**The Reformed Presbyterian magazine. Jan. 1855-July 1858, 1862-76**, 1868     The Presbyterian ,1908     Dodo  
Jeremy JC Mallinson, Anna TC Feistner,     **The Magazine of Christian Literature** ,1890     **The Immortality Key** Brian  
C. Muraresku, 2020-09-29 THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience A groundbreaking  
dive into the role psychedelics have played in the origins of Western civilization and the real life quest for the Holy Grail that  
could shake the Church to its foundations The most influential religious historian of the 20th century Huston Smith once  
referred to it as the best kept secret in history Did the Ancient Greeks use drugs to find God And did the earliest Christians  
inherit the same secret tradition A profound knowledge of visionary plants herbs and fungi passed from one generation to the  
next ever since the Stone Age There is zero archaeological evidence for the original Eucharist the sacred wine said to  
guarantee life after death for those who drink the blood of Jesus The Holy Grail and its miraculous contents have never been  
found In the absence of any hard data whatever happened at the Last Supper remains an article of faith for today s 2.5 billion  
Christians In an unprecedented search for answers The Immortality Key examines the archaic roots of the ritual that is  
performed every Sunday for nearly one third of the planet Religion and science converge to paint a radical picture of  
Christianity s founding event And after centuries of debate to solve history s greatest puzzle Before the birth of Jesus the  
Ancient Greeks found salvation in their own sacraments Sacred beverages were routinely consumed as part of the so called  
Ancient Mysteries elaborate rites that led initiates to the brink of death The best and brightest from Athens and Rome  
flocked to the spiritual capital of Eleusis where a holy beer unleashed heavenly visions for two thousand years Others drank  
the holy wine of Dionysus to become one with the god In the 1970s renegade scholars claimed this beer and wine the original  
sacraments of Western civilization were spiked with mind altering drugs In recent years vindication for the disgraced theory  
has been quietly mounting in the laboratory The constantly advancing fields of archaeobotany and archaeochemistry have  
hinted at the enduring use of hallucinogenic drinks in antiquity And with a single dose of psilocybin the  
psychopharmacologists at Johns Hopkins and NYU are now turning self proclaimed atheists into instant believers But the  
smoking gun remains elusive If these sacraments survived for thousands of years in our remote prehistory from the Stone  
Age to the Ancient Greeks did they also survive into the age of Jesus Was the Eucharist of the earliest Christians in fact a  
psychedelic Eucharist With an unquenchable thirst for evidence Muraresku takes the reader on his twelve year global hunt  
for proof He tours the ruins of Greece with its government archaeologists He gains access to the hidden collections of the  
Louvre to show the continuity from pagan to Christian wine He unravels the Ancient Greek of the New Testament with the  
world s most controversial priest He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of  
Christianity s oldest monuments He breaches the secret archives of the Vatican to unearth manuscripts never before  
translated into English And with leads from the archaeological chemists at UPenn and MIT he unveils the first scientific data

for the ritual use of psychedelic drugs in classical antiquity The Immortality Key reconstructs the suppressed history of women consecrating a forbidden drugged Eucharist that was later banned by the Church Fathers Women who were then targeted as witches during the Inquisition when Europe's sacred pharmacology largely disappeared If the scientists of today have resurrected this technology then Christianity is in crisis Unless it returns to its roots Featuring a Foreword by Graham Hancock the NYT bestselling author of *America Before*     The Birds of St. Lucia, West Indies Allan R. Keith, 1997     **Lost Land of the Dodo** Anthony S. Cheke, Julian Pender Hume, 2008-01-01 Uninhabited by humans the Mascarene Islands of the Indian Ocean were once home to an extraordinary range of birds and reptiles giant tortoises parrots skinks geckos burrowing boas flightless rails and herons and most famously dodos But the discovery of the three isolated islands in the 1500s and their colonization in the 1600s led to dramatic ecological changes The dodo became extinct on its home island of Mauritius within several decades and over the next 150 years most native vertebrates suffered the same fate This fascinating book provides the first full ecological history of the Mascarene Islands as well as the specific story of each extinct vertebrate accompanied by Julian Hume's superb color illustrations     **Forest and Stream** , 1894     Herald and Presbyter , 1911  
    **Public Opinion** , 1866
