

reserved in making generalizations, especially where she might be accused of Catholic bias. For which reason, at times, she might even seem to lean in the opposite direction. Thus she gives disproportionate space to Liberal attacks on the Church (v. g., pp. 190-196), makes practically no citation of the Archbishop's Archives, and unfortunately discolors her treatment of the Conservative Interlude, as well as certain other sections, by over-quotation, direct or practically so, of biased Bancroft (*Central America*, III) and Batres Jáuregui, where her own cooler, more careful summary would be more in order.

Miss Holleran's style is smooth, clear, and interesting. Her translations in particular are generally excellent. Her synthesis could be definitely improved (could it not in all history-writing!). While she does a fine job with the *Real Patronato*, which has been well worked over, she is less successful with the period since 1823. She seems reluctant to generalize, and frequently omits the mortar of cause and effect. Sometimes her planning or titling is defective, as when she includes an account of the Church during the revolution and the establishment of an independent government in her chapter on "The Church on the Eve of the Revolution," and an account of the Liberal victory and the anti-clerical legislation of 1839 in her chapter on "The Conservative Interlude." Both her final chapter and the account of her personal experiences are probably disproportionate to the rest of the work by the norm of comparative importance.

A few technical errors have been observed by the reviewer. It is doubtful whether the words "National Archives" should be underlined throughout in the footnotes; Henry Dunn's work on *Guatemala* [*sic*] is mentioned without qualification (p. 92) as published in 1829, although it was actually first published in 1828; Filisola should precede rather than follow Gage in the Bibliography (p. 342); and Alejandro Marure's *Bosquejo histórico* (Guatemala, 1877) should be listed as having 2 vols. (p. 342).

Miss Holleran's work has real value as a detailed case-study of a very significant phase of Latin American history during and since the revolutions for independence. Similar studies of Church-State relations in other Hispanic American republics would be welcome.

The Lost Pathfinder: Zebulon Montgomery Pike. By W. Eugene Hollon. (Norman: University of Oklahoma Press, 1949. Pp. xv, 240. \$3.75.)

The author gives in this study a popularly written, but complete biography of a character whose chief claim to fame lies in his having been an early explorer of the West. As a critical biography, however, it contains strange contradictions. The title itself seems a contradiction, for Pike was not really lost in New Mexico. He knew perfectly well where he was. His whole journal indicates this fact and his instructions clearly intimated that
