Taylor,2014-10-28 A contemplation on the durability of our fast tracked multitasked modern world a stimulating cautionary report for the digital age Kirkus Reviews We live in an ever accelerating world faster computers markets food fashion product cycles minds bodies kids lives When did everything start moving so fast Why does speed seem so inevitable Is faster always better Drawing together developments in religion philosophy art technology fashion and finance Mark C Taylor presents an original and rich account of a great paradox of our times how the very forces and technologies that were supposed to free us by saving time and labor now trap us in a race we can never win The faster we go the less time we have and the more we try to catch up the farther behind we fall Connecting our speed obsession with today s global capitalism he composes a grand narrative showing how commitments to economic growth and extreme competition combined with accelerating technological innovation have brought us close to disaster Psychologically environmentally economically and culturally speed is taking a profound toll on our lives By showing how the phenomenon of speed has emerged Taylor offers us a chance to see our pace of life as the product of specific ideas practices and policies It s not inevitable or irreversible He courageously and movingly invites us to imagine how we might patiently work towards a more deliberative life and sustainable world With panache and flashes of brilliance Taylor a Columbia University religion professor and cultural critic offers a philosophically astute analysis of how time works in our era Publishers Weekly **No Time for Heaven: Finding**

Life's Purpose The Humble Mystic,2011-08-31 Heaven is too abstract to effectively compete with the daily demand of life We have therefore learned to qualify our integrity by the power money and fame we accrue Being a success and fulfilling our purpose are however two distinct journeys One cannot help but affect the other Hitler for example was incredibly powerful but his demeanor was more demonic then angelic Alternatively Benjamin Franklin s wealth fulfilled a multitude of philanthropic needs Religious influences will frequently dominate the direction of one s purpose in life Although this is not a religious book it will examine a variety of insightful spiritual ideas That knowledge will then facilitate recognition of your purpose in life **A Brain-Friendly Life** Marisa Menchola,2024-10-23 Modern life is brain unfriendly We are flooded with

information and excessive cognitive demands when we are often already depleted from chronic stress sleep deprivation and health issues Many of us experience frequent glitches or memory lapses despite tests showing there is nothing wrong with our brains This book provides concrete strategies derived from neuropsychological science and clinical practice to help people improve how they function in daily life Menchola draws on her experience as a clinical neuropsychologist who has worked with a widely diverse group of patients to translate the findings from highly controlled research into concrete strategies that people can implement in their messy worlds to make their days more brain friendly The book also provides advice on how to address those factors that drain our brain resources and gives guidance on when and how to seek a neuropsychological evaluation It is valuable reading for anyone experiencing frustrating cognitive problems that are not due to brain disease It is also essential for neuropsychologists psychologists and physicians in primary care psychiatry and neurology who need a resource to offer to patients to help their healthy brains function better *Slices of My Life: So Far ,*
