Jeffcoat, 2006-03 In his first book Spirited Americans A E Jeffcoat celebrated America's optimists the people who gave this country its character and greatness He follows it with Soul Searching an affirmation of Christian faith through the testimony of pilgrims who have borne witness to its historical traditions Today those who turn to God to help them deal with the challenges of a world without a moral compass will derive comfort from treading the same path as Einstein Schweitzer and Mother Teresa Others who have lost their faith or never found it can look for encouragement in the lives of latecomers such as Tolstoy and Malcolm Muggeridge discovering as did Simone Weil that any step toward God is a good step The legacy of Thomas Jefferson and the examples of such leaders as Hamilton Lincoln and the two Roosevelts will challenge those who question whether faith has a place in our secular polity Learn the power of faith and the durability of Christianity in Soul Searching

Soul Searching : The Religious and Spiritual Lives of American Teenagers Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole

Who Do You Say That I Am? Michael Root, James J. Buckley, 2014-09-03 No question is more central to Christian living preaching and theology than Jesus question to his disciples Who do you say that I am Some would have it that pastors and theologians biblical exegetes and historians dogmatic and moral theologians Catholic and Evangelical have more differences than similarities in the way Christians with such diverse vocations respond to Jesus question And there is little doubt that there sometimes seem to be unbridgeable gulfs between the way historians and believers Internet gossipers and preachers classical christological debates and present day praying and pastoral care implicitly or explicitly address the Lord s question But the authors here address these and other issues in ways that are remarkably convergent as if a Catholic and Evangelical theology for proclaiming and following Jesus today has emerged or is indeed emerging

Ayers, 2022-06-01 Equipping the church to recover from sexual confusion In *After the Revolution* David J Ayers provides the Christian heirs of the sexual revolution a resource to understand their challenges and social context to find a way forward Drawing on social sciences and history Ayers traces recent worldview shifts in North America and Europe The historic Christian understanding of sex and marriage has been supplanted And sexual confusion has infiltrated the church especially influencing younger Christians The church can uniquely and compassionately support sexual faithfulness and flourishing but we need to reject formulas surefire methods and judgmentalism Instead we must recover a positive vision for Christian sexuality singleness and marriage that is firmly grounded in God s word

Southern by the Grace of God Megan Hunt, 2024-11 Like the media coverage of the civil rights era itself Hollywood dramas have reinforced regional stereotypes of race class and gender to cleanse and redeem the wider nation from the implications of systemic racism As *Southern by the Grace of God* reveals however Hollywood manipulates southern religion in particular to further enhance this pattern of difference and regional exceptionalism consistently displacing broader American racism through a representation of the poor white southerner who is as religious as he and it is always a he is racist By foregrounding the role of religion in these characterizations Megan Hunt illuminates the pernicious

intersections between Hollywood and southern exceptionalism a long standing U S nationalist discourse that has assigned racial problems to the errant South alone enabling white supremacy to not only endure but reproduce throughout the nation Southern by the Grace of God examines the presentation and functions of Protestant Christianity in cinematic depictions of the American South Hunt argues that religion is an understudied signifier of the South on film used with varying degrees of sophistication to define the region s presumed exceptionalism for regional national and international audiences Rooted in close textual analysis and primary research into the production and reception of more than twenty Hollywood films that engage with the civil rights movement and or its legacy this book provides detailed case studies of films that use southern religiosity to negotiate American anxieties around race class and gender Religion Hunt contends is an integral trope of the South in popular culture and especially crucial to the divisions essential to Hollywood storytelling

Religion and Hip Hop
Monica R. Miller, 2012-10-12 Religion and Hip Hop brings together the category of religion Hip Hop cultural modalities and the demographic of youth Bringing postmodern theory and critical approaches in the study of religion to bear on Hip Hop cultural practices this book examines how scholars in religious and theological studies have deployed and approached religion when analyzing Hip Hop data Using existing empirical studies on youth and religion to the cultural criticism of the Humanities Religion and Hip Hop argues that common among existing scholarship is a thin interrogation of the category of religion As such Miller calls for a redescription of religion in popular cultural analysis a challenge she further explores and advances through various materialist engagements Going beyond the traditional and more common approach of analyzing rap lyrics from film dance to virtual reality Religion and Hip Hop takes a fresh approach to exploring the paranoid posture of the religious in popular cultural forms by going beyond what is religious about Hip Hop culture Rather Miller explores what rhetorical uses of religion in Hip Hop culture accomplish for various and often competing social and cultural interests
