Songs Of Ecstasy Tantric And Devotional Songs From Colonial Bengal:

Songs of Ecstasy Hugh B. Urban, 2001 This book offers the first English translation of a body of highly esoteric mystical poetry and songs associated with the Khartabhajas a Bengali sect devoted to Tantrism The period from the late 18th to the early 19th century during which these lyrics were written was an era of change experimentation and transition from the older medieval styles to the new literary forms of modern Bengal The highly original songs presented here are an important part of this transitional period reflecting the search for new literary forms and experimentation in new poetic styles The Hindu Tantric World André Padoux, 2017-03-07 An accessible and authoritative study of the history rituals and sacred texts of Tantra as well as its place in the modern world Tantra occupies a unique position in Western understandings of Hindu spirituality Its carnal dimension has made its name instantly recognizable but this popular fascination with sex has obscured its philosophical depth and ritual practices to say nothing of its overall importance to Hinduism This book offers a clear well grounded overview of Tantra that offers substantial new insights for scholars and practitioners Andr Padoux opens by detailing the history of Tantra beginning with its origins founding texts and major beliefs The second part of the book delves more deeply into key concepts relating to the tantric body mysticism sex mantras sacred geography and iconography while the final part considers the practice of Tantra today both in India and in the West The result is an authoritative account of Tantra s history and present place in the world Praise for *The Hindu Tantric World* Padoux has long been recognized as one of the most important scholars of Tantra in the world He is universally recognized in the field as one of the most reliable and erudite guides to this complex controversial and often misrepresented tradition In *The Hindu Tantric World* Padoux presents an accessible clear and up to date introduction to the topic that demonstrates his mastery of the primary materials and his decades of scholarship Hugh Urban Ohio State University For the past forty years Padoux has been on the cutting edge of Tantric studies worldwide *The Hindu Tantric World* is quite simply the most comprehensive and accessible overview of Hindu Tantra ever written and the culmination of a lifetime of outstanding achievement David Gordon White University of California Santa Barbara *The Hindu Tantric World* presents a refreshingly critical balanced and concise survey of the field Doyen of Hindu Tantric studies Padoux translates the fruits of his decades of specialized research into an elegant and useful guidebook that helpfully situates these traditions within the broader fabric of South Asian religious culture Nowhere else can a general readership find such an accessible and state of the art treatment of the histories theories and practices of Tantric Hinduism Christian K Wedemeyer University of Chicago The Economics of Ecstasy Hugh B. Urban, 2001 Urban shows that the case of the Kartabhajas opens many new insights not merely into the specific case of one minor Bengali cult but also into much larger cross cultural and theoretical issues including the changing role of the lower class marginalized groups under the changing conditions of colonialism the changing role of Tantric traditions during the period of British rule and the topic of secrecy as a cross cultural category in the study of religion Urban s reflections on the ethical and epistemological dilemmas

involved in studying traditions that wish to remain secret will set a new standard for discussion of this controversial issue
