Sor Juana And Other Plays:

Sor Juana and Other Plays Estela Portillo Trambly, 1983 These plays explore different facets of the human experience the dilemma of the mojado human vulnerabilities in the search for a way to overcome death the alienation of the Hispanic family amidst economic hardships and personal crises and the existential conflicts of Mexico's most celebrated feminist thinker Sor Juana Inés de la Cruz The Three Secular Plays of Sor Juana Inés de la Cruz Guillermo

Schmidhuber, 2021-12-14 Sor Juana Inés de la Cruz 1648-1695 wrote poetry prose and plays and is considered the greatest of Mexican women writers She was an intellectual prodigy reportedly mastering Latin in twenty lessons and at sixteen she entered a convent so that she might continue her learning One of the most influential early feminists in the New World she answered a bishop's criticism in a letter that has become a classic defense of the education of women She collected a private library of 4 000 volumes but when she was told that her studies were delaying the progress of her spiritual education she gave away her books and devoted herself to religious studies Traditionally scholars have attributed only one complete play to Sor Juana but in 1989 Guillermo Schmidhuber discovered a lost play The Second Celestina which he proved conclusively to be Sor Juana's earliest comedia co-authored with Agustín Salazar y Torres Schmidhuber's critical study is the first dedicated exclusively to the secular plays and the first to confirm Sor Juana's authorship of three dramatic pieces Combining literary history and criticism Schmidhuber explores the life and originality of Sor Juana's dramas and helps elucidate her enigmatic genius Though Sor Juana's work as a poet and intellectual has received increasing attention in the last decade writing about her has rarely taken into account her role as dramatist Schmidhuber helps correct this critical imbalance by examining Sor Juana's plays in light of dramatic theory He finds elements of both mannerist and baroque theater in her work sometimes both within the same play **The Golden Thread and other Plays** Emilio Carballido, 2013-12-06 Emilio Carballido was one

of the most innovative and accomplished of Mexico's playwrights and one of the outstanding creators in the new Latin American theater By his mid forties he had already produced an impressive body of works in two very different veins On the one hand he mastered the techniques of the well made play On the other he developed a richly rewarding vein of fantasy sometimes poetic sometimes comic sometimes macabre and sometimes all three The plays in this volume are in the latter vein ranging from surrealist farce in The Intermediate Zone to the grotesqueries of The Time and the Place from tragicomedy in Theseus to the dreamlike permutations of The Golden Thread But even at his most fantastic Carballido never loses his remarkable gift for characterization his peevish Minotaur his raffish Nahual were jaguar are wholly believable monsters

Between Two Worlds: The autos sacramentales of Sor Juana Inés de la Cruz Amy Fuller, 2015-06-12 The seventeenth century Mexican poet playwright and nun Sor Juana Inés de la Cruz is best known for her secular works most notably her damning indictment of male double standards Hombres necios Stupid Men However her autos sacramentales allegorical one act plays on the Eucharist have received little attention and have only been discussed individually and out of

sequence By examining them as a collection in their original order their meaning and importance are revealed The autos combine Christian and classical pagan imagery from the Old World with the conquest and conversion of the New World As the plays progress the mystery of Christ s greatest gi ft to mankind is deciphered and is mirrored in Spain s gi ft of the True Faith to the indigenous Mexicans Sor Juana s own image is also situated within this baroque landscape presented as a triumph of Spanish imperialism an exotic muse between two worlds

Migrant Song Teresa McKenna, 2010-07-05 Migration and continuity have shaped both the Chicano people and their oral and written literature In this pathfinding study of Chicano literature Teresa McKenna

specifically explores how these works arise out of social political and psychological conflict and how the development of Chicano literature is inextricably embedded in this fact McKenna begins by appraising the evolution of Chicano literature from oral forms including the important role of the corrido in the development of Chicano poetry In subsequent chapters she examines the works of Richard Rodriguez and Rolando Hinojosa She also devotes a chapter to the development of the Chicana voice in Chicano literature Her epilogue considers the parallel development of Chicano literary theory and discusses some possible directions for research In McKenna's own words I believe that the future of this literature as that of all literatures by people of color in the United States rests largely on its being effectively introduced into the curricula at all levels as well as its entrance into the critical consciousness of literary theory This book will be an important step in that process
