Steptoe Son Ride Again:

The Steptoe and Son Encyclopedia Brian Carver, 2024-05-30 Steptoe and Son is a classic British sitcom that ran on the BBC between 1962-74. The series has two iconic characters Albert Steptoe and his rag and bone man son Harold Wildred Brambell as Albert and Harry H Corbett as Harold both give wonderful performances in the series. As well as being a great comedy Steptoe and Son has many dramatic elements and social commentary relating to the relationship between father and son, changes in society, their working class existence and their rather old-fashioned rag and bone trade. Find out more about this iconic series in this Encyclopedia. *British National Cinema* Sarah Street, 2003-09-02 The first substantial overview of the British film industry with emphasis on its genres, stars and socioeconomic context. *British National Cinema* by Sarah Street is an important title in Routledge's new National Cinemas series. *British National Cinema* synthesizes years of scholarship on British film while incorporating the author's fresh perspective and research. Street divides the study of British cinema into four sections: the relation between the film industry and government, specific film genres, movie stars and experimental cinema. In addition, this beautifully illustrated volume includes over thirty stills from every sphere of British cinema. *British National Cinema* will be of great interest to film students and theorists as well as the general reader interested in the fascinating scope of British film. *The British Film Catalogue* Denis Gifford, 2018-10-24 First published in 2001, Routledge is an imprint of Taylor & Francis, an information company. *Soundtracks* Stewart R. Craggs, 2019-05-03 First published in 1998, music scored for film has only relatively recently received the critical attention which it merits. Many composers in the twentieth century have written works for films or documentaries, a number feeling that this aspect of their output has been undervalued. This dictionary complements other studies which have appeared in recent years which look at the technical and theoretical issues concerned with film music composition. Arranged alphabetically by composer, the volume comprises over 500 entries covering all nationalities. Each entry includes very brief biographical information on the composer followed by a list of the films with dates for which he or she has composed. Details of recordings are also given. The dictionary's international coverage ensures that it will become a standard reference work for all those interested in the history of twentieth-century music and the development of film. **European Cinemas in the Television Age** Dorota Ostrowska, 2007-02-01 *European Cinemas in the Television Age* is a radical attempt to rethink the post-war history of European cinemas. The authors approach the subject from the perspective of television's impact on the culture of cinema's production, distribution, consumption and reception. Thus they indicate a new direction for the debate about the future of cinema in Europe. In every European country, television has transformed economic, technological and aesthetic terms in which the process of cinema production had been conducted. Television's growing popularity has drastically reshaped cinema's audiences and forced governments to introduce policies to regulate the interaction between cinema and television in the changing and dynamic audio-visual environment. It is cinematic criticism which was slowest in coming to terms with the

presence of television and therefore most instrumental in perpetuating the view of cinema as an isolated object of aesthetic critical and academic inquiry The recognition of the impact of television upon European cinemas offers a more authentic and richer picture of cinemas in Europe which are part of the complex audiovisual matrix including television and new media

EMI Films and the Limits of British Cinema Paul Moody, 2018-10-19 This book is the first of its kind to trace the development of one of the largest and most important companies in British cinema history EMI Films From 1969 to its eventual demise in 1986 EMI would produce many of the key works of seventies and eighties British cinema ranging from popular family dramas like *The Railway Children* Lionel Jeffries 1970 through to critically acclaimed arthouse successes like *Britannia Hospital* Lindsay Anderson 1982 However EMI's role in these productions has been recorded only marginally as footnotes in general histories of British cinema The reasons for this critical neglect raise important questions about the processes involved in the creation of cultural canons and the definition of national culture This book argues that EMI's amorphous nature as a transnational film company has led to its omission from this history and makes it an ideal subject to explore the limits of British cinema

The 50 Greatest British Sitcoms Roger Barker, 2022-05-30 Britain is famous for its sitcoms Many have been made and numerous sitcoms are regarded as all time classic British television shows In the past sitcoms were ubiquitous on television particularly in the 1970s making up a key part of programme schedules In later years sitcoms have become rarer but are still shown It is common for comedies today to have a modern take on the sitcom and have no laughter track and be almost like a comedy drama What are the greatest British sitcoms This is a subjective opinion as people have different senses of humour this book is the author's opinion taking into account some other factors such as impact on popular culture production values and so forth There is a consensus on the best British sitcoms These appear on greatest sitcom lists or a critically acclaimed today Another way to determine the British sitcom can be to note which old sitcoms are repeated on British television channels Hopefully this book will be of interest to those interested in British sitcoms and comedy and hopefully the reader will be introduced to some new comedy classics

The Real Diana Dors Anna Cale, 2021-08-04 The true story of the tumultuous and too short life of the film star known as the English Marilyn Monroe The story of Diana Dors is one of fame glamour and intrigue From the moment she came into the world her life was full of drama She began her acting career in the shadow of the Second World War entering the film world as a vulnerable young teenager and negotiating the difficult British studio system of the 1940s and 50s Yet she battled against the odds to become one of the most iconic British actors of the twentieth century This book follows her remarkable story from childhood in suburban Swindon to acting success as a teenager and finding fame as the English Marilyn Monroe Many remember her as an outspoken and sometimes controversial figure grabbing headlines for her personal life as often as for her film roles For Diana image seemed to be everything but there was more to her than the blonde bombshell reputation suggested A talented actor she worked on numerous film and television projects building a career that spanned decades Set against the

backdrop of the changing social landscape of twentieth century Britain this book charts the ups and downs of her professional adventures and her tumultuous private life to build a fascinating picture of a unique screen icon

British Film Editors Roy Perkins, Martin Stollery, 2019-07-25 Most of the Directors I've worked with needed someone to talk to who is deep inside the heart of the movie Mick Audsley Film Editor Film editing is understood by the industry to be one of the most crucial contributions to film making World class British editors such as Antony Gibbs and Anne Coates have received recognition of their importance in Hollywood and experienced British Editors have important roles in a surprising number of major American movies This book attempts to explain this not elusive of roles by allowing editors to describe in their own words what they do and to bring them into the critical and public spotlight It is the most comprehensive survey of its kind to date and is based upon interviews with many distinguished editors who have worked on films as diverse as Blade Runner and Carry on Up the Khyber Die Hard 2 and Blow Up American Beauty and Performance The British Film Editor also provides a detailed history of editing together with extensive filmographies

British Film Catalogue Denis Gifford, 2016-04-01 First published in 2001 The standard work on its subject this resource includes every traceable British entertainment film from the inception of the silent cinema to the present day Now this new edition includes a wholly original second volume devoted to non fiction and documentary film an area in which the British film industry has particularly excelled All entries throughout this third edition have been revised and coverage has been extended through 1994 Together these two volumes provide a unique authoritative source of information for historians archivists librarians and film scholars
