The Lost Art Of Leadership:

The Lost Art of General Management Rob Waite, 2004 General management is a lost art The ability to take a balanced perspective on business has been overlooked maligned and bred out of the species of modern managers The Lost Art of General Management will guide the reader on a journey of discovery of the skills of a general manager Most importantly the reader will be given practical advice on how to apply those skills ABOUT THE AUTHOR Rob Waite is a senior executive with over 20 years of leadership experience in domestic and international business His successes include start ups turnarounds multinational strategic partnerships and global business expansions with Fortune 500 companies and worldwide industrial leaders Stepback: The Lost Art of Filipino Leadership Lloyd A. Luna, 2018-06-05 More than 2 000 years ago our Filipino ancestors built the rice terraces out of the Cordillera Mountains in northern Philippines using a unique leadership philosophy Comparing this stunning man made structure with what we know today as the other Wonders of the Ancient World many of which were built by either salaried skilled workers or slaves on orders by individual reigning rulers the hand made rice terraces stand out for three intriguing reasons One they were constructed by freemen Two no single leader was ever identified to have taken credit for building them Three they stood the test of time This book paints an inspiring picture on how the so called barbaric naive and uneducated ancient Filipino society has constructed and maintained a millennia old magnificent edifice of elaborate beauty which on the contrary speaks volumes of our great identity unique leadership philosophy and sustainable management ingenuity The Lost Art of Leadership: Modeling / Mentoring / Multiplication James B. Richards, 2005-07 *The Art of Leadership - 3rd Edition* Dag Heward-Mills, 2015-08 The call to ministry is a call to leadership Once again with an easy going and down to earth approach Dr Heward Mills expounds on principles that have made him an outstanding Christian leader The truths revealed here will inspire many to the art of leadership The Lost Art of Banking Aisling Tuite, 2019-02-27 This Palgrave Pivot explores the recent financial crisis from a new perspective Reflecting on 40 years of banking experiences the book will open new avenues to understanding banking and comment on possible ways to rehabilitate banking organisations In 1965 the Bank of Ireland received a consultancy report from McKinsey Company which heralded a new phase in banking practice and organisation In the years that followed the Bank of Ireland opened up its once traditional culture to outside influences changing the way work was done and workers were viewed Direct competition was introduced alongside specialisation of roles and hence college education was identified as the way to meet demands of the market and bankers began to develop a full suite of products to keep customers loyal The once professional bank manager who was a guardian of good practice eventually became absorbed into the needs of the leviathan organisation The end result is an unimaginable and interlinked financial crisis in 2008 that swept across Ireland and the globe This book explores banking organisation and practice as it transforms and across the period from 1960 to 2018 It argues that organisational goals over individual responsibility paved the pathway towards crisis Organisationally anxiety and fear of

failure took the place of certainty and stability While the financial crisis is coming to an end banking organisations remains fragile and prone to influences that may lead them towards a path of continuous cycles of boom and bust Such a state has the potential to create an unending cycle of boom and bust and the end of stability and the institution of banking This book shines a light on that and will be of interest to banking and finance researchers students and practitioners *The Lost Art of Ladyhood* Jessie Funk,2014-11-04 A teenage girl s guide to being a confident classy lady of substance in a substance less world In a world where women and girls are constantly under attack from the media with photoshopped airbrushed images and popstars that tell them all they need to do is party all the time kiss a lot of boys be a mean girl to gain popularity max their credit cards to buy designer clothes etc The Lost Art of Ladyhood communicates the counterpoint to those of our teen popstars Happiness does not come from revealing all your skin going clubbing every weekend where you get so drunk you don t remember who you kissed or maxing your credit cards just so you can buy the latest designer jeans Happiness comes from living a life of character Teaching girls how to be ladylike has little to do with crossing your ankles and sipping tea correctly it s about giving them tools and skills they can use to serve others to be grateful to think positively to set powerful goals to protect themselves from toxic relationships and to learn to love themselves enough to where they learn to love others The Lost Art of Ladyhood is a road map for navigate your way to confidence classy ness character and learning the lost art of being a lady Praise for The Lost Art of Ladyhood Jessie Funk s cool enough to be your older sister and wise enough to be your aunt The principles in this book will help my daughter and yours grow to become true women of character confidence and substance Josh Shipp Teen Behavior Expert Host of Parental Guidance Jessie Funk is a vital voice for the truth and provides young girls the structure framework and inspiration to understand their true beauty and live in a way that creates true success A girl who knows who she is what she is worth and what she can accomplish in her life is unstoppable These are the types of women we need for the society of tomorrow so this is the type of education we need to be providing our daughters today Tara starling founder of Taking Back Beauty Foundation and award winning Hollywood makeup artist A beacon of light and goodness in a world that is increasingly dark and difficult for teen girls Jessie Funk helps girls build confidence and self esteem teaches about some of the very real dangers that are lurking in this world and offers a place of safety to share thoughts and dreams in a no judgment zone I would wholeheartedly recommend Jessie s curriculum for every teen girl Michelle Millburn author and business coach **The Lost Art of Disciple Making** LeRoy Eims,2009-07-13 Every believer in Jesus Christ deserves the opportunity of personal nurture and development says LeRoy Eims But all too often the opportunity isn t there We neglect the young Christian in our whirl of programs church services and fellowship groups And we neglect to raise up workers and leaders who can disciple young believers into mature and fruitful Christians In simple practical and biblical terms LeRoy Eims revives the lost art of disciple making He explains How the early church disciplined new Christians How to meet the basic needs of a growing Christian How to spot and train potential workers How to develop

Howard, 2001-06-12 The Lost Art of Drawing the Line will appall and irritate and entertain readers every bit as much as Philip Howard s first book Why is it that no one can fix the schools Why do ordinary judgements fill doctors with fear Why are seesaws disappearing from playgrounds Why has a wave of selfish people overtaken America In our effort to protect the individual against unfair decisions we have created a society where no one s in charge of anything Silly lawsuits strike fear in our hearts because judges don t think they have the authority to dismiss them Inner city schools are filthy and mired in a cycle of incompetence because no one has the authority to decide who s doing the job and who s not When no one s in charge we all lose our link to the common good When principals lack authority over schools of what use are the parents views When no one can judge right and wrong why not be as selfish as you can be Philip Howard traces our well meaning effort to protect individuals through the twentieth century with the unintended result that we have lost much of our individual freedom Buttressed with scores of stories that make you want to collar the next self centered jerk or hapless bureaucrat The Lost Art of Drawing the Line demonstrates once again that Philip Howard is trying to drive us all sane
