Songs With Music:

Still Songs: Music In and Around the Poetry of Paul Celan Axel Englund, 2016-04-01 What does it mean for poetry and music to turn to each other in the shadow of the Holocaust as a means of aesthetic self reflection How can their mutual mirroring of such paramount importance to German Romanticism be reconfigured to retain its validity after the Second World War These are the core questions of Axel Englund's book which is the first to address the topic of Paul Celan and music Celan a Jewish Holocaust survivor who has long been recognized as one of the most important poets of the German language persistently evoked music and song in his oeuvre from the juvenilia to the posthumous collections Conversely few post war writers have inspired as large a body of contemporary music including works by Harrison Birtwistle György Kurtág Wolfgang Rihm Peter Ruzicka and many others Through rich close readings of poems and musical compositions Englund's book engages the artistic media in a critical dialogue about the conditions of their existence In so doing it reveals their intersection as a site of profound conflict where the very possibility of musical and poetic meaning is at stake and confrontations of aesthetic transcendentalism and historical remembrance are played out in the wake of twentieth century trauma *Modern Music and Musicians for Vocalists: Modern art songs*, 1918 *Subject Headings Used in the Dictionary Catalogs of the Library of Congress* Library of Congress, Library of Congress.
