**Closure: Finding Polly** B.R. McCoy,2012-05-02 Closure is a very quiet place in our hearts and minds where we sometimes search for peace and finality We often seek closure when tragedy rips at the very core of our heart forever devastating our lives and the precious lives of our family and friends We must realize that achieving closure is ours and only ours It is not in truth the property of the agony that we experience It is that innate pain that comes from very deep inside us and if we let it it will surely consume us Closure is in our heart of hearts and our intelligible understanding of what weve had to endure and why Please remember it is not what happens to us but how we construe what happens to us that will initially determine our emotions our behaviors and ultimately our mental state of mind Nevertheless if the faith within is not unyielding sadly most will spend their entire fractured lives in search of it From my heart to yours B R McCoy

**The Streets Belong to Us** Anne Gray Fischer,2022-01-11 Police power was built on women s bodies Men especially Black men often stand in as the ultimate

symbol of the mass incarceration crisis in the United States Women are treated as marginal if not overlooked altogether in histories of the criminal legal system In *The Streets Belong to Us* a searing history of women and police in the modern United States Anne Gray Fischer narrates how sexual policing fueled a dramatic expansion of police power The enormous discretionary power that police officers wield to surveil target and arrest anyone they deem suspicious was tested legitimized and legalized through the policing of women s sexuality and their right to move freely through city streets Throughout the twentieth century police departments achieved a stunning consolidation of urban authority through the strategic discretionary enforcement of morals laws including disorderly conduct vagrancy and other prostitution related misdemeanors Between Prohibition in the 1920s and the rise of broken windows policing in the 1980s police targeted white and Black women in distinct but interconnected ways These tactics reveal the centrality of racist and sexist myths to the justification and deployment of state power Sexual policing did not just enhance police power It also transformed cities from segregated sites of urban vice into the gentrified sites of Black displacement and banishment we live in today By illuminating both the racial dimension of sexual liberalism and the gender dimension of policing in Black neighborhoods *The Streets Belong to Us* illustrates the decisive role that race gender and sexuality played in the construction of urban police regimes **Hurricane**
