Teoría Y Praxis De La Planeación Educativa En Mexico:

Teoría y praxis de la planeación educativa en México Juan Prawda, 1985 La descentralización en México, 2003 *De la escuela expansiva a la escuela competitiva* Alberto Martínez Boom, 2004 Decentralization in Education Donald R. Winkler, 1989 Some decisionmaking about educational finance and teacher recruitment should be handled at the local level and some about school organization and curriculum at the regional level Problems of equity can be addressed through a system of central government grants **Universidades privadas** Concepción Barrón Tirado, 2003-01-01 *Latin American Education* Carlos Alberto Torres, 2019-03-06 This book offers a relevant sample of the current research on Latin American education in comparative perspective In their introduction Torres and Puiggrós two of the most recognized researchers of Latin American education draw from political sociology of education theories of the state history of education and deconstructionist theories to focus on changes in state formation in the region and its implications for the constitution of the pedagogical subject in public schools Throughout the different chapters the contributors present and analyze the most relevant topics research agendas and some of the key theoretical and political problems of Latin American education

Educational Planning Jacques Hallak, Françoise Caillods, 2018-10-24 It was in a context of unprecedented economic growth that educational planning developed in the 1960s At the time educational planners were entrusted with orchestrating the tremendous expansion of schooling with the aim of both universalizing education and providing national economies with the qualified manpower needed Such rigid mandatory planning is not suited to today's world but other forms of planning such as policy analysis policy dialog labor market analysis and strategic management are still valid The following is a complete list of reprinted essays collected for this book Education, Policy, and Social Change Daniel A. Morales Gómez, Carlos Alberto Torres, 1992-09-17 The purpose of this contributed volume is to examine the links among research policy and change in education in Latin America in the context of the relationships between the economy politics and the state in the 1980s The case analyses will discuss the challenges these societies face in education in their progression towards the twenty first century In its various sections the book addresses the following questions How did education respond during the 1980s to the major sociopolitical and economic changes that affected these countries How did the changes in the 1980s affect the relationships between education society and the state and what lessons can be learned from the interaction between research and policy that may help in understanding the developmental role of education in the 1990s And is educational research and policy helping to improve the social condition of minorities in Latin America This volume will be of interest to scholars and policymakers in Latin American studies educational research education policy and educational planning Investigaciones educativas Joaquín Hernández González, 2018-07-23 El libro presenta los escritos de investigación más importantes de Eduardo Weiss uno de los investigadores educativos más destacados de nuestro país sobre Educación pedagógica y muchos de investigación Análisis curriculares y de políticas educativas Estudios sobre jóvenes y bachillerato

Estudios sobre aprendizajes situados Desarrollo de la investigación educativa Se configura as un panorama de la educación y de la investigación educativa en los últimos treinta y cinco años que no ha perdido actualidad desde un enfoque a la vez empírico e interpretativo El libro incluye también algunos trabajos recientes de sus alumnos de doctorado **La contienda por la educación** Carlos Ornelas, 2019-01-10 Carlos Ornelas evalúa cómo se han construido las relaciones de poder al interior del sistema educativo mexicano desde la SEP y el SNTE hasta los grupos disidentes como la Sección 22 y la CNTE Asimismo identifica dos proyectos educativos centrales en disputa al interior del sistema educativo mexicano que a su vez responden a lógicas construidas a nivel internacional un proyecto neoliberal amparado en tendencias globales que entiende a la educación como un servicio sujeto a las leyes de la oferta y la demanda y un proyecto democrático que entiende a la educación como un derecho fundamental para el desarrollo pleno de las capacidades del ser humano Ornelas argumenta que ambos proyectos buscan oponerse a un proyecto hegemónico amparado en las tradiciones corporativas nacionales el neocorporativismo
