The Lost El Dorado Gold:

The Lost El Dorado Michael Gazdar, 2024-04-27 Professor John Waales an anthropologist at U C Berkeley has spent his life in quest of a great find He has been the assistant on many good projects but every original project he tries winds up in failure His wife died suddenly when he was on a failed mission out of contact with his family for six weeks His daughter who was 12 at the time never forgave him completely He lost himself in his work and further alienated her He has been working on finding the famed El Dorado the legendary city made of gold hidden in the Andean Mountains near Bogota the modern capitol of Columbia for years He is close friends with a chiropractor Dr Jack Paris who takes care of him and his daughter He has an assistant Robin Quigley who is secretly plotting against him to capture gold and the glory of the El Dorado treasure He is also friends with the skipper of a W W II PT boat who takes him up the Amazon in search for the gold His theory laughed at by many of his colleagues shows that the Chibcha Indians who built the Lost City at Lake Guatavita actually tore down the buildings covered with sheets of gold took their treasures and moved out of the mountains down several thousand feet to the Amazon jungle along one of the many hidden tributaries Here they hid from the outside world and were never heard from again except by occasional sightings all unconfirmed This data had been gathered by Professor Waales and was now waiting physical confirmation There is an Ex CIA spy Thomas Reichen who was kicked out of the Agency and was supposed to be terminated They were unable to kill him and he changed his looks and his identity He became a professional guide in Peru and Columbia and learned those countries inside and out He has connections with the natives terrorists drug runners and gun dealers He is hired by a Financier Leon Scarborough who is financing the efforts of the Anthropologist but is actually working for a terrorist The guide is told that once the City is found then he will kill the anthropologist his daughter the chiropractor and the boat captain This also works well for the Guide because he will keep the Captain s boat and will return for supplies to set up a satellite relay laser weapon which will serve the terrorist s country They would keep the gold and also harvest extract and sell cocaine from the Basin Then the Assistant Anthropologist will take credit for the discovery of the site the laser will be installed and the gold will be secretly removed The assistant anthropologist will be told he will get most of the gold and the credit for the discovery but he will be killed after the others once they discover the City The plan is that at the end the Financier and the Guide will make it back to civilization with the help of the natives and will be thought to be dead along with the others What they also didn t count on was the presence of giant killer piranhas in the river around the new location of the famed El Dorado These piranha were bred over 500 years ago with the local non killer Pacu fish a close relative which feeds on vegetation and also the giant pirarucu fish The Pacu are much larger than the piranhas some two to three feet in length but have the same body shape as the piranhas and the pirarucu are one of the world s largest fresh water fish as long as twelve feet in length and weigh several hundred pounds When they were cross bred by the local kings who lived in the El Dorado they eventually became giant killers with Piranha teeth and a taste for flesh but with the length of the

much larger pirarucu and the girth of the fat pacu The Lost El Dorado Gold Paul Mallory,2005-02-01 One man paved the trail in gold that spanned five centuries A young shipwright traveled to Peru in search of his Utopia While there he discovered that Spanish Conquerors were raping his new county of their gold With the cooperation of selected peruvians he removed an enormous amount to a new world There the search begin by later generations Some were successful but hastily returned the gold they found Why Finally an orphan who grew into manhood used old documents attempted to find the gold Did he find the gold Did he disobey the Desiderata Readers will be delighted The story blends like **The Return to the Lost El Dorado** Michael Gazdar,2024-05-10 RETURN TO THE LOST EL DORADO The Return to the Lost El Dorado is the sequel to The Lost El Dorado It s now one year later The Archaeologist from U C Berkeley is onsite and exploring gold caves and tunnels which had been abandoned many centuries earlier Some actually dive deep under the mighty Amazon River and may contain more gold than they imagined Unfortunately he is facing resistance from the local natives who are beginning to resent his presence and are growing more and more aggressive He has also heard the rumblings deep in the caverns he has been exploring Because he knows he is on borrowed time he is rushing his explorations risking a cave in and certain death due to the nearness of the river above his head The Tribal leader s infant son has come down with a rare disease that is fatal unless a medication is found and also a doctor who can deliver it on time Because his condition is growing graver by the day only the speedy PT boat can get them to the boy in time The PT boat s skipper is a hardened warrior from both Vietnam and many years working on the dangerous Amazon Normally he could deliver the doctor and the necessary medication without a problem What he doesn t know is that a former enemy heavily financed by a woman also from his past is sending deadly people to not only stop him but to also kill him Their motivation Not only the hoards of gold already in the village of golden buildings but also the vast undiscovered gold they know is waiting for them once they get there and take over There is a girl woman child who is also out to stop the skipper for reasons of her own She knows witchcraft magic voodoo and is said not to be of this earth Before she is through the skipper will know fear even greater than he faced in Vietnam *El Dorado* Charles River Charles River Editors,Jesse Harasta,2017-11-08 Includes pictures Includes historic accounts about the myth of El Dorado Includes a bibliography and footnotes for further reading Alongside the famous Lost City of Atlantis perhaps no mythological city has captured the imaginations of people or been the source for exploration quite like El Dorado the fabled city of gold that the Spanish believed was located somewhere in South America The origins of the Spaniards belief in the existence of the mythical city was based on their rumors surrounding the tribal chief of the Muisca in present day Colombia the Spanish heard that his initiation included covering himself with gold dust and diving into Lake Guatavita Of course if the chief could cover himself in gold he must have access to a lot of it and around this figure the myth of El Dorado sprang up as the location of it Naturally the belief in the existence of El Dorado propelled it from being merely a city to an entire empire itself and this spurred several journeys in the 16th century including one by Francisco Pizarro s half brother Gonzalo and

