Nicholas Kotar,2020-02-24 What if you could find all the answers to the problems of modern life in the wisdom of the past We live in a strange time Perpetually distracted and increasingly over medicated we still think we are in the most progressed people in history But scratch the surface and you ll see that our world is like a house built on sand We put much of our faith in science even as more and more of the truths we equate with scientific fact come under scrutiny The lack of repeatability of many experiments is a modern science s dirty little secret And much of what can be verified it turns out often merely confirms what history literature and religion have already taught us And so many people are turning to the past for comforting wisdom to inform the future This book is an exploration of the rich folk culture of Russia s past From songs of lamentation at funerals to the rules for naming a prince you ll find a fascinating glimpse into a world that is alien on the surface but familiar at its heart Reading it in light of modern life you can t help but be astounded at how much wisdom the Russian folk gathered through centuries and millennia of passed time and experience Who knows Maybe the answers to some of your life s pressing issues are found in the age long traditions explored in A Window to the Russian Soul Find out by buying A Window to the Russian Soul today
