The Cauliflower Nicola Barker, 2016-08-09 Maddening funny playful and beautiful Barker has once again invigorated an old form the historical biographical novel through electric wit and sheer bedazzlement The Washington Post To the world he is Sri Ramakrishna godly avatar esteemed spiritual master beloved guru To Rani Rashmoni she of low caste and large inheritance he is the brahmin fated to defy tradition But to Hriday his nephew and longtime caretaker he is just Uncle maddening bewildering Uncle prone to entering trances at the most inconvenient of times known to sneak out to the forest at midnight to perform dangerous acts of self effacement who must be vigilantly safeguarded not only against jealous enemies and devotees with ulterior motives but also against that most treasured yet insidious of sulfur rich vegetables the cauliflower Rather than puzzling the shards of history and legend together Barker shatters the mirror again and rearranges the pieces The result is a biographical novel viewed through a kaleidoscope Dazzlingly inventive and brilliantly comic irreverent and mischievous The Cauliflower delivers us into the divine playfulness of a twenty first century literary master

The Comic Turn in Contemporary English Fiction Huw Marsh, 2020-07-09 The Comic Turn in Contemporary English Fiction explores the importance of comedy in contemporary literature and culture In an era largely defined by a mood of crisis bleakness cruelty melancholia environmental catastrophe and collapse Huw Marsh argues that contemporary fiction is as likely to treat these subjects comically as it is to treat them gravely and that the recognition and proper analysis of this humour opens up new ways to think about literature Structured around readings of authors including Martin Amis Nicola Barker Julian Barnes Jonathan Coe Howard Jacobson Magnus Mills and Zadie Smith this book suggests not only that much of the most interesting contemporary writing is funny and that there is a comic tendency in contemporary fiction but also that this humour this comic licence allows writers of contemporary fiction to do peculiar and interesting things things that are funny in the sense of odd or strange and that may in turn inspire a funny turn in readers Marsh offers a series of original critical and theoretical frameworks for discussing questions of literary genre style affect and politics demonstrating that comedy is an often neglected mode that plays a generative role in much of the most interesting contemporary writing creating sites of rich political stylistic cognitive and ethical contestation whose analysis offers a new perspective on the present
