

Stephens New Friends

JoAnne O'Connell

Stephens New Friends:

Stephen Sayre John Richard Alden, 1999-03-01 Stephen Sayre's career was far more remarkable for its diversity than for its success. At one time or another Sayre was a soldier, merchant, banker, shipbuilder, politician, speculator, propagandist, diplomat, and inventor. He was also considered by some as John Alden relates a wicked schemer, a fool, a madman, an embezzler, and a traitor. Following the dizzying course of Sayre's career, this biography reveals a vast panorama of life both high and low in the era of the American Revolution. Sayre frequented the polite society of England, Europe, and New York; twice married into a wealthy English family and was elected for a term as sheriff of London. He also consorted with the actress Sophia Baddeley, one of the most notorious women of the time, who was arrested and confined in the Tower of London for allegedly plotting to kidnap the king and spent twenty months in a debtors' prison. If there was one constant in Sayre's life, it was his involvement in revolutionary politics. He was a fearless advocate of colonial rights in England and, after the outbreak of war in America, he traveled to Prussia, Denmark, Sweden, and Russia to seek support for the revolution. Years later, he was an enthusiastic supporter of France's revolution. Working as an agent for the new French regime, he tried to secure it financial aid, promoted a scheme to purchase American weapons for the French army, argued for a French attack on Spanish Louisiana, and was active in diplomatic efforts to stave off war between Britain and France. Eventually, the turmoil of events in Paris drove away even as devoted a supporter as Sayre. He returned to America where he continued to argue the cause of the French Revolution and quickly gained a reputation as an extremist. Engaging in the politics of the new American republic, Sayre assailed conservative forces in the nation, in particular the emerging Federalist party. He devoted much of his energy in later years to a persistent but unrewarded attempt to secure a post within the federal government and to somewhat more successful attempts to obtain payment for his past services to his country. In time, he moved to Virginia to live with his stepson; he died there in 1818. From the beginning of his career, Stephen Sayre aspired to wealth, social position, and political influence. At various points in his life, he achieved each of these goals, but finally they all eluded him. An outstanding patriot, Sayre was far too erratic in his behavior, far too mercurial a personality ever to be counted as a father of his country. He is better remembered as a kind of principled rogue, an adventurer in the service of his own ambitions and those of his country.

Social/Emotional Issues, Underachievement, and Counseling of Gifted and Talented Students Sidney M. Moon, 2004-03-23 The expert guide to the major issues and chief trends in studies of underachievement and affective needs of gifted students. ,1916 **The Life and Songs of Stephen Foster** JoAnne O'Connell,2016-09-29 The Life and Songs of Stephen Foster offers an engaging reassessment of the life politics and legacy of the misunderstood father of American music Once revered the world over Foster's plantation songs like Old Folks at Home and My Old Kentucky Home fell from grace in the wake of the Civil Rights Movement due to their controversial lyrics Foster embraced the minstrel tradition for a brief time refining it and infusing his songs with sympathy for slaves before abandoning the genre for respectable parlor music The youngest child in a large family he grew up in the shadows of a successful older brother and his president brother in law James Buchanan and walked a fine line between the family's conservative politics and his own pro Lincoln sentiments Foster lived most of his life just outside of industrial smoke filled Pittsburgh and wrote songs set in a pastoral South unsullied by the grime of industry but tarnished by the injustice of slavery Rather than defining Foster by his now controversial minstrel songs JoAnne O'Connell reveals a prolific composer who concealed his true feelings in his lyrics and wrote in diverse styles to satisfy the changing tastes of his generation In a trenchant reevaluation of his New York Bowery years O'Connell illustrates how Foster purposely abandoned the style for which he was famous to write lighthearted songs for newly popular variety stages and music halls In the last years of his life Foster's new direction in songwriting stood in the vanguard of vaudeville and musical comedy to pave the way for the future of American popular music His stylistic flexibility in the face of evolving audience preferences not only proves his versatility as a composer but also reveals important changes in the American music and publishing industries An intimate biography of a complex controversial and now neglected composer The Life and Songs of Stephen Foster is an important story about the father of American music This invaluable portrait of the political economic social racial and gender issues of antebellum and Civil War America will appeal to history and music lovers of all generations

Surviving Stephen King Rebecca Frost,2021-10-22 Stephen King frequently places his human characters in danger against a supernatural antagonist These characters being realists of the late 20th and early 21st centuries must first overcome their disbelief at what is happening to them and then decide what to do about it Both their explanations for the strange happenings and their attempts to deal with them can be divided into four main categories cultural appropriation Christianity especially Catholic rites attempts at utter destruction and a resignation to simply live or die with the supernatural intact This book examines over 30 of King's works revealing that the overall success of the characters in

removing the supernatural threat from their towns or perhaps defeating it entirely does not depend fully on which of these four paths of action they choose. It is possible for any attempt to destroy the supernatural threat to fail and what works in one of King's books will not have the same outcome in another. For King the most likely success comes when his characters can choose a course of action that allows them to stand and be true to themselves. **Stephen Crane** Harold Bloom, 2007

