Afro-Latin Soul Music and the Rise of Black Power Cosmopolitanism Matti Steinitz, 2024-12-30 Whereas research on the global impact of US African American culture and politics and transnational connections in the African Diaspora has increased significantly since the release of Gilroy's Black Atlantic the hemispheric dialogues between black communities in the US and Latin America have remained somewhat understudied until now Focusing on the role of Soul music for the popularization of the Black Power movement in Afro Latin American contexts in the 1960s and 1970s this book aims to contribute to a better understanding of the networks of solidarity that connected geographically and linguistically distant afro diasporic communities in their struggles for emancipation and against the diverse manifestations of white supremacy that have shaped societies throughout the Americas in the 20th century Drawing on field research and interviews with musicians DJs and activists in New York Rio de Janeiro and Panama this multi sited study traces the inter American flows of Soul music in diverse Afro Latin American contexts Crossing boundaries between African American and Latin American Studies this book opens new perspectives to scholars of Black Transnationalism music and social movements in the African diaspora of the Americas

Black Power Music! Reiland Rabaka, 2022-06-13 Black Power Music Protest Songs Message Music and the Black Power Movement critically explores the soundtracks of the Black Power Movement as forms of movement music That is to say much of classic Motown soul and funk music often mirrored and served as mouthpieces for the views and values as well as the aspirations and frustrations of the Black Power Movement Black Power Music is also about the intense interconnections between Black popular culture and Black political culture both before and after the Black Power Movement and the ways in which the Black Power Movement in many senses symbolizes the culmination of centuries of African American politics creatively combined with and ingeniously conveyed through African American music Consequently the term Black Power music can be seen as a code word for African American protest songs and message music between 1965 and 1975 Black Power music is a new concept that captures and conveys the fact that the majority of the messages in Black popular music between 1965 and 1975 seem to have been missed by most people who were not actively involved in or in some significant way associated with the Black Power Movement

Soul Power Cynthia A. Young, 2006-11-01 Soul Power is a cultural history of those whom Cynthia A Young calls U S Third World Leftists activists of color who appropriated theories and strategies from Third World anticolonial struggles in their fight for social and economic justice in the United States during the long 1960s Nearly thirty countries in Africa Asia and Latin America declared formal independence in the 1960s alone Arguing that the significance of this wave of decolonization

to U S activists has been vastly underestimated Young describes how literature films ideologies and political movements that originated in the Third World were absorbed by U S activists of color She shows how these transnational influences were then used to forge alliances create new vocabularies and aesthetic forms and describe race class and gender oppression in the United States in compelling terms Young analyzes a range of U S figures and organizations examining how each deployed Third World discourse toward various cultural and political ends She considers a trip that LeRoi Jones Harold Cruse and Robert F Williams made to Cuba in 1960 traces key intellectual influences on Angela Y Davis s writing and reveals the early history of the hospital workers 1199 union as a model of U S Third World activism She investigates Newsreel a late 1960s activist documentary film movement and its successor Third World Newsreel which produced a seminal 1972 film on the Attica prison rebellion She also considers the L A Rebellion a group of African and African American artists who made films about conditions in the Watts neighborhood of Los Angeles By demonstrating the breadth vitality and legacy of the work of U S Third World Leftists Soul Power firmly establishes their crucial place in the history of twentieth century American struggles for social change

The Business of Black Power Laura Warren Hill, Julia Rabig, 2012 Explores business development in the Black power era and the centrality of economic goals to the larger black freedom movement The Business of Black Power emphasizes the centrality of economic goals to the larger black freedom movement and explores the myriad forms of business development in the Black power era This volume charts a new course for Black power studies and business history exploring both the business ventures that Black power fostered and the impact of Black power on the nation s business world Black activists pressed business leaders corporations and various levels of government into supporting a range of economic development ventures from Black entrepreneurship to grassroots experiments in economic self determination to indigenous attempts to rebuild inner city markets in the wake of disinvestment They pioneered new economic and development strategies often in concert with corporate executives and public officials Yet these same actors also engaged in fierce debates over the role of business in strengthening the movement and some African Americans outright rejected capitalism or collaboration with business The ten scholars in this collection bring fresh analysis to this complex intersection of African American and business history to reveal how Black power advocates or those purporting a Black power agenda engaged business to advance their economic political and social goals They show the business of Black power taking place in the streets boardrooms journals and periodicals corporations courts and housing projects of America In short few were left untouched by the influence of this movement Laura Warren Hill is assistant professor of history at Bloomfield College Julia Rabig is a lecturer at Dartmouth College

Markle, 2017-08-01 Between 1964 and 1974 Tanzania came to be regarded as a model nation and a leading frontline state in the struggle for African liberation on the continent and beyond During this time a number of African American and Caribbean nationalists leftists and pan Africanists traveled to and settled in Tanzania to join the country that many believed to be leading Africa's liberation struggle This historical study examines the political landscape of that crucial moment when African American Caribbean and Tanzanian histories overlapped shedding light on the challenges of creating a new nation and the nature of African American and Caribbean participation in Tanzania's nationalist project In examining the pragmatic partnerships and exchanges between socialist Tanzania and activists and organizations associated with the Black Power movements in the United States and the Caribbean this study argues that the Tanzanian one party government actively engaged with the diaspora and sought to utilize its political cultural labor and intellectual capital to further its national building agenda but on its own terms creating tension within the pan Africanism movement An excellent resource for academics and nonacademics alike this work is the first of its kind revealing the significance of the radical political and social movements of Tanzania and what it means for us today **The Culture War in the Civil Rights Movement** Joe Street, 2017-07-21 Offers a lively well informed and perceptive analysis of the links between the postwar African American freedom struggle and various forms of black cultural expression and organizing **The Soul of Film Theory** S. Radical Play Rob Goldberg,2023-07-28 In *Radical Play* Rob Goldberg recovers a little known history of American children s culture in the 1960s and 1970s by showing how dolls guns action figures and other toys galvanized and symbolized new visions of social racial and gender justice From a nationwide movement to oppose the sale of war toys during the Vietnam War to the founding of the company Shindana Toys by Black Power movement activists and the efforts of feminist groups to promote and produce nonsexist and racially diverse toys Goldberg returns readers to a defining moment in the history of childhood when politics parenting and purchasing converged Goldberg traces not only how movement activists brought their progressive politics to the playroom by enlisting toys in the era s culture wars but also how the children s culture industry navigated the explosive politics and turmoil of the time in creative and socially conscious ways Outlining how toys shaped and were shaped by radical visions Goldberg locates the moment Americans first came to understand the world of toys from Barbie to G I Joe as much more than child s play

The Hip Hop Movement Reiland Rabaka,2013-04-04 The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement The Hip Hop Movement explores what each of these musics and movements contributed to rap neo soul hip hop culture and the broader Hip Hop Movement Ultimately this book s remixes as opposed to chapters reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social political and cultural movement With this in mind sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics social visions and cultural values of a contemporary multi issue movement the Hip Hop Movement Rabaka argues that rap music hip hop culture and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals blues ragtime jazz rhythm blues rock roll soul and funk and previous black popular movements such as the Black Women s Club Movement New Negro Movement Harlem Renaissance Civil Rights Movement
