PREFACIO Me siento honrado de que me hayan pedido escribir el prefacio de esta obra Considero que la educación médica continúa siendo el mejor vehículo para mejorar la calidad de atención de nuestros pacientes y que un grupo de académicos del continente americano hayan decidido concentrar todos los aspectos de la salud cardiovascular o su mayoría en una sola obra y que lo hagan convocando a investigadores de habla hispana es un mérito en sí mismo ya que no existe una obra comparable en la literatura en español En nuestra experiencia el idioma continúa siendo una barrera en la comunicación científica Como editor de la JACC Journal of the American College of Cardiology junto a mi equipo emprendimos la tarea de traducir artículos destacados a idiomas con gran volumen de lectores español chino y portugués La edición de la JACC en español de la mano del profesor Bayés de Luna se transformó rápidamente en una herramienta de elección para el hispanoparlante Por esto es por lo que aplaudo la llegada de este primer Texto de Cardiología enteramente pensado y escrito en español para la comunidad hispanoparlante de nuestro continente El Texto de Cardiología o como simplemente le llaman sus autores El libro azul de Cardiología es un texto que contiene los clásicos típicos de un texto en la especialidad pero con dos aspectos que debieran ser destacados Abarca las complicaciones cardiovasculares de las patologías regionales altamente prevalentes en el continente americano como son la enfermedad de Chagas o más recientemente el Zika por solo nombrar dos Estas patologías en este libro cobran relevancia natural Cubre los grandes desafíos que la región enfrenta para controlar los factores de riesgo universales como la hipertensión arterial o las dislipemias aportando la visión latinoamericana las barreras para el acceso a la salud de la región las limitaciones propias de países con bajo presupuesto en salud y los mapas de acción para los próximos 25 años La Sociedad Interamericana de Cardiología es una sociedad que reúne a todas las sociedades del continente americano y el Caribe En ella se agrupan investigadores y académicos de distinta extracción niveles de entrenamiento y visión de futuro Ese aspecto ecléctico se refleja en el Libro azul lo cual lo hace muy atractivo para los estudiantes de Medicina residentes fellows personal de enfermería internistas y cardiólogos que deseen reactualizarse en la especialidad
