The Cull Tony Park, 2017-08-01 Former mercenary Sonja Kurtz is hired to set up an elite anti poaching unit From South Africa to the Serengeti in Tanzania Sonja's fighting a war on many fronts against enemies known and unknown British business tycoon Julianne Clyde Smith will do anything to save Africa's endangered wildlife including setting up an elite anti poaching squad Hiring Sonja Kurtz to head up the covert strike force Julianne gives the former mercenary whatever she needs to take down Africa's poaching kingpins As the body count rises it becomes harder for Sonja and her team to stay under the radar When her former flame safari guide and private investigator Hudson Brand is hired to investigate the death of an alleged poacher Sonja is forced to ask herself if Julianne's wildlife crusade has gone too far As the investigation deepens it becomes increasingly apparent that a shadowy underworld syndicate known as the Scorpions are pulling the strings behind Africa's poaching epidemic Just as Julianne is intent on wiping out poaching so too are the Scorpions concentrating on taking out the

women who stand in their way Everyday Matters in Science and Mathematics Ricardo Nemirovsky, Ann S. Rosebery, Jesse Solomon, Beth Warren, 2004-12-13 This book re-examines the dichotomy between the everyday and the disciplinary in mathematics and science education and explores alternatives to this opposition from points of view grounded in the close examination of complex classroom events. It makes the case that students' everyday experience and knowledge in their entire manifold forms matter crucially in learning sciences and mathematics. The contributions of 13 research teams are organized around three themes: 1 the experiences of students in encounters with everyday matters of a discipline; 2 the concerns of curriculum designers including teachers as they design activities intended to focus on everyday matters of a discipline; and 3 the actions of teachers as they create classroom encounters with everyday matters of a discipline. As a whole, the volume reflects the shift in the field of educational research in recent years away from formal structural models of learning toward emphasizing its situated nature and the sociocultural bases of teaching and learning. At least two trends increasing awareness that formal theories can be useful guides but are always partial and provisional in how they disclose classroom experiences and the widespread availability of video and audio equipment that enables effortless recording of classroom interactions have reoriented the field by allowing researchers and teachers to look at learning starting with complex classroom events rather than formal theories of learning. Such examinations are not meant to replace the work on general theoretical frameworks but to ground them in actual complex events. This reorientation means that researchers and teachers can now encounter the complexity of learning and teaching as lived human meaning-making experiences. Immersion in this complexity compels rethinking assumptions about the dichotomies that have traditionally organized the field's thinking about learning. Further, it has important implications for how the relationship between theory and practice in understanding teaching and learning is viewed. Everyday Matters in Science and Mathematics: Studies of Complex Classroom Events is an important resource for researchers, teacher educators, and graduate students in mathematics and science education and a strong supplemental text for courses in these areas and also in cognition and instruction and instructional design.

Handbook of Race and Refusal in Higher Education Kenji T. Watson, Nora Cisneros, Lindsay Pérez Huber, Verónica Vélez, 2024-05-02 This cutting-edge Handbook goes beyond discourses of equity, inclusion, and diversity, carving a space for critical discussions about the relationships between Black Indigenous People of Color (BIPOC) and the university. In doing so, it forges new paths and alternative conceptual starting points to consider in making a commitment to social justice in higher education. **Stories for the Gathering** William R. White, 1997 For gatherings large or small, this new collection of Christian-related stories assembled by a well-known storyteller will capture the interest and imagination of any listener. More than 50 traditional and contemporary stories are arranged by theme in a treasury to add depth and wonder to gatherings in the home and in church. **Fish Story** Richard Hoyt, October in Seattle a dreary, drizzly time of year and it doesn't help that private eye John Denson's favorite hangout, the Pig's Alley, is being converted into a fancy French restaurant. Things are worse

for Denson's good friend and darts partner Willie Prettybird. A salmon fisherman by trade in business with his brother Rodney, Willie is nervous about a lawsuit they've brought to gain treaty fishing rights for the Cowlitz Indian tribe, an action that has made the Prettybirds a few powerful enemies among the sport and commercial fishing interests, notably Foxx Jensen and Doug Egan. What worries Willie even more is that somebody is threatening his pretty sister Melinda by beating up her boyfriends. Denson volunteers to look into Melinda's problem, which at first seems a simple case of a jealous ex-husband, though Mike Stark doesn't really fit the part. But when the federal judge in the Cowlitz suit is reported missing and when neatly butchered cuts of human flesh begin mysteriously to turn up in a downtown park, Denson realizes he's cast his net into deep and dangerous waters. The Seattle police hope that a sophisticated computerized scanner trained on the park vicinity will discover case-breaking evidence. Denson, his methods less fancy, pursues his own unconventional course, helped on his offbeat way by a motley ensemble: a beautiful and brainy lawyer, a renegade cop with a grudge, and the wacky owner of Juanita's Doie Bar, Denson's new home away from home. It is a case full of fish stories, and Denson's job is to find out who the liars are. With a shocking climax set in a spooky labyrinth underneath Seattle's sidewalks, it is surely the grisliest and most bizarre case of John Denson's eccentric career. The Denson books, sophisticated, well-written, and excellent examples of the genre. *The New York Times Book Review* **Whoo?** Richard Hoyt, 2020-06-03. When Denson undertakes to clear a Washington State client of a small-time marijuana charge, he finds himself in spotted owl country, that tiny denizen of first-growth timber is up against the logging industry. What will it be: endangerment of a species or the loss of thousands of jobs? Now a spotted owl is found murdered, strangled, to be precise. Denson's sometime partner Willie Prettybird, a Cowlitz Indian who may or may not be a shaman, tells Denson that the Spirit Animals want him to investigate the killing, and things get cosmic. Especially since the corpus delicti seems to have been misplaced. Beautiful Jennie MacIvar of the Fish and Wildlife Service saw the dead owl before it vanished and is determined to find the killer. But then she is murdered. Her death hits Denson right in the heart. What seemed a simple little marijuana case turns into a hunt for a vicious killer who may have targeted Denson himself as the next victim. **RICHARD HOYT'S John Denson Mysteries** are sophisticated, well-written, and excellent examples of the genre. *The New York Times*. Now John Denson faces the toughest challenge of his career. *Decoys* Richard Hoyt, Starring a Sam Spade for the eighties, the world's first soft-boiled sleuth. I did it because of Sam Spade. I felt part of a tradition of romantic freelance wise guys. John Denson is a private eye for the eighties, the world's first soft-boiled sleuth. He washes down his raw vegetables with screw-top wine, refuses to pack a rod, is a pigeon for a beautiful woman with a problem, and lives by the honor code of detectives from another era. So when a tough-talking and stunning female private eye challenges him to a high-stakes wager concerning a string of brutal murders, John can't resist. He finds himself in the bizarre and deadly shadow worlds of prostitution and smuggling as he scrambles to tie up the case, keep his sense of humor, and his head intact, and impress the lady at the same time. Snappy and amusing dialogue and a plot with enough provocative twists
