The Promise of the New South Edward L. Ayers, 2007-09-07 At a public picnic in the South in the 1890s a young man paid five cents for his first chance to hear the revolutionary Edison talking machine He eagerly listened as the soundman placed the needle down only to find that through the tubes he held to his ears came the chilling sounds of a lynching In this story with its blend of new technology and old hatreds genteel picnics and mob violence Edward Ayers captures the history of the South in the years between Reconstruction and the turn of the century Ranging from the Georgia coast to the Tennessee mountains from the power brokers to tenant farmers Ayers depicts a land of startling contrasts Ayers takes us from remote Southern towns revolutionized by the spread of the railroads to the statehouses where Democratic Redeemers swept away the legacy of Reconstruction from the small farmers trapped into growing nothing but cotton to the new industries of

Birmingham from abuse and intimacy in the family to tumultuous public meetings of the prohibitionists He explores every aspect of society politics and the economy detailing the importance of each in the emerging New South Central to the entire story is the role of race relations from alliances and friendships between blacks and whites to the spread of Jim Crows laws and disfranchisement The teeming nineteenth century South comes to life in these pages When this book first appeared in 1992 it won a broad array of prizes and was a finalist for both the National Book Award and the Pulitzer Prize The citation for the National Book Award declared Promise of the New South a vivid and masterfully detailed picture of the evolution of a new society The Atlantic called it one of the broadest and most original interpretations of southern history of the past twenty years
