The Lost Empire Philip Caraman,1985-01-01      *The Archaeology of the Jesuit Missions in Ethiopia (1557-1632)* Victor M. Fernández,Jorge De Torres,Andreu Martínez d'Alòs-Moner,Carlos Cañete,2017-07-31 One of the earliest and most ambitious projects carried out by the Society of Jesus was the mission to the Christian kingdom of Ethiopia which ran from 1557 to 1632 In about 1621 crucial figures in the Ethiopian Solomonid monarchy including King Susenyos were converted to Catholicism and up to 1632 imposing missionary churches residences and royal structures were built This book studies for the first time in a comprehensive manner the missionary architecture built by the joint work of Jesuit padres Ethiopian and Indian masons and royal Ethiopian patrons The work gives ample archaeological architectonic and historical descriptions of the ten extant sites known to date and includes hypotheses on hitherto unexplored or lesser known structures      *Abyssinia's Samuel Johnson* Wendy Laura Belcher,2012-05-31 As a young man Samuel Johnson one of the most celebrated English authors of the eighteenth century translated *A Voyage to Abyssinia* by Jeronimo Lobo a tome by a Portuguese missionary about the country now known as Ethiopia Far from being a potboiler this translation left an indelible imprint on Johnson Demonstrating its importance through a range of research and attentive close readings *Abyssinia's Samuel Johnson* highlights the lasting influence of an African people on Johnson's oeuvre Wendy Laura Belcher uncovers traces of African discourse in Johnson's only work conceived for the stage Irene several of his short stories and of course his most famous fiction *The History of Rasselas Prince of Abissinia* Throughout Belcher provides a much needed perspective on the power of the discourse of the other to infuse European texts Most pointedly she illuminates how the Western literary canon is globally produced developing the powerful metaphor of spirit possession to suggest that some texts in the European canon are best understood as *energumens* texts that are spoken through Her model of discursive possession offers a new way of theorizing transcultural intertextuality in particular how Europe's others have co constituted European representations Drawing on sources in English French Portuguese and Ge'ez this study challenges the conventional wisdom on Johnson's work from the inspiration for the name Rasselas and the nature of Johnson's religious beliefs to what makes Rasselas so strange A rich monograph that fuses eighteenth century studies comparative literature and postcolonial theory *Abyssinia's Samuel Johnson* adds a fresh perspective on and a wealth of insights into the great enigmatic man of letters      World Monarchies and Dynasties John Middleton,2015-06-01 Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and

**The European Outthrust and Encounter** David B. Quinn, Cecil H. Clough, P. E. H. Hair, Paul Edward Hedley Hair, 1994-01-01 For half a century David Beers Quinn wrote on the history of the early relationship between England and North America This volume was presented in tribute to his meticulous and authoritative but cautious scholarship on the occasion of his 85th birthday It includes his Reflections on a lifetime of research and his bibliography But his interests in the early period of the expansion of Europe have never been limited to England or North America and this volume accordingly takes as its theme the widest historical context of the subject and period the whole European outthrust and encounter in its first phase Ten contributions by recognized scholars provide select exemplars to serve as a stimulating introduction to this vast theme Three overview essays deal with specific regions of the outthrust chosen because of differences in outcome Ethiopia the Far East and Siberia The remaining essays consider specific episodes in localities ranging from Guayana to China and their discursive echoes and are essentially concerned with a leading feature of David Quinn's scholarship the discovery examination and interpretation of sources A preliminary essay discusses the theme and links the various contributions within a framework of critical generalization

**History of the Triumphs of Our Holy Faith Amongst the Most Barbarous and Fierce Peoples of the New World** Andr s P rez de Ribas, 1999 Considered by historian Herbert E Bolton to be one of the greatest books ever written in the West Andr s P rez de Ribas's history of the Jesuit missions provides unusual insight into Spanish and Indian relations during the colonial period in Northern New Spain First published in Madrid in 1645 it traces the history of the missions from 1591 to 1643 and includes letters from Jesuit annual reports and other correspondence much of which has never been found or cataloged in historical archives Daniel T Reff Maureen Ahern and Richard K Danford have now prepared the first complete scholarly and fully annotated edition of this important work in English P rez de Ribas was the first permanent missionary to the Ahome Zuaque and Yaqui Indians After fifteen years on the mission frontier he was recalled to Mexico City where he held various posts including Jesuit Provincial Addressed to novitiates ignorant of the challenges they would face in the field his Historia was a virtual textbook on missionary work in the New World Also written to encourage ongoing support of the Jesuit missions it reflected the author's deep grasp of what rhetorically soothed and moved Church and Crown officials Perhaps of greatest interest to the modern reader are P rez de

Ribas's often detailed comments on indigenous beliefs and practices. These firsthand observations provide a rich resource of ethnographic and historical data concerning everything from native subsistence settlement patterns and myths to the dynamics of Jesuit Indian relations. The many cases of conversion that Pérez de Ribas describes are especially rich in ethnographic data clarifying the values and beliefs from which the Indians were rescued. *History of the Triumphs* is a primary document of great importance made more valuable here by an exceptionally fluid translation and painstaking annotations. It will be a standard reference for all engaged in research on New Spain and a captivating read for anyone interested in this chapter of American history.

It's a broad survey analysing the influence of Papal power not only across Europe but the wider world also.

**Biographical Dictionary of Christian Missions** Gerald H. Anderson, 1999 The book also features cross references throughout a bibliography accompanying each entry an elaborate appendix listing biographies according to particular categories of interest and a comprehensive index.

**BOOK JACKET** Remembering Iñigo Luís Gonçalves da Câmara, 2005 Remembering Inigo gives us an intimate picture of Saint Ignatius of Loyola as a person and as a religious superior. Luis Goncalves da Camara was the Jesuit whom Ignatius chose to record his personal recollections of his own religious experiences and development in a document that later came to be known as Ignatius's Autobiography. Da Camara was also convinced however that if a religious order was to maintain its pristine spirit and purpose it would do so especially through imitation of its founder. So he set out to get to know through direct experience Ignatius's particular and special characteristics. Living for a time 1553-1555 with St Ignatius in the Jesuit headquarters in Rome, da Camara for a period of seven months in 1555 recorded concrete examples of how Ignatius actually behaved, how he treated those at varying stages of Jesuit life, those in consolation and those in desolation, those tempted, those in need of encouragement or of a reprimand. More than this, da Camara relates how Ignatius prayed and celebrated Mass, how he put questions and answered them, what topics he liked or disliked in conversation, how he ate, how he dressed, in a word everything that could be found out about him from personal observation. Then almost twenty years later he added a commentary to his original notes. Da Camara had in mind in-house audiences of fellow Jesuits, men whom he hoped to encourage by recalling the Inigo he so admired. But the picture of Ignatius which he provided is astonishing even to Jesuits. To say that da Camara's work makes it clear that Ignatius had a fallible human side is to phrase the matter very softly indeed. In fact, Roman authorities for long were uncertain whether to allow publication of the work; indeed the first edition of it appeared only in 1904. Nonetheless it provides us with a valuable insight into a man who towered into sanctity and vision among his contemporaries and still does today.
