Jeremy Diaper, 2018-12-12 This book reads T S Eliot's poetry and plays in light of his sustained preoccupation with organicism It demonstrates that Eliot's environmental concerns emerged as a notable theme in his literary works from his early poetry notebook of poems known as *Inventions of the March Hare* at least until *Murder in the Cathedral* *D. H. Lawrence*

Paul Poplawski, 1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence's life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence's achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence's career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world's foremost authorities on Lawrence's life and work The chapters that follow provide separate entries for all of Lawrence's works except for individual poems and paintings with critical summaries discussions of characters and details of settings There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies Maps and chronologies further trace Lawrence's travels and his development over time **The Kaleidoscopic**

avant garde group that originated in 1927 in Britain and was active under this name until 1933 The group consisted of the

well known modernist poet H D the English writer Bryher and the young Scottish writer and artist Kenneth Macpherson All three were first and foremost writers who at one point discovered film as another modern experimental medium of artistic expression Pool associated with almost all the iconic modernists of their time with Ezra Pound Gertrude Stein Ernest Hemingway James Joyce Marianne Moore William Carlos Williams T S Eliot and Virginia Woolf to name only a few In addition due to their interest in film they were also befriended with such influential filmmakers as Sergei Eisenstein and Georg Wilhelm Pabst and became closely associated with Weimar Berlin film culture Pool unites classical Modernism and modernity two directions that are usually considered to be contradictory The Pool phenomenon opens a new perspective onto Modernism and prompts a reconsideration of its canonical texts and figures Contrary to many artists of Modernism who devised highly individualistic aesthetic styles the artists of Pool strove towards a universal art of humanity that was rooted in all human nature and psychology

Modern Primitives Susanna Pavloska, 2014-01-14 This book explores the ways in which the American writers Gertrude Stein Ernest Hemingway and Zora Neale Hurston used modernist primitivism to assert a uniquely American literary identity in the face of European cultural hegemony The extended Introduction traces the history of primitivism from a classical rhetorical trope to its emergence in the twentieth century as aesthetic exemplified by Picasso and his use of African masks that combined new work in the human sciences especially anthropology and psychology with new ideas in the visual arts to challenge traditional ideas of realism and artistic accomplishment The first two chapters bring together visual evidence published and unpublished writings and linguistic theory to give the first detailed account of the theoretical and gender concerns of the Stein Picasso collaboration which culminated in Picasso's *Les Femmes d'Alger* and Stein's *Melanctha* In the final two chapters the author shows how both Hemingway and Hurston participated in the racist scientific debates of the 1920s and used primitivism to find their respective artistic voices Hemingway in his use of American Indians in recasting his life narratives in the Nick Adams stories and Hurston in her attempts to use her anthropological training to construct a mythic African American past
