The Love Of France:

Frankreich (The love of France, dt.- 1. Aufl. 1. - 10. Tsd.) Marie-Françoise Golinsky, Alice Vidal, 1978 *Love in Twelfth-Century France* John C. Moore, 2016-11-11 Great is the force of love wondrous is its strength Many are the degrees of love and who can worthily distinguish among them cried the twelfth century cleric Richard of St Victor What relationships human and divine are appropriate to this protean creature man with his great gifts and imperative appetites The different answers given this question by the monks and scholars the courtly poets and bawdy ballad writers of medieval France form the substance of this graceful and perceptive book written for student and general reader alike And while the conventions of love among twelfth century Frenchmen differ from our own their efforts to comprehend its true meaning and nature have a very contemporary relevance France in the twelfth century was a bustling country of expanding economic and social horizons with a thirst for knowledge that stimulated far ranging intellectual inquiry The great classical writers the Greek and Roman Fathers of the early Church the Old and New Testaments such were the sources upon which French scholars drew For the great monastic writers love was a spiritual value achieved through unending effort and discipline The poets of the courts on the other hand celebrated erotic love in a setting of elaborate romance Only the scholars of the new urban universities sought to integrate love into a coherent explanation of man and the universe The writings of all these Abelard and Bernard of Clairvaux William of Poitiers and Andreas Capellanus have in one way or another greatly enriched our Western traditions Drawing upon a wealth of original sources and an abundant scholarly literature John C Moore has provided in his own words a pleasant meeting place for twelfth century men and women and for modern readers who share a common humanity and a common interest in love The Love of France Marie-Françoise Golinsky, Alice Vidal, 1977 Many beautiful photographs show the land and people of France **Love Poetry in Sixteenth-century France** Stephen Minta, 1977 From France With Love Mary Harrod, 2015-05-21 Love stories have always been at the heart of French cinema but romantic comedies have until recently been absent from it In 2001 the global success of *Amélie* catalysed a major development in the Western world's second largest film industry the appropriation of the Hollywood romantic comedy genre or *Rom Com à l'Américaine* In *From France with Love* Mary Harrod explores this contemporary phenomenon examining both local hits and films with international status Using socio cultural data box office figures and analysis of critical reception she reveals the ways in which these films mirror shifting attitudes towards gender roles within French society as well as the increasingly important interrelation between French national cinema and transnational filmmaking paradigms Revolutionary Love in Eighteenth- and Early Nineteenth-Century France Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the

Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Baculard d Arnaud Pigault Lebrun and Madame de Sta l make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature *Three Chapters on Courtly Love in Arthurian France and Germany* Hermann J. Weigand,2020-05-01 By analyzing Chr tien s Clig s Ulrich von Zatzikhoven s Lanzelet Chr tien s Chevalier de la Charette and the Old French Prose Lancelot as well as Andreas Capellanus De Amore and Eschenbach s Parzival Weigand presents a picture of the ideals of courtly love in Europe in the latter half of the twelfth and beginning of the thirteenth centuries A long chapter on Parzival focuses especially on the introduction of Christian themes and changing ideas of the compatibility of love and marriage

The Lais of Marie De France Marie France,2011-10-27 Marie de France fl late twelfth century is the earliest known French woman poet and her lais stories in verse based on Breton tales of chivalry and romance are among the finest of the genre Recounting the trials and tribulations of lovers the lais inhabit a powerfully realized world where very real human protagonists act out their lives against fairy tale elements of magical beings potions and beasts De France takes a subtle and complex view of courtly love whether telling the story of the knight who betrays his fairy mistress or describing the noblewoman who embroiders her sad tale on the shroud for a nightingale killed by a jealous and suspicious husband *What's France got to do with it?* Juliana de Nooy,2020-07-30 While only one book length memoir recounting the sojourn of an Australian in France was published in the 1990s well over 40 have been published since 2000 overwhelmingly written by women Although we might expect a focus on travel intercultural adjustment and communication in these texts this is the case only in a minority of accounts More frequently France serves as a backdrop to a project of self renovation in which transplantation to another country is incidental hence the question What s France got to do with it The book delves into what France represents in the various narratives its role in the self transformation and the reasons for the seemingly insatiable demand among readers and publishers for these stories It asks why these memoirs have gained such traction among Australian women at the dawn of the twenty first century and what is at stake in the fascination with France
