Soul Searchers:

The Last of the Soul Searchers David W. Ashby, 2021-04-16 Shaun MacGregor is a complex man who struggles with alcoholism and relationships with women. He becomes involved in a battle for the control of Earth. Groomed by his mentor John Running Bull, Shaun assists the alien Arcturians in saving humanity from the evil Annunaki. With his psychic abilities, Shaun mediates the transformation of evil humans controlled by the Annunaki, changing monsters into harmless clones by presenting them to the Arcturians for adjustments to their souls. Shaun's stepfather, Mike Mad Dog MacGregor, who appears as a human, is the supreme leader of the Annunaki. A retired Air Force colonel, Mad Dog plots to wipe out humanity so that his people may colonize Earth. The colonel has long viewed Shaun as his nemesis because Shaun is a Nephilim, half human and half Arcturian. He soon threatens Shaun's existence. With the help of John Running Bull and the ex-Annunaki cyborg Bart, Shaun and his new love interest Vicki kayak sixty miles to the point deep in the Red River Gorge area in Eastern Kentucky where they are extracted to safety. Along the way down the river, the group experiences many dangers, including learning of the Annunaki's plan to wipe out humanity by transforming the Earth's atmosphere so that it is unable to support human life by replacing oxygen with methane gas and carbon dioxide, perfect for the Annunaki. Human activities such as hydraulic fracturing and fossil fuel consumption have long been wrecking the Earth, but the process is taking too long. Nubira, home planet of the Annunaki, is rapidly being destroyed as their sun turns into a supernova. In addition to speeding up the destruction of the planet, Mad Dog MacGregor urges his cohorts to release a virus via their Annunaki Manchurian candidate in Wuhan, China, thus expediting the complete demise of the human species. Extraction is complete when Shaun and Vicki escape by jumping off Seventy Six Falls near Lake Cumberland in Kentucky. There, the pair are forced into a wormhole that deposits them into the decade of the 1950s. Such time travel is the Arcturians' version of a cosmic witness protection plan. When Shaun and Vicki arrive in the 50s, their identities are altered but not their souls. Shaun becomes a famous writer and uses his influence for good. Finally, Shaun makes it back to the year 2020 and is faced with horrors that threaten his sanity and threaten his ability to protect humanity from the evils of the Annunaki. Will Shaun survive long enough to save the planet, or will he become just another instrument in the Annunaki conquest of earth?

Soul Search David Darling, 2012-08 What happens when we die Does everything we are just stop Is consciousness lost forever Or does some vital spark inside us a spirit or a soul live on We find it almost impossible to think about not having a mind of our awareness being snuffed out like a candle Yet the stark fact is that within a century or so everyone alive today all six billion of us will be dead Humans are the only creatures on earth that know they are going to die But that foreknowledge has come fairly recently and it flies in the face of four billion years of evolution Those eons have genetically conditioned us to do all we can to preserve ourselves and our kin The result is that we are caught in a dilemma We are programmed to survive by our genes yet made painfully aware of our mortality by our forward looking brain If we admit that death is inevitable then our will to survive may be fatally weakened On the other hand if we deny death we have to turn a blind eye to a patent fact of the real world Only one avenue of escape is possible belief in an afterlife With this we can face the nightmare that death poses to the rational mind We distance ourselves from death by institutionalizing it Whereas in earlier times most people spent their last days at home in the bosom of family and friends today four fifths of us are removed to hospitals or nursing homes We are hidden from the gaze of the young and healthy and tended to by strangers As the end approaches we are discreetly moved to wards for the terminally ill and plugged into life support machines Technology takes over And when we do eventually die it is often the inadequacy of the equipment or the shortcomings of the treatment that are blamed Instead of accepting death as a natural and inevitable fact of life we are in danger of convincing ourselves that given further medical advances we shall be able to stave it off for as long as we like Some people want to achieve immortality through their works or their descendants said Woody Allen I want to achieve it through not dying Now for the first time science seems to be holding out the slender hope of cheating death Already some of our vital parts can be replaced with natural or synthetic substitutes In time it seems the transplant surgeon will be able to do for a human being what any competent mechanic in a well equipped garage can do for a car

The World an Inn; Or, the Soul's Search After Divine Knowledge. An Allegory. Sixth Edition Ann Clarke, 1835

Soul-Side Out Summer Bozohora, 2019-03-06 *Soul Side Out* is about healing. It is time. It is time to shift our human perspective and hear the call from universal consciousness. The call is asking that we move away from the violent approach of drugging, numbing, masking, fighting, or surgically removing what is perceived as not working in the mind or body. It is about universal laws of healing from the inside out that can be applied to your life that are described in this book. It is a way to be most present, a way to transcend the time-space reality and experience the wave function, the aspect of our mind that knows and identifies with oneness, unity, and unconditional love that transforms and heals. Through this book, you are invited to relearn the language of your soul and shift your perspective of frustration and fear to interest, curiosity, and trust.
