

An aerial photograph of a dense, green forest. A dark, winding river or path cuts through the forest, creating a series of loops and curves. The forest is very thick, with many small trees visible. The sky is a clear, light blue.

The Loss Of El Dorado A Colonial History:

The Loss of El Dorado Vidiadhar Surajprasad Naipaul, 2001 **The Loss of El Dorado** V. S. Naipaul, 2011-12-14 The history of Trinidad begins with a delusion the sixteenth century belief that somewhere nearby on the South American mainland lay the fabulous kingdom of El Dorado Two centuries of multinational intrigue followed personified in the rivalled quest for the mythical kingdom of gold between the aging conquistador Antonio de Berrio and Sir Walter Raleigh and culminating in the brutal stewardship of Thomas Picton the English governor put on trial for the torture of a fourteen year old mulatto girl Relating this labyrinthine story with clarity and novelistic drama V S Naipaul accomplishes an unparalleled feat of historical writing **The Loss of El Dorado** Vidiadhar Surajprasad Naipaul, 1973 **The Loss of El Dorado** V. S. Naipaul, 2011-03-16 In this masterpiece about Trinidad the Nobel Prize winning author has given us a lesson in history and shown us how it is best written The New York Times The history of Trinidad begins with a delusion the belief that somewhere nearby on the South American mainland lay El Dorado the mythical kingdom of gold In this extraordinary and often gripping book V S Naipaul himself a native of Trinidad shows how that delusion drew a small island into the vortex of world events making it the object of Spanish and English colonial designs and a mecca for treasure seekers slave traders and revolutionaries Amid massacres and poisonings plunder and multinational intrigue two themes emerge the grinding down of the Aborigines during the long rivalries of the El Dorado quest and two hundred years later the man made horror of slavery An accumulation of casual awful detail takes us as close as we can get to day to day life in the slave colony where in spite of various titles of nobility only an opportunistic near lawless community exists always fearful of slave suicide or poison of African sorcery and revolt Naipaul tells this labyrinthine story with assurance withering irony and lively sympathy The result is historical writing at its highest level *The Loss of El Dorado* V. S. Naipaul, 1969 Printbegr nsninger Der kan printes 10 sider ad gangen og max 40 sider pr session **V.S. Naipaul, Caribbean Writing, and Caribbean Thought** William Ghosh, 2020 Combining an intellectual biography of V S Naipaul with a history of cultural thought in the postcolonial Caribbean this book gives a revisionary portrait of one of the great authors of the twentieth century and tells an insightful and compelling story about the evolution of Caribbean ideas *Between the Bocas* Jak Peake, 2017-07-19 Situated opposite the mouth of the Orinoco River western Trinidad has long been considered an entrep t to mainland South America Trinidad s geographic position seen as strategic by various imperial governments led to many heterogeneous peoples from across the region and globe settling or being relocated there The calm waters around the Gulf of Paria on the western fringes of Trinidad induced settlers to construct a harbour Port of Spain around which the modern capital has been formed From its colonial roots into the postcolonial era western Trinidad therefore has played an especial part in the shaping of the island s literature Viewed from one perspective western Trinidad might be deemed as narrating the heart of the modern state s national literature Alternatively the political threats posed around San Fernando in Trinidad s southwest in the 1930s and

from within the capital in the 1970s present a different picture of western Trinidad one in which the fractures of Trinidad and Tobago's projected nationalism are prevalent While sugar remains a dominant narrative in Caribbean literary studies this book offers a unique literary perspective on matters too often perceived as the sole preserve of sociological anthropological or geographical studies The legacy of the oil industry and the development of the suburban commuter belt of East West Corridor therefore form considerable discursive nodes alongside other key Trinidadian sites such as Woodford Square colonial houses and the urban yards of Port of Spain This study places works by well known authors such as V S Naipaul and Samuel Selvon alongside writing by Michel Maxwell Philip Marcella Fanny Wilkins E L Joseph Earl Lovelace Ismith Khan Monique Roffey Arthur Calder Marshall and the largely neglected novelist Yseult Bridges who is almost entirely forgotten today Using fiction calypso history memoir legal accounts poetry essays and journalism this study opens with an analysis of Trinidad's nineteenth century literature and offers twentieth century and more contemporary readings of the island in successive chapters Chapters are roughly arranged in chronological order around particular sites and topoi while literature from a variety of authors of British Caribbean Irish and Jewish descent is represented

The Nightwatchman's Occurrence Book V. S. Naipaul, 2010-10-20 From the Nobel Prize winning author comes two novels and a collection of stories that capture the rhythms of life in the Caribbean and England with impressive subtlety and humor The world's writer a master of language and perception The New York Times Book Review The Suffrage of Elvira is Naipaul's hilarious take on an electoral campaign in the back country of Trinidad where the candidates tactics include blatant vote buying and supernatural sabotage The eponymous protagonist of Mr Stone and the Knights Companion is an aging Englishman of ponderously regular habits whose life is thrown into upheaval by a sudden marriage and unanticipated professional advancement And the stories in A Flag on the Island take us from a Chinese bakery in Trinidad whose black proprietor faces bankruptcy until he takes a Chinese name to a rooming house in London where the genteel landlady plays a nasty Darwinian game with her budgerigars Unfailingly stylish filled with intelligence and feeling here is the work of a writer who can do just about anything that can be done with language

The Last Caribbean Frontier, 1795-1815 K. Candlin, 2012-06-28 The Southern Caribbean was the last frontier in the Atlantic world and the most contested region in the Caribbean during the Age of Revolution As well as illuminating this little understood region the book seeks to complicate our understanding of the Caribbean the role of free people of colour and the nature of slavery

Travellers' Tales of Wonder Simon Cooke, 2013-02-22 Exploring travellers tales of wonder in contemporary literature this study challenges a sensibility of disenchantment with travel It reassesses travel writing as an aesthetically and ethically innovative form in contemporary international literature and demonstrates the crucial role of wonder in the travel narratives of writers such as Bruce Chatwin V S Naipaul and W G Sebald Their travellers tales of wonder are read as a challenge to the hubris of thinking the world too well known and an invitation to encounter the world including its most troubling histories with a sense of wonder
