The Love Of Jesus And The Love Of Neighbor Hardcover By Karl Rahner:

The Love of Jesus and the Love of Neighbor Karl Rahner,1983 **Jesus Christ for Contemporary Life** Don
Schweitzer,2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what
can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian
identity characterized by bounded openness In Jesus Christ for Contemporary Life Don Schweitzer explores the significance
of the person work and relationships of Jesus Christ for contemporary life He moves from the historical Jesus to the present
in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to
give the goodness and beauty of God further expression in time and space Second he explores how various atonement
theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And
finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other
religions and to Christians in their dialogue with God in prayer **The Love of Jesus and the Love of Neighbour** Karl
Rahner,1983 The New Review of Books and Religion ,1979 **Theological Studies** William James McGarry,John
Courtney Murray,1980 **Subject Guide to Books in Print** ,1983 The Reality of Love Ingvild Rosok,2018-01-12 Love
is one and love is all we need This book argues against the traditional theological view that God s love differs from human
love If God is love and love is one we will find God embodied in all kinds of genuine love experiences By analyzing Karl
Rahner s theology of love the author explores how God penetrates and embraces the whole of reality suggesting implications
for Christian spirituality and spiritual direction Catholic World ,1966 Karl Rahner Harvey D. Egan,1998 Karl Rahner
has been the most influential Catholic theologian in this century His writings helped to prepare the way for Vatican II and did
much to shape the Church in the post conciliar period In this book a former student of Rahner and fellow Jesuit interweaves
passages from Rahner s writings **Love, Human and Divine** Edward Collins Vacek,1994-04-01 Although the two great
commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual
writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of
God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an
original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape
eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers
He defines love as an emotional affirmative participation in the beloved s real and ideal goodness and he extends this
definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with
God in a mutually perfecting friendship
