Modern Esoteric Brad Olsen, 2017-08-02 This completely reworked second edition of Modern Esoteric includes new information over a dozen additional images and up to date revisions Winner of the Best Book Design 2014 Modern Esoteric examines the flaws in modern history and looks at how conspiracy theories esoteric knowledge and fringe subjects can be used to help change the dead end course humanity seems to be following The Lifeology section explores the long and storied alternative narrative of life on this planet In the Control section author Brad Olsen examines how Big Brother is here in the form of the New World Order and how they keep the knowledge of humankind's true nature from the mass population Finally the Thrive section looks at all the ways humans are evolving to achieve their full potential Ideology Mostafa Rejai, 2017-07-12 Since the early 1950s the decline of ideology hypothesis has commanded a great deal of attention in the intellectual community at large The controversy has taken both empirical and polemical turns This book concentrates on the empirical literature offering both original contributions and previously published papers of outstanding importance Selections were made to give full play to freshness of view and diversity of sources The book presents the hypothesis of ideological decline as set forth by two of its major spokesmen brings together essays that subject this hypothesis to empirical tests in both Western and non Western contexts and then presents both positive and negative evaluations of the hypothesis Avoiding an ex cathedra definition of ideology the editor and contributors scrutinize the nature of ideology and its workings and suggest approaches to the comparative treatment of ideologies This book offers the first clear and wide ranging overview of the putative decline of ideology a concept burdened by a history of emotional argumentation Changes in the function of ideology in the Soviet Union the United States Western Europe and Japan are examined and the ideological dimension of student movements of the 1960s is taken into account Ideology Comparative and Cultural Status is an expertly edited presentation of contrasting views of a vital topic It is ideally suited for use in a variety of courses in the area of political thought and political sociology **Impero E Libertà** Carlo Paladini, 1916 **Translations on International Communist Developments**, 1963, Making Home(s) in Displacement Luce Beeckmans, Alessandra Gola, Ashika Singh, Hilde Heynen, 2022-01-17 Making Home(s) in Displacement critically rethinks the relationship between home and displacement from a spatial material and architectural perspective Recent scholarship in the social sciences has investigated how migrants and refugees create and reproduce home under new conditions thereby unpacking the seemingly contradictory positions of making a home and overcoming its loss Yet making home(s) in displacement is also a spatial practice one which intrinsically relates to the fabrication of the built environment worldwide Conceptually the book is divided along four spatial sites referred to as camp shelter city and house which are approached with a multitude of perspectives ranging from urban planning and architecture to anthropology geography philosophy gender studies and urban history all with a common focus on space and spatiality By articulating everyday homemaking experiences of migrants and refugees as spatial practices in a

variety of geopolitical and historical contexts this edited volume adds a novel perspective to the existing interdisciplinary scholarship at the intersection of home and displacement It equally intends to broaden the canon of architectural histories and theories by including migrants and refugees spatial agencies and place making practices to its annals By highlighting the political in the spatial and vice versa this volume sets out to decentralise and decolonise current definitions of home and displacement striving for a more pluralistic outlook on the idea of home

Indian Rose Narendra K. Dadlani,2021-03-26 THE INDIAN ROSE by Narendra K Dadlani is the first complete book that

describes the beauty of Indian roses. It is structured to provide a comprehensive account of the evolution of rose breeding in India including its objectives, choice of parents, used criteria for naming the varieties, their salient features such as size, shape, color, and fragrance, along with promotion of the varieties. It presents the work of more than seventy eminent rose breeders spanning over a period of nearly sixty years and contains descriptions of nearly 1400 Indian bred rose varieties, as also a separate account of the famous soil less pot culture of the roses of Bengal. The book is attractively designed and richly illustrated with pictures of more than a hundred fine rose varieties of India. This is going to be a valuable publication since for the first time it will present a comprehensive account of the development of modern roses in India along with large number of pictures of rose varieties bred in the country. Dr M S Swaminathan: I would like to warmly congratulate the author of this magnificent and colorful publication with special reference to history and evolution of the rose which will certainly find its way to promote the Indian rose fraternity and passion for the rose around the world. Ms Henrienne de Briey, President the World Federation of Rose Societies: This book I consider as a reward to the Indian breeders who have been working relentlessly to bring out new strains and varieties which are no less than their counterparts around the world. Mr Ahmed Alam Khan, President Emeritus The Indian Rose Federation: Relentless efforts by Indian breeders have helped enlarge our portfolio of rose varieties to appreciate and enjoy. They perform well all over India and give us much pleasure. I compliment the author for his valuable documentation of the Indian rose wealth. Mr B H Singhania, President The Rose Society of India
