E. texts He filled his poems with the lives loves and deaths of simple country people whose emotions are intense and often violent but lived his own life in stoic acceptance of his loveless arid existence Why his life should have been so intentionally empty of emotion raises questions about Housman s own sexuality and the relationship he had with his friend Moses Jackson and Jackson s brother Afaibert Housman s poetry like his life is deceptively simple this volume shows some of the complex currents below the surface

Fran s deepest concerns are thoroughly existential altogether more serious than those of the mere literary formalist Her work is grounded in an unstinting search for meaning a relentless effort to find speech in the presence of life s silencing mysteries At the Grave s Mouth the early poems of Fran Montane is an experience in consciousness D an idiolect at once speculative and visceral tragic and satirical dark and picaresque As poet and lesbian having worked with a silent almost secret passion on her verse she offers a unique vision of the Kali Yuga D the dark age in Indian philosophy in which we are living which leads to the new cycle of the Satya Yuga D the age of truth a position she pursues in her later works I think you ll find this work exceptional from both an artistic standpoint and in the context of the times in which we live She very well may be the Arthur Rimbaud and Jim Morrison of the new Millenium Tom Ross Performance and Visual Artist Director
