The Lost Land Ew Muellers Vision For The Development Of The Regional:

The Lost Land Elwin William Mueller, 1995 The time is the closing decades of the twentieth century The place is America where less than 2% of the soil is in the hands of the independent family farmer who was once the backbone of the nation The dilemma is social decay poverty crumbling infrastructure hopelessness Against this array of seemingly insurmountable problems stood the late E W MUELLER a man who encouraged people to take back control of their lives He saw the rural community as a series of interdependent institutions schools farms banks churches business local government He believed that people can work together for the common good rediscovering the personal responsibility for their futures that they once entrusted to impersonal state federal governments In *THE LOST LAND* his collected writings outline a practical blueprint to revitalize community life whether urban or rural while stressing the ecological balance of humans nature Frederick K Wentz noted that in *THE LOST LAND* we see Mueller s strong vision of the way people can escape from dependence on national bureaucracies to solve their problems return to local decision making Published by The Tyrone Press 348 Hartford Tpk Hampton CT 06247 800 418 9972 Distributed by BAKER TAYLOR UNIQUE BOOKS **Taiwan's Statesman** Richard C. Kagan, 2014-10-15 A well known observer of Taiwan and Asian history and culture provides an insightful biography of Lee Teng Hui the pro democracy statesman and former president of the Republic of China As head of the Taiwanese government from 1988 to 2000 Lee managed without violence or major civil unrest to reform the authoritarian state into a constitutional democracy with a multi party political system This examination of Lee s success puts to rest the idea that Asian values support only authoritarian regimes and reject human rights and political democracy in favor of economic success and military power Richard C Kagan describes in rich detail Lee s struggle to reinvent Taiwan s culture and political system by advocating an independent sovereign nation with universal values of human rights democracy freedom and economic justice His book offers new insights into the role Lee played in the still volatile Taiwan Strait crisis and how Lee s diplomatic skills used the crisis to break free of the One China straitjacket of the Shanghai Communiqué of 1972 while avoiding open warfare with the People s Republic of China The author argues that Taiwan is a vital part of America s national security interests in Asia and that the loss of Taiwan to Mainland China would seriously damage American economic and military power in Asia He calls Lee s life a beacon for people looking for new ways to promote democracy and sovereignty and intends this biography of Lee s life to highlight the statesman s significant contributions until now little known or misunderstood in the United States and Europe American Book Publishing Record ,1995 The Cumulative Book Index ,1996 A world list of books in the English language Bibliographic Index ,1995 Forthcoming Books Rose Army, 1996-06 **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff, R R Bowker Publishing, 1996-09 **Subject Guide to Books in Print** ,1997 **Books in Print** ,1991 **The Athenaeum** ,1828
