Teoría Transcultural Del Arte:

Teoría transcultural del arte Adolfo Colombres,2005 El autor pretende elaborar una teoría transdisciplinaria del arte desde la periferia considerando que la estética occidental no ha confrontado sus conceptos y modelos con los de otros pueblos y ha preferido imponerlos como un discurso hegemónico que no ha servido generalmente para comprender la producción simbólica ajena sino para oscurecerla para borrar o devaluar los sentidos que los otros habrían construido a lo largo de una historia a menudo milenaria **Para una teoría del arte en Historia y estilo de Jorge Mañach** Yaneidys Arencibia

Coloma,2018-05-15 Para una teoría del arte en Historia y estilo expone la contribución de Jorge Mañach 1898 1961 a la teoría del arte cubano mediante el examen de Historia y estilo 1944 contenido de varios textos fundamentales y por medio del empleo de conceptos de análisis como electivismo larga duración y teoría de la circunstancialidad histórica del estilo en virtud de precisar el método empleado por Mañach la concepción historiográfica que respalda su propuesta y el empleo del ensayo como soporte textual An Anthropology of Making in Santa Clara del Cobre Michele Avis Feder-Nadoff,2024-05-27

This book introduced with a Foreword by Tim Ingold offers a nuanced reflection on the meaning of making and artisan agency demonstrating how copper smithing produces not only objects but also lives worlds meanings and social transformation Through long term ethnography grounded in apprenticeship to master coppersmith Jesús P rez Ornelas Feder Nadoff's intimate description of communal and artisanal life in Santa Clara del Cobre Michoacán México provides a critical reappraisal of aesthetics and compelling ways to think about how aura and agency are produced By mapping flows and frictions between persons places and things this study closes the gap between economic and socio political analysis of craft on the one hand and aesthetic material and phenomenological studies of making on the other Although craft historically plays a prominent national even ideological role in Mexico as in many countries most artisans ironically remain absent often living in marginalized precarious circumstances By tracing the cycles of life death and afterlife of these maker protagonists their bodies of knowledge skilled performances and objects this poetic monograph testifies to their presence *The Study of*

Photography in Latin America Nathaniel Gardner,2025-06-17 In this book Nathaniel Gardner provides an insider's perspective to the study of photography in Latin America He begins with a carefully structured introduction that lays out his unique methodology for the book which features over eighty photographs and the insights from sixteen prominent Latin American photography scholars and historians including Boris Kossoy John Mraz and Ana Mauad The work reflects the advances and developments of the study of photography throughout Latin America with certain emphasis on Brazil and Mexico The author further underlines the role of important institutions and builds context by discussing influential theories and key texts that currently guide the discipline The Study of Photography in Latin America is critical to all who want to expand their current knowledge of the subject and engage more robustly with its experts *Antropología del imaginario*

Jean-Jacques Wunenburger,2008 **Creating Inclusive Knowledges** Christopher C. Sonn,Alison M. Baker,2019-07-23

There has been a growing interest in the role of arts and cultural practice in tackling perennial forms of social exclusion marginalization and oppression Researchers and educators from different disciplines have been collaborating with community based agencies and community groups to forge new ways to challenge these forms of exclusion This volume discusses how various social actors work in interdisciplinary and cross institutional ways to push an agenda that privileges those individuals and groups who experience and live at the front line of social inequality discrimination racism and oppression For instance what new understandings are generated through creative interdisciplinary action oriented work and the implications for social action and transformation How are community pedagogies constructed and communicated through arts based research contemporary and innovative mediums such as creative performances arts technologies mixed cultural practices and social media and networking This collection of articles blurs the lines between cultural practice and knowledge production with the process and products coming in the forms of theories creative methodologies and a range of arts Together these act as powerful pedagogical tools for engaging in social justice and transformative work The contributions further highlight the multifaceted and diverse ways of creating and disseminating knowledge and the attempts to decenter text based ways of communicating in hopes of sharing collaborative knowledge beyond the academy and engaging the public This volume was originally published as a special issue of the International Journal of Inclusive Education
