Sonic Interaction Design Karmen Franinovic, Stefania Serafin, 2013-03-22 An overview of emerging topics, theories, methods, and practices in sonic interactive design with a focus on the multisensory aspects of sonic experience. Sound is an integral part of every user experience, but a neglected medium in design disciplines. Design of an artifact's sonic qualities is often limited to the shaping of functional, representational, and signaling roles of sound. The interdisciplinary field of sonic interaction design (SID) challenges these prevalent approaches by considering sound as an active medium that can enable novel sensory and social experiences through interactive technologies. This book offers an overview of the emerging SID research, discussing theories, methods, and practices with a focus on the multisensory aspects of sonic experience. *Sonic Interaction Design* gathers contributions from scholars, artists, and designers working at the intersections of fields ranging from electronic music to cognitive science. They offer both theoretical considerations of key themes and case studies of products and systems created for such contexts as mobile music, sensorimotor learning, rehabilitation, and gaming. The goal is not only to extend the existing research and

pedagogical approaches to SID but also to foster domains of practice for sound designers architects interaction designers media artists product designers and urban planners Taken together the chapters provide a foundation for a still emerging field affording a new generation of designers a fresh perspective on interactive sound as a situated and multisensory experience Contributors Federico Avanzini Gerold Baier Stephen Barrass Olivier Bau Karin Bijsterveld Roberto Bresin Stephen Brewster Jeremy Coopersotck Amalia De Gotzen Stefano Delle Monache Cumhur Erkut George Essl Karmen Franinovi Bruno L Giordano Antti Jylh Thomas Hermann Daniel Hug Johan Kildal Stefan Krebs Anatole Lecuyer Wendy Mackay David Merrill Roderick Murray Smith Sile O Modhrain Pietro Polotti Hayes Raffle Michal Rinott Davide Rocchesso Antonio Rod Christopher Salter Zack Settel Stefania Serafin Simone Spagnol Jean Sreng Patrick Susini Atau Tanaka Yon Visell Mike Wezniewski John Williamson
