Eve Dunbar, Ayesha K. Hardison, 2022-04-07 The volume explores 1930s African American writing to examine Black life culture and politics to document the ways Black artists and everyday people managed the Great Depression's economic impact on the creative and the social. Essays engage iconic figures such as Sterling Brown, Langston Hughes, Zora Neale Hurston, Dorothy West, and Richard Wright, as well as understudied writers such as Arna Bontemps and Marita Bonner. Henry Lee Moon and Roi Ottley. This book demonstrates the significance of the New Deal's Works Progress Administration (WPA), the Communist Party of the United States (CPUSA), and Black literary circles in the absence of white patronage. By featuring novels, poetry, short fiction, and drama alongside guidebooks, photographs, and print culture, *African American Literature in Transition, 1930-1940* provides evidence of the literary culture created by Black writers and readers during a period of economic precarity, expanded activism for social justice, and urgent internationalism. **Political Groups, Parties, and Organizations That Shaped America**

Scott H. Ainsworth Ph.D., Brian M. Harward, 2019-07-19 This three-volume set explores the multiple roles that parties and interest groups have played in American politics from the nation's beginnings to the present. This set serves as an essential resource for analyzing the emergence and impact of parties and interest groups in the American political system and for understanding the systematic and structural bases for interest group and party behavior. Volume One opens with an introduction by the editors that provides a general overview of the eras and identifies important themes and events laying a foundation on which the subsequent essays and primary documents for each interest group or political party build. Narrative essays focus on how specific parties or interest groups have shaped or reflect a particular set of events or general themes in each of the eras in American political history. Topical entries reflect key themes developed throughout the volumes. Entries range from important founding groups and parties to contemporary political action committees and policy advocacy groups. The set also includes primary source documents: e.g., letters, platform documents, court decisions, flyers, etc. that reveal important dimensions of the corresponding group's political influence.
