The Sacred Art of Soul Making Joseph Naft, 2006-06 Deep within each of us dwells the source of peace purpose and love Yet we live in the chaotic dissonance of the superficial layers of our hearts and minds A sea of the most precious spiritual energies surrounds us inside and out yet our thirst remains unquenched our souls malnourished and unformed from the Introduction Bridging East and West *The Sacred Art of Soul Making* addresses the central questions of spiritual practice with the depth and subtlety they require and with unexpected clarity As Westerners raised in Christianity or Judaism progress in their Eastern practices they often find themselves drawn back toward their own religious roots and the search for the Divinity They may rediscover their need for a personal relationship with the Divine for the practice of prayer openness to conscience and the understanding of will found in the monotheistic religions Many people have not engaged Eastern meditative practices out of devotion to their own religion Those may well find the inner work forms of presence and meditation stripped of cultural trappings to be important adjuncts to the practice of prayer helping open the way to the sacred depths sought in Western religions This authentic substantive and multi faceted spirituality for our time begins where we are and ultimately takes us beyond consciousness toward the abode of the sacred That sacredness can touch and transform each of us if we make the necessary devoted effort This book helps make that possible [The Spiritual Event of the Twentieth Century](#) Yeshayahu (Jesaiiah) Ben-Aharon, 2025-05-05 On the eve of the 33rd anniversary of its publication *The Spiritual Event of the Twentieth Century* remains an exceptional work On the one hand the author offers a pioneering first hand testimony of Rudolf Steiner's prophetic statements regarding the new Christ Revelation On the other he presents his own findings based on Imaginative consciousness of the Spiritual Event of the Twentieth Century Ben Aharon gives a unique account of events that took place in the spiritual world during the fateful twelve year period from 1933 to 1945 encompassing the rise to power of National Socialism and culminating in the end of the Second World War Through coming to a fully conscious understanding of this Spiritual Event we can gain the courage needed to renew and enliven the spiritual science of anthroposophy as the universal human language of our age In addition to his description of the Century's Event

the author discusses The New Soul Faculties The Relation Between Supersensible and Physical Events The Rebirth of Anthroposophy since the End of the Twentieth Century and Anthroposophy as the Living Language of the Present His words have a particular significance for the grouping of souls which the spiritual scientist Rudolf Steiner referred to as the Michael School This third edition features a thoroughly revised and extended Preface Introduction and auxiliary chapters updated out of the signs of the present time

Soul Retrieval Joanna Neff, 2006-07-26 With clients in 25 States and in Australia Canada British Columbia Ontario and Vancouver El Salvador England Germany India Ireland Singapore Trinidad Tobago West Indies author Joanna Neff does higher dimensional soul retrieval and soul clearance sessions from her home in Boulder Colorado USA Soul Retrieval Return to Wholeness provides the context gathered from a decade of channeled sessions for why and how this energetic approach to soul retrieval works The book also offers a glimpse of the author's own soul retrieval process including past life merging excerpts from private and public sessions and actual exercises from soul retrieval workshops Why Must Soul Retrieval Be Done During profound stress pain or other trauma human beings often experience what is called soul loss meaning the loss of aspects of one's soul Such events as loss of a loved one automobile accident surgery addiction combat trauma abortion or miscarriage and physical abuse are the prime causes When a soul is fragmented one may no longer remember the details of the traumatic incidents that caused the fragmentation The lost soul aspect has taken those memories with it When a soul part leaves it may also take with it a measure of one's vitality The more severe the trauma the more life force is depleted People who have lost soul aspects may suffer chronic illnesses in childhood as a result of this reduced life force One example of soul fragmenting occurs because of childhood sexual abuse Here parts of the soul literally leave because the event is too painful If the soul fragmentation is severe enough such illnesses as schizophrenia may occur Because the integrity of the parts to the whole is broken down recovery is seen as an impossibility Further the will may become vulnerable to negative entity attachment Having fragments remain unincorporated between lifetimes affects karma because issues encapsulated in the consciousness of those fragments remain unresolved In addition if we remain unconscious of our other multi-incarnational lives we bring them with us to our next incarnation hopefully to awaken us to the reality that they're out there Shamanic Soul Retrieval Soul fragments rarely can return without assistance Virtually without exception however when one does an internet search on soul retrieval page after page comes up listing shamanic soul retrieval as the available option A time honored and proven method shamanic soul retrieval has benefited many and is still appropriate for certain people However many have experienced that the shamanic method is much slower and can be quite uncomfortable With this method you undergo a linear process a shamanic journey and then over time the psychological and emotional integration of the parts Once the soul retrieval is done however the client may be left to go through the rigors of soul integration alone The reason is that with shamanic soul retrieval the work is primarily physical and psychological Therefore the restructuring is really going on in your psychological consciousness that is personality consciousness not at the Soul level

This is a primary reason why clients come to the author for higher dimensional soul retrieval after they have received shamanic soul retrieval Book Testimonials I have read your website and concur with much of what you write there I took soul retrieval training through the Foundation for Shamanic Studies As the result of my own soul retrieval work personally as well as with clients I have found out the same things as you that the shamanic way can be slow and painful Often past life work beliefs work or other extra healing work need to be done Maryphyllis Horn Shamanic Practitioner MEd CMHt CTFTRev Reconnection Practitioner Pittsboro NC author of Soul Integration A Shamanic Path To Freedom And Wholeness I am becoming a hypnotherapist and after working with you and Melora a couple months ago I thought I would write say that I feel the two sessions I ve had with you over three years have been the most significant single point of healing I ve ever experienced I d also like to thank you for helping me intellectually realize that time does not exist by bringing a future self to heal me in my current consciousness Lyn Johnson Denver CO

The Spiritual Event of the Twentieth Century Jesaiah Ben-Aharon,2014-07-11 Utilizing spiritual scientific research methods Jesaiah Ben Aharon gives an astonishing first hand testimony of Rudolf Steiner s declarations regarding the new Christ Revelation and offers his own findings on the Spiritual Event of the Twentieth Century Based on occult Imaginative consciousness he gives a unique account of events which took place in the spiritual world during the war and turmoil on earth in the period 1933 45 His words have a particular significance for an understanding of the work of the grouping of souls which the seer and spiritual teacher Rudolf Steiner called the Michael School Through coming to a fully conscious comprehension of the Spiritual Event of the Twentieth Century the author asserts we may gain the courage needed to renew and enliven the spiritual science of Anthroposophy as the universal human language of our age This second edition features an extensive introductory essay

Freedom & Growth (Routledge Revivals) Edmond Holmes, 2016-09-13 First published in 1923 this book collects together sixteen essays written between 1912 and 1922 that reflect how the author's views on education became increasingly interwoven with their views on things in general with half dealing with each subject Reflecting this interweave they are arranged chronologically rather than by subject due to their unity of conviction and purpose The author argues that the question Is man free to direct the process of his own growth naturally follows from the question Is man a free agent Thus if freedom is inextricably linked to growth it becomes of paramount interest to the teacher and is explored here under a broad range of topics
