The Lost Palace Of Whitehall:

The Lost Palace of Whitehall Simon Thurley, 1998 Whitehall Palace Simon Thurley, 1999-01-01 Compiles information about a myriad of topics ranging from the arts and life sciences to computers and the zodiac 8 yrs **Hidden Cities**

Fabrizio Nevola, David Rosenthal, Nicholas Terpstra, 2022-03-02 This groundbreaking collection explores the convergence of the spatial and digital turns through a suite of smartphone apps Hidden Cities that present research led itineraries in early modern cities as public history The Hidden Cities apps have expanded from an initial case example of Renaissance Florence to a further five historic European cities This collection considers how the medium structures new methodologies for site based historical research while also providing a platform for public history experiences that go beyond typical heritage priorities It also presents guidelines for user experience design that reconciles the interests of researchers and end users A central section of the volume presents the underpinning original scholarship that shapes the locative app trails illustrating how historical research can be translated into public facing work The final section examines how history delivered in the format of geolocated apps offers new opportunities for collaboration and innovation from the creation of museums without walls connecting objects in collections to their original settings to informing decision making in city tourism management Hidden Cities is a valuable resource for upper level undergraduates postgraduates and scholars across a variety of disciplines including urban history public history museum studies art and architecture and digital humanities The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Westminster: A Biography Robert Shepherd, 2012-11-02 This is the remarkable story of Westminster a royal capital that became the birthplace of parliamentary government and the centre of a world power It is about the place its people and their close relationship They have made and shaped one another The ancient heart of Westminster is only the size of a village yet it boasts world famous buildings the Abbey the Houses of Parliament and Number 10 Downing Street As befits a village Westminster is rich in folklore and gossip yet its story is central to Britain's history and anywhere that has parliamentary government This biography of Westminster traces the extraordinary transformation of a secluded island on the banks of the Thames into a spiritual centre a royal ceremonial stage and a political capital It brings to life the monarchs and prime ministers for whom Westminster has been home the architects and writers whom it inspired and the protestors and rebels whom it provoked It is a tale of inspiration intrigue power protest and terror

The Magnificent Monarch Anna Keay, 2008-09-15 Anna Keay brings fresh insight into the daily life of Charles II and identifies how he cultivated a powerful reputation of both himself and monarchy in Britain The Lost Chapel of Westminster John Cooper, 2024-11-07 The fascinating history of St Stephen's Chapel in the Palace of Westminster a building at the heart of British life for over 700 years Begun in 1292 the royal chapel of St Stephen was the crowning glory of the old palace of Westminster a place of worship for kings and a showcase of the finest architecture ritual and music the

Plantagenets could muster But in 1548 as the Protestant Reformation reached its height St Stephen's was given a new purpose as the House of Commons Burned out in the great palace fire of 1834 the Commons chamber was then recreated on a remarkably similar medieval design perpetuating a way of doing politics that is recognisable to this day St Stephen's has been part of many lives over the centuries from the medieval masons who worked through the Black Death to complete the chapel to the generations of MPs who locked horns in the Commons chamber Threading together religion politics art architecture and narrative history John Cooper tells the story of the lost chapel an iconic building that reflects the national transition from medieval divine right monarchy to modern parliamentary democracy *The World of William Byrd* John Harley, 2016-02-17 In *The World of William Byrd* John Harley builds on his previous work *William Byrd Gentleman of the Chapel Royal Ashgate* 1997 in order to place the composer more clearly in his social context He provides new information about Byrd's youthful musical training and reveals how in his adult life his music emerged from a series of overlapping family business and social networks These networks and Byrd's navigation within and between them are examined as are the lives of a number of the individuals comprising them *The Selected Works of Delarivier Manley Vol 5* Ruth Herman, Rachel Carnell, W R Owens, 2024-10-28 A modern critical edition of the works of Delarivier Manley providing complete texts of all her works reset and with annotations It includes findings on Manley's work as a political propagandist and scholarship on her part in the history of the novel **A Gambling Man** Jenny Uglow, 2024-06-04 A detailed and thoroughly engrossing examination of the Restoration's first decade and King Charles II The Wall Street Journal The Restoration was a decade of experimentation from the founding of the Royal Society for investigating the sciences to the startling role of credit and risk from the shocking licentiousness of the court to failed attempts at religious tolerance Negotiating all these Charles II the slippery sovereign laid odds and took chances dissembling and manipulating his followers The theaters may have been restored but the king himself was the supreme actor Yet while his grandeur his court and his colorful sex life were on display his true intentions lay hidden Charles II was thirty when he crossed the English Channel in fine May weather in 1660 His Restoration was greeted with maypoles and bonfires as spring after the long years of Cromwell's rule But there was no way to turn back no way he could restore the old dispensation Certainty had vanished The divinity of kingship had ended with his father's beheading Honor was now a word tossed around in duels Providence could no longer be trusted As the country was rocked by plague fire and war people searched for new ideas by which to live And exactly ten years after he arrived Charles would again stand on the shore at Dover this time placing the greatest bet of his life in a secret deal with his cousin Louis XIV of France Jenny Uglow's previous biographies have won the James Tait Black Memorial Prize and International PEN's Hessel Tiltman Prize for History *A Gambling Man* is Uglow at her best both a vivid portrait of Charles II that explores his elusive nature and a spirited evocation of a vibrant violent pulsing world on the brink of modernity An entertaining view of the richly intricate tapestry of this era Bubbles with personalities and ideas of the Restoration age Kirkus Reviews [Art in England](#)

Sara N. James, 2016-10-31 *Art in England* fills a void in the scholarship of both English and medieval art by offering the first single volume overview of artistic movements in Medieval and Early Renaissance England. Grounded in history and using the chronology of the reign of monarchs as a structure, it is contextual and comprehensive, revealing unobserved threads of continuity, patterns of intention, and unique qualities that run through English art of the medieval millennium. By placing the English movement in a European context, this book brings to light many ingenious innovations that focused studies tend not to recognize and offers a fresh look at the movement as a whole. The media studied include architecture and related sculpture, both ecclesiastical and secular, tomb monuments, murals, panel paintings, altarpieces, and portraits, manuscript illuminations, textiles, and art by English artists and by foreign artists commissioned by English patrons.
