The Lost Pleasures Of The Great Trains:

The Lost Pleasures of the Great Trains Martin Page, 1975 **The Lost Pleasures of the Great Trains** Martin Page, 1975 *The Iron Road* Christian Wolmar, 2014-05-01

The Iron Road is full of wondrous curiosities Did you know that early trains in Australia were pulled by convicts or that elephants were until recently used to shunt freight wagons in India The world's most magnificent railway station the Chhatrapati Shivaji terminal in Mumbai took 10 years to build The longest possible continuous railway journey in the world is the 10 600 miles between Algeciras in Spain and Ho Chi Minh City in Vietnam And the idea that Mussolini made the trains run on time is a myth No invention not even the Internet has ever transformed the way the world traveled worked thought fought ate drank made love you name it the way the train did From the historic moment in September 1830 when the first train chuffed between Liverpool and Manchester UK there was a race to lay down tracks across the planet Adventurers visionaries and rogues were attracted to grandiose projects linking distant corners of the globe in a quest for wealth power and national unity The achievements were heroic India's railway network was the biggest public works project since the building of the pyramids But the human costs were huge In the 1850s six thousand workers died during the construction of the Panama railway the world's first transcontinental line 120 for each mile of railroad The cadavers were pickled and sold to medical schools around the world to defray costs But for the shareholders there were fortunes to be made and at their peak the railroads represented luxury almost beyond belief The Iron Road tells of great invention grand vision mind boggling engineering military strategy colonial ambition groundbreaking trade changes and social impact all the ways that railroads utterly changed the world in which we live *Night Trains* Andrew Martin, 2017-02-09

Night trains have long fascinated us with the possibilities of their private sleeping compartments gilded dining cars champagne bars and wealthy travellers Authors from Agatha Christie to Graham Greene have used night trains to tell tales of romance intrigue and decadence against a rolling background of dramatic landscapes The reality could often be as thrilling early British travellers on the Orient Express were advised to carry a revolver as well as a teapot In *Night Trains* Andrew Martin attempts to relive the golden age of the great European sleeper trains by using their modern day equivalents This is no simple matter The night trains have fallen on hard times and the services are disappearing one by one But if the Orient Express experience can only be recreated by taking three separate sleepers the intriguing characters and exotic atmospheres have survived Whether the backdrop is 3am at a Turkish customs post the sun rising over the Riviera or the constant twilight of a Norwegian summer night Martin rediscovers the pleasures of a continent connected by rail By tracing the history of the sleeper trains he reveals much of the recent history of Europe itself The original sleepers helped break down national barriers and unify the continent Martin uncovers modern instances of European unity and otherwise as he traverses the continent during interesting times with Brexit looming Against this tumultuous backdrop he experiences his own smaller dramas as he fails to find crucial connecting stations ponders the mystery of the compartment dog and becomes

embroiled in his very own night train whodunit *The Angry Years* Colin Wilson,2014-01-29 What were the achievements of the angry writers who emerged in the fifties Historically they gave birth to the satire movement of the 1960s Beyond the Fringe That Was the Week that Was and Private Eye Their satire and irreverence aroused enthusiasm in man and a new anti Establishment mood developed from Look Back in Anger and The Outsider All literary movements acquire enemies but the Angry Young Men of the 1950s accumulated more than most Why Wilson takes us on a journey back to this era and reveals fascinating and sometimes disturbing stories from the Greats including John Osborne Kingsley Amis Kenneth Tynan and John Braine to name but a few At all events the story of that period makes a marvellously lively tale which most importantly was recorded by someone who was actually there *Lambert's Railway Miscellany* Anthony Lambert,2010-10-14 The world of the railways weaves a spell over many people In this engaging book railway expert Anthony Lambert presents some of the best stories From the early days come tales of financial skulduggery and worries that sparks from locomotives might ignite sheep s fleeces But as the railway transformed the modern world attitudes changed and railways were opened to great rejoicing and even religious blessing The perennial appeal of the steam locomotive generated a pride amongst railwaymen and a fascination among the public The romantic aspects of the railway were soon celebrated and not just the unexpected engagement that came from a snowbound train in the Highlands or the sexual shenanigans of the Orient Express Here are stories of railway travel from the palatial carriages of tsars and maharajahs to the open trucks of the lower orders mishaps and faux pas and tales of how ticket inspectors used to have to hold on to the outside of carriages while clipping tickets From tales of lonely stations and signal boxes in Scotland to the unlucky engineer eaten by a lion in a carriage in Kenya Lambert casts his net across railways worldwide to gather the most entertaining material There are stories here that would enliven even a cheerless commute on the 18 01 and remind you that our railways really were and occasionally still are full of derring do romance and character *The Rise of the Railroad* Christian Wolmar,2025-10-21 From the first steam trains to the high speed bullet trains of today Rise of the Railroad tells the hidden stories of railway history the inspired engineering technical ingenuity and sheer determination that forged the world s railroads Award winning writer and broadcaster Christian Wolmar reveals how the railroads were built not just on bold vision and technical expertise but also on wild gambles and trial and error and how the new era of trains brought about sweeping changes in the lives of people around the world This book details the lives and work of railway pioneers such as George Stephenson and John Stevens and it explores and maps famous railways such as the Trans Siberian Railway and the Orient Express Key technological innovations are explained with in depth illustrations while stunning photographs and paintings bring railroad history to life on the page Gripping eyewitness accounts describe the railroads of the past through the eyes of people who were there Packed with colorful stories technical insights and beautiful images Rise of the Railroad is the ultimate ride along the rails of history *A Book of Railway Journeys* Ludovic Kennedy,2015-07-13 Train travel always leads to great adventures the countryside like a moving picture

show unrolls itself before one's eyes. One is transported to the wild places of earth: forest, mountain, desert, and always there is the counterpoint between life within the train and life without. Train travel, being both constricted in time and space, magnifies character, intensifies relationships, unites the disparate. Ordinary people become extraordinary; larger than life and in the knowledge that they will not meet again, expansive, confiding, intimate. *A BOOK OF RAILWAY JOURNEYS* is a collection of Ludovic Kennedy's favourite train journey literature. The anthology takes us on a round the world tour through 155 years of train travel. It conjures up grand old trains and historic journeys, recalls horrific wartime adventures and spectacular crashes, and dwells on the romance of rail travel, its most unlikely encounters and unexpected events. **Transportation**

,1976-04 *Trains*, 1975

Delve into the emotional tapestry woven by Emotional Journey with in Dive into the Emotion of **The Lost Pleasures Of The Great Trains** . This ebook, available for download in a PDF format (Download in PDF: *), is more than just words on a page; it is a journey of connection and profound emotion. Immerse yourself in narratives that tug at your heartstrings. Download now to experience the pulse of each page and let your emotions run wild.
