The House of Little Frog Sir Cobbleham,2018-08-23 The House of Little Frog was inspired one night when my son asked me to make up a story on the spot for him It quickly became a frequently requested bedtime story which became one of his favorite bedtime stories I hope you and your child enjoy the story and the colorful artwork as much as my son did **The Three Little Frogs** Gary Montgomery,2018-11-13 Things are jumping down in the swamp as three friends set out to become independent A creepy old alligator has other plans for the trio The friends hop into action and foil the gator s plans Read this new take on a familiar old tale and enjoy the 3 Little Frogs **A Little Frog's Heart: The First Steps Towards Maturity** George Vîrtosu,Gheorghe Vîrtosu,2016-06-14 To read a book to go page after page through a comic even to watch a film very much resembles the adventure of travelling down a road When the book has several volumes when a multitude of secondary stories cross with the main story the road seems to be full of adventures because you have a long way to go surrounded by miraculous landscapes you have many surprising detours to make you have to walk over bridges and viaducts This is the situation with the present cycle that of the Little Frog s Heart about which I am more and more convinced that it is written for all the ages that is not only for my grandchildren but even for grandparents like myself In this volume the Drop of Blood we met in the first book seems to be tired and would like to get some rest The Flea and the little Silk Worm for a change seem to be not just well rested but also so curious and talkative that they do not fall silent even once over the course of three hundred pages or so The Flea who is older and more experienced tells the little Worm a multitude of miraculous stories only asking the Worm not interrupt him As if that s what s going to happen As if you can make such a minuscule yet so lively a creature ask not just hundreds but thousands of questions Just like any other child the little Worm is full of whys and the Flea despite his feigned discontent strives to answer them all And so we find together with the little Worm a multitude of things about dreams and their interpretation about the wisdom of fleas about what happened to the horned cattle or about the

power of memories But above all the memorable story may be the more lengthy story which crosses some of those already mentioned about the burial of the Old Rat former master of the Flea and his family As in other parts of this cycle what is completely impressive here is the way in which the mythological elements some connected to primitive folkloric Christianity some connected to paganism are introduced in this somehow realist story even if it is written in the key of the fantastic and the miraculous For the reader irrespective of age as I realise now reading these volumes is surely a pleasure For the young reader for the very young for those who do not read yet but are read to this is also a sort of book of teachings through which readers can explain to themselves even those things which go above the first layer of understanding On the other hand they can make contact with the ethical dimension of our experience in this world Congratulations to the author and I wish good progress to the readers of all ages as for me I am waiting Waiting for the next volumes I mean Liviu Antonesei 9 June 2011 Ia