another by Sir Walter Raleigh Although none of these journeys actually discovered such a place they resulted in plenty of lives lost and a lot of exploration of the heart of South America Moreover despite the fact none of the explorers actually found El Dorado the rumors and journeys only cemented the belief that such a place existed and El Dorado was actually located on maps made by several European nations for centuries As folklorist Jim Griffith once put it El Dorado shifted geographical locations until finally it simply meant a source of untold riches somewhere in the Americas In fact it would not be until about the early 19th century that explorer Alexander von Humboldt disproved El Dorado's existence at least in the spot it was assumed to be located for over 200 years Although no El Dorado was ever found the myth still fascinates people today and it remains a pop culture fixture around the globe El Dorado is also still used as a metaphor not only for places where people seek to get rich quick but even as a mentality and mindset much like the notion of the American Dream El Dorado The Search for the Fabled City of Gold chronicles the origins behind the myth and the history of the actual journeys that sought to discover the city Along with pictures of important people places and events you will learn about El Dorado like never before in no time at all

The Lost Realms (Book IV) Zecharia Sitchin, 1990-09-01 The *Earth Chronicles* series is based on the premise that mythology is not fanciful but the repository of ancient memories that the Bible ought to be read literally as a historic scientific document and that ancient civilizations older and greater than assumed were the product of knowledge brought to Earth by the Anunnaki Those Who from Heaven to Earth Came The 12th Planet the first book of the series presents ancient evidence for the existence of an additional planet in the Solar System the home planet of the Anunnaki In confirmation of this evidence recent data from unmanned spacecraft has led astronomers to actively search

for what is being called Planet X The subsequent volume The Stairway to Heaven traces man's unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids which had served as landing beacons for it refuting the notion that these pyramids were built by human pharaohs Recently records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book's conclusions The Wars of Gods and Men recounting events closer to our times concludes that the Sinai spaceport was destroyed 4 000 years ago with nuclear weapons Photographs of Earth from space clearly show evidence of such an explosion Such gratifying corroboration of audacious conclusions has been even swifter for The Lost Realms In the relatively short interval between the completion of the manuscript and its publication archaeologists linguists and other scientists have offered a coastal theory in lieu of the frozen trekking one to account for man's arrival in the Americas in ships as this volume has concluded These experts have suddenly discovered 2 000 years of missing civilization in the words of a Yale University scholar confirming this book's conclusion and are now linking the beginnings of such civilizations to those of the Old World as Sumerian texts and biblical verses For the first time the entire Earth Chronicles series is now available in a hardcover collector's edition **El Dorado, Land of Gold** Norma Gaffron,1990 Discusses the myth of the lost city of gold in northern South America sought by Spanish explorers in the fifteenth century and by some modern treasure hunters *Unknown mysteries and Lost legends* APURWA R BHAGAT,2023-03-03 **The Lost Civilization Enigma** Philip Coppens,2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history Are history books giving us the whole story Or is civilization far more complex and older than we have been taught Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed The Lost Civilization Enigma reveals the truth about Lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted Clearly our history books have left out a great deal Geology and Gold Mineralization of the Gold Basin-Lost Basin Mining Districts, Mohave County, Arizona Ted G.