Stephen Crane is widely recognized as a master of literary naturalism. His best known works include the classic novel *The Red Badge of Courage*, the short stories *The Open Boat*, *The Bride Comes to Yellow Sky*, and *The Blue Hotel*, and some of the nineteenth century's most innovative lyric poems. The essays gathered in this updated volume offer a wealth of critical information and analysis that speaks to Crane's relevance and far-ranging influence. Book jacket **The Stephen**

Sondheim Encyclopedia Rick Pender, 2021-04-15 Praise from Jesse Green, New York Times Chief Theater Critic. Arts in the 2023 Holiday Gift Guide. From A the director George Abbott to Y You Could Drive a Person Crazy, *The Stephen Sondheim Encyclopedia* by Rick Pender offers an astonishingly comprehensive look in more than 130 entries at the late master's colleagues, songs, shows, and methods. *The Stephen Sondheim Encyclopedia* is a wonderfully detailed and comprehensive reference devoted to musical theater's most prolific and admired composer and lyricist. Entries cover Sondheim's numerous collaborators from composers and directors to designers and orchestras; key songs such as his Academy Award winner "Sooner or Later" from *Dick Tracy*; and major works including *Assassins*, *Company*, *Follies*, *Sweeney Todd*, and *West Side Story*. The encyclopedia also profiles the actors who originated roles and sang Sondheim's songs for the first time, including Ethel Merman, Angela Lansbury, Mandy Patinkin, and Bernadette Peters. Featuring a detailed biographical entry for Sondheim, a chronology of his career, a listing of his many awards, and discussions of his opinions on movies, opera, and more, this wide-ranging resource will attract musical theater enthusiasts again and again. *The Life of Sir James Fitzjames Stephen, Bart., K.C.S.I.: A Judge of the High Court of Justice* Sir Leslie Stephen, 1895-01-01 During the first half of the eighteenth century a James Stephen, the first of the family of whom I have any knowledge, was tenant of a small farm in Aberdeenshire on the borders of Buchan. He was also engaged in trade, and though it is stated that smuggler would be too harsh a name to apply to him, he had no insuperable objection to dealing in contraband articles. He was considered to belong to the respectable class and gave his sons a good education. He had nine children by his wife Mary Brown. Seven of these were sons and were said to be the finest young men in the country. Alexander, the eldest, was in business at Glasgow; he died when nearly seventy, after falling into distress. William, the second son, studied medicine and ultimately settled at St. Christopher's in the West Indies, where he was both a physician and a planter. He probably began life as a surgeon to a Guineaman, and he afterwards made money by buying refuse that is, sickly negroes from slave ships, and after curing them of their diseases, selling them at an advanced price. He engaged in various speculations and had made money when he died in 1781, in his fiftieth year. His career, as will be seen, was of great importance to his relations. The other sons all took to trade, but all died before William. The two

sisters Mrs Nuccoll and Mrs Calder married respectably and lived to a great age They were able to be of some service to nephews and nieces My story is chiefly concerned with the third son James born about 1733 After studying law for a short time at Aberdeen he was sent abroad when eighteen years old to Holland and afterwards to France with a view to some mercantile business He was six feet three inches in height and a man of great muscular power Family traditions tell of his being attacked by two footpads and knocking their heads together till they cried for mercy Another legend asserts that when a friend offered him a pony to carry him home after dinner he made and won a bet that he would carry the pony In the year 1752 this young giant was sailing as supercargo of a ship bound from Bordeaux to Scotland with wine destined no doubt to replenish the blessed bear of Bradwardine and its like The ship had neared the race of Portland when a storm arose and she was driven upon the cliffs of Purbeck Island James Stephen with four of the crew escaped to the rocks the rest being drowned Stephen roped his companions to himself and scaled the rocks in the dark as Lovel in the Antiquary leads the Wardours and Edie Ochiltree up the crags of the Halket Head Next day the outcasts were hospitably received by Mr Milner Collector of Customs at Poole Stephen had to remain for some time on the spot to look after the salvage of the cargo The drowned captain had left some valuable papers in a chest He appeared in a dream to Stephen and gave information which led to their recovery The news that his ghost was on the look out had it is said a wholesome effect in deterring wreckers from interference with the cargo

Stephen Crane George Monteiro,2009 Stephen Crane 1871 1900 was a controversial figure in American literature and journalism In a literary career that lasted a mere decade he produced short stories novellas novels and poetry for which he was both lauded and reviled With *The Red Badge of Courage* he entered the American canon Despite Crane s lack of experience of war at the time of the novel s composition it is a classic of realist war fiction This book presents a representative selection of the reviews of Stephen Crane s books beginning with the publication of his first novel *Maggie A Girl of the Streets* 1893 through the posthumously published last novel *The O Ruddy* 1903 Many of the reviews will be new to Crane scholars The volume offers readers an insight into how Crane s reputation was formed and how it changed during his lifetime ending with the shifts in emphasis upon his early death

The Social World of Pupil Career Andrew Pollard,1999-06-17 This text is the second part of a seven year ethnography of individual pupils from the ages of four to eleven in an English primary school It presents a sociological analysis of children coping with the social worlds of home playground and classroom over the seven years of a primary school career The study provides holistic insights into the biographies of four children during their primary school years and the case studies give prominence to the voices and perspectives of parents children and teachers interacting over time The reader is invited to engage personally with these accounts and is guided as the book progresses to an overall analysis of the significance of social relationships and learning processes on the childrens s career trajectories
