The Lost Girl Library Edition:

The Lost Girl D. H. Lawrence, 1911-09-30 This edition of *The Lost Girl* offers a text corresponding to Lawrence's expectations

The Library of Lost Girls Kristen Pipp, 2025-10-28 When her sister returns from finishing school a total stranger a teen seeks out the cause and discovers that the cost of becoming a perfect lady is much higher and more sinister than ever expected A lush gothic tale that will haunt readers long after they turn the last page Gwen Donovan adores her beautiful and rebellious older sister Izzy But the Izzy who returns from the Delphi School for Girls is not the sister who left Now she is Isolde dull and complacent and most shocking eager to marry Gwen is determined to discover what happened to Izzy at Delphi and the only solution she can conceive of is to cheat her way into the mysterious school If she can see for herself what they did maybe she can get her Izzy back But Delphi is far from the finishing school Gwen expects Sinister shadows lurk in the hallways of the remote estate and she is told to never leave her room after dark More curious though are the thousands of books each with the name of a girl on its spine They line the walls from floor to ceiling and the students are forbidden to read them Delphi says they're reforming the girls but when Gwen discovers a note left for her by her sister she realizes that what is happening at the school is more terrifying than she could ever have imagined There's something dark at the center of Delphi and somehow it's tied to those books and to the girls who are sent there And if Gwen doesn't confront what hides in the shadows it won't be just Izzy who's lost forever

The Lost Girls Andrew Radford, 2007 *The Lost Girls* analyses a number of British writers between 1850 and 1930 for whom the myth of Demeter's loss and eventual recovery of her cherished daughter Kore Persephone swept off in violent and catastrophic captivity by Dis God of the Dead had both huge personal and aesthetic significance This book in addition to scrutinising canonical and less well known texts by male authors such as Thomas Hardy E M Forster and D H Lawrence also focuses on unjustly neglected women writers Mary Webb and Mary Butts who utilised occult tropes to relocate themselves culturally and especially in Butts's case to recover and restore a forgotten legacy the myth of matriarchal origins These novelists are placed in relation not only to one another but also to Victorian archaeologists and especially to Jane Ellen Harrison 1850-1928 one of the first women to distinguish herself in the history of British Classical scholarship and whose anthropological approach to the study of early Greek art and religion both influenced and became transformed by the literature Rather than offering a teleological argument that moves lock step through the decades *The Lost Girls* proposes chapters that detail specific engagements with Demeter Persephone through which to register distinct literary cultural shifts in uses of the myth and new insights into the work of particular writers
