The Lucketts:

The Lucketts Ivo Greenwell,2002-12 Seldom in the history of man has there been a time when individual freedom and aspirations led to the formation of a great nation as that which took place in 19th century America This is the Lockett s story in that great century of expansion It is a story of stubborn pioneer spirit and creativity war and peace hate and greed suffering and happiness But most of all the Lucketts show us how our ancestors lived prospered and died Thereby creating the basis for us to understand and protect what we have been given and vanquish those who would take it away

Slowspoke Mark Schimmoeller,2014-07-30 Why a unicycle Why a cross country trip Why leave a prominent New York magazine and return to the simple life in Kentucky Reminiscent of classic literary travelogues Mark Schimmoeller s *Slowspoke A Unicyclist s Guide to America* takes readers on an inward emotional journey as he inches across landscapes and communities from North Carolina to Arizona Schimmoeller became inspired by his unicycle as an adolescent It taught him that rushing whether down the driveway or toward adulthood would cause a fall and so instead of accepting the speeding straight line that de fines modern American life he adopted his single wheel s wayward rhythms Written with poise and humor *Slowspoke* is more than a cross country trip on a unicycle it s a meditation on a playful recalcitrant slowness that is increasingly rare in a culture obsessed with acceleration At times ach ing and other times joyful Schimmoeller intersperses recollections of his journey with vignettes of his present day off the grid homesteading with his wife in Kentucky and their efforts to save an old growth forest Schimmoeller s personal journey will resonate with anyone who has slowed down to experience life at a unicycle s speed or who longs to do so who has fallen in love or searched for it or who has treasured tall trees or mourned their loss

prairie If Sass and her sisters flee the uncontrolled magic will wipe the town straight off the map and the world will be overrun by the unnatural critters that emerge from the cataclysm Not to mention that there s a couple generations of Lockett ghosts hanging around the attic just itching to point out how she s failing Sass dreams of a completely different completely normal life far away from Rattler s Run But that would require money and magic she just doesn t have And then some fast talking big city researchers offer her a fat paycheck to play tour guide on the Crossroads When all hell breaks loose literally Sass realizes they re not tracking normal wolves at all The strangers are actually government agents investigating the magical shenanigans in and around Rattler s Run and somehow they think Sass is the key to restoring balance in the Crossroads There s only so much cursing a witch can take and Sass is running out of friends and patience It s just a matter of time until she s sh t outta Lockett Round about a Great Estate Richard Jefferies,1880
