Paul Elvere DELSART

Terraforming Earth:

Terraforming Earth Jack Williamson, 2024-06-04 Winner of the John W Campbell Memorial Award for Best Science Fiction Novel When a giant meteor crashes into the earth and destroys all life the small group of human survivors manage to leave the barren planet and establish a new home on the moon From Tycho Base men and women are able to observe the devastated planet and wait for a time when return will become possible Generations pass Cloned children have had children of their own and their eyes are raised toward the giant planet in the sky which long ago was the cradle of humanity Finally after millennia of waiting the descendants of the original refugees travel back to a planet they've never known to try and rebuild a civilization of which they've never been a part The fate of the earth lies in the success of their return but after so much time the question is not whether they can rebuild an old destroyed home but whether they can learn to inhabit an alien new world Earth

Terraforming Chris Pak, 2016 This book examines terraforming in science fiction and shows how amidst contemporary anxieties about climate change it has come to offer an important vantage from which to consider the ways humankind shapes and is shaped by their world

EL4DEV Vegetal Calderas - Terraforming the Earth Paul Elvere DELSART, 2025-05-17 A planet to reinvent A vision to realize In the face of resource depletion climate chaos and the dehumanization of modern societies Paul Elvere DELSART offers a radical alternative regenerating the Earth through the science of living systems the awareness of energy and the power of collective ideas This bold manifesto merges ethical geoengineering sacred geobiology and conscious terraformation to unveil a new model of civilization the Green Empire of the East and the West At the heart of this vision vast Bioclimatic Corridors and true Flying Rivers formed by Vegetal Calderas vertical agroclimatic complexes with energetic environmental and social properties designed to reharmonize territories and re-enchance people Far more than an ecological initiative EL4DEV is a global program for planetary transformation It seeks to unite science art spirituality and international cooperation to breathe life and meaning back into our shared future This book is an invitation to think differently to act differently and to take part in a global collective undertaking the geo-intelligent Renaissance of our planet

The Wandering Earth: A Journey Through Science and Fiction ZHENG WENJING, This book is based on the original novel The Wandering Earth and deeply explores the scientific knowledge within it The main content focuses on astrophysics as presented in the novel integrating scientific knowledge with subjects such as physics chemistry and geography for middle and high school students The purpose of this book is to expand the depth and breadth of scientific knowledge for these students Reading this book will help them review the scientific concepts in their textbooks while enhancing their understanding of related topics Even elementary school students and adults can gain new knowledge and experiences from it The book combines text and images using two styles anime inspired for scenes and realistic for scientific instruments appealing to the interests of young readers

Hacking the Earth Jamais Cascio, 2009-02-10 What do we do if our best efforts to limit the emission of greenhouse gases into the atmosphere fall short According to a growing

number of environmental scientists we may be forced to try an experiment in global climate management geoengineering Geoengineering would be risky likely to provoke international tension and certain to have unexpected consequences It may also be inevitable Environmental futurist Jamais Cascio explores the implications of geoengineering in this collection of thought provoking essays Is our civilization ready to take on the task of re engineering the planet Experimental Practice Dimitris Papadopoulos,2018-07-16 In *Experimental Practice* Dimitris Papadopoulos explores the potential for building new forms of political and social movements through the reconfiguration of the material conditions of existence Rather than targeting existing institutions in demands for social justice Papadopoulos calls for the creation of alternative ontologies of everyday life that would transform the meanings of politics and justice Inextricably linked to technoscience these alterontologies which Papadopoulos examines in a variety of contexts from AIDS activism and the financialization of life to hacker communities and neuroscience form the basis of ways of life that would embrace the more than social interdependence of the human and nonhuman worlds Speaking to a matrix of concerns about politics and justice social movements matter and ontology everyday practice technoscience the production of knowledge and the human and nonhuman Papadopoulos suggests that the development of alterontologies would create more efficacious political and social organizing

The Gospel According to Science Fiction Gabriel McKee,2007-01-01 Explores the theological nature of science fiction drawing on examples from television literature and films to explain how science fiction can help people understand not only who they are but who they will become **Green Earth** Kim Stanley Robinson,2015-11-03 The landmark trilogy of cutting edge science international politics and the real life ramifications of climate change updated and abridged into a single novel More than a decade ago bestselling author Kim Stanley Robinson began a groundbreaking series of near future eco thrillers *Forty Signs of Rain* *Fifty Degrees Below* and *Sixty Days and Counting* that grew increasingly urgent and vital as global warming continued unchecked Now condensed into one volume and updated with the latest research this sweeping trilogy gains new life as *Green Earth* a chillingly realistic novel that plunges readers into great floods a modern Ice Age and the political fight for all our lives The Arctic ice pack averaged thirty feet thick in midwinter when it was first measured in the 1950s By the end of the century it was down to fifteen One August the ice broke The next year the breakup started in July The third year it began in May That was last year It s a muggy summer in Washington D C as Senate environmental staffer Charlie Quibler and his scientist wife Anna work to call attention to the growing crisis of global warming But as they fight to align the extraordinary march of modern technology with the awesome forces of nature fate puts an unusual twist on their efforts one that will pit science against politics in the heart of the coming storm Praise for the Science in the Capital trilogy Perhaps it s no coincidence that one of our most visionary hard sci fi writers is also a profoundly good nature writer all the better to tell us what it is we have to lose Los Angeles Times An unforgettable demonstration of what can go wrong when an ecological balance is upset The New York Times Book Review Absorbing and convincing Nature *Science Fiction*

Literature through History Gary Westfahl, 2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics authors works and subgenres written by a distinguished scholar This encyclopedia deals with written science fiction in all of its forms not only novels and short stories but also mediums often ignored in other reference books such as plays poems comic books and graphic novels Some science fiction films television programs and video games are also mentioned particularly when they are relevant to written texts Its focus is on science fiction in the English language though due attention is given to international authors whose works have been frequently translated into English Since science fiction became a recognized genre and greatly expanded in the 20th century works published in the 20th and 21st centuries are most frequently discussed though important earlier works are not neglected The texts are designed to be helpful to numerous readers ranging from students first encountering science fiction to experienced scholars in the field

The Routledge Handbook of Law and the Anthropocene Peter D. Burdon, James Martel, 2023-05-15 The Routledge Handbook of Law and the Anthropocene provides a critical survey into the function of law and governance during a time when humans have the power to impact the Earth system The Anthropocene is a crisis of the earth system This book addresses its implications for law and legal thinking in the twenty first century Unpacking the challenges of the Anthropocene for advocates of ecological law and politics this handbook pursues a range of approaches to the scientific fact of anthropocentrism with contributions from lawyers philosophers geographers and environmental and political scientists Rather than adopting a hubristic normativity the contributors engage methods concepts and legal instruments in a way that underscores the importance of humility and an expansive ethical worldview Contributors to this volume are leading scholars and future leaders in the field Rather than upholding orthodoxy the handbook also problematizes received wisdom and is grounded in the conviction that the ideas we have inherited from the Holocene must all be open to question Engaging such issues as the Capitalocene Gaia theory the rights of nature posthumanism the commons geoengineering and civil disobedience this handbook will be of enormous interest to academics students and others with interests in ecological law and the current environmental crisis
