Oehser, Louise Heskett, 2019-06-07 The Smithsonian Institution has grown and prospered since the first edition of this book appeared in 1970 and Paul Oehser s revised edition is badly needed New and expanded structures the Air and Space Museum the Hirshhorn the National Museum of American Art the National Portrait Gallery and new undertakings Smithsonian magazine the Handbook of North American Indians series the Woodrow Wilson Center and prestigious symposia richly serve the original purpose James Smithson envisioned in his will To found at Washington under the name of the Smithsonian Institution an establishment for the increase and diffusion of knowledge among men The heart of Oehser s original work has been left intact in this second edition His is the only survey that combines the dramatic story of the Smithsonian s influence and expansion with the behind the scenes details of daily operations structure and administrative problems The book has been updated to include all important developments of the last thirteen years as well as to describe current plans for future expansion and program additions The whole picture leads one to the conclusion that the world s largest museum complex housing over seventy million objects has succeeded despite its air of old fashioned traditionalism in reflecting the adventure of the American experience and the insatiable curiosity and dynamics of the American spirit **Shred Sisters** Betsy Lerner, 2025-08-07 No one will love you more or hurt you more than a sister It is said that when one person in a family is unstable the whole family is destabilized Meet the Shreds Olivia is the sister in the spotlight until her stunning confidence becomes erratic and unpredictable a hurricane leaving people wrecked in her wake Younger sister Amy cautious and studious to the core believes
