Bradshaw's favorite cookie is Double Stuff Oreos? These are just a handful of hundreds of fun and intriguing specifics found inside this volume. Programs from all of the major networks as well as select syndicated programs and HBO are represented here. This is not a book of opinions or essays about specific television programs but a treasure trove of facts associated with each show. From Niles Crane's IQ score to George Constanza's high score on *Frogger*, readers will discover a wealth of fascinating information that for the most part cannot be found elsewhere. In some cases, the factual data detailed herein is the only such documentation that currently exists on bygone shows of the era. *Television Series of the 1990s* is the ideal reference for fans of this decade and anyone looking to stump even the most knowledgeable trivia expert.

If It Swings, It's Music Gabe Baltazar, Theo Garneau, 2012-05-17 Hawai'i's legendary jazz musician Gabe Baltazar Jr. has thrilled audiences since the late 1940s with his powerful and passionate playing. In this, the first book on his life and career, Gabe takes readers through the highs, lows, and in-betweens on the long road to becoming one of the very few Asian Americans who has achieved worldwide acclaim as a jazz artist. At a young age, Gabe was encouraged by his father, an accomplished musician, to take up the clarinet and saxophone. As a teenager during World War II, Gabe performed with the Royal Hawaiian Band but spent his weekends playing in swing bands. After establishing himself in the West Coast jazz scene in 1960, he rose to prominence as lead alto saxophonist of the Stan Kenton Orchestra. Following a four-year stint with Kenton, Gabe worked as a valued studio musician, recording with Dizzy Gillespie, Oliver Nelson, and James Moody among others. In 1969, he returned to Honolulu and went on to become Hawai'i's premier jazz artist, a role he admirably fulfilled for over forty years. Even into his eighties, Gabe remained active in jazz education and performed regularly. Gabe's memorable encounters with some of the greatest names in jazz and popular entertainment will delight music fans, while readers of Hawai'i and Asian American life writing will find in this work a fond record of days past told with humor and heart.
