Stick Figure A Diary Of My Former Self:

Stick Figure Lori Gottlieb, 2000 From the diaries she kept as an 11 year old the author's wry perceptive account of her near fatal struggle with anorexia nervosa is told with an unguarded openness not seen since Susanna Kaysen's *Girl Interrupted* Stick Figure has been optioned for film by Martin Scorsese's De Fina Cappa Productions Voices of Mental Health Martin Halliwell, 2017-10-02 This dynamic and richly layered account of mental health in the late twentieth century interweaves three important stories the rising political prominence of mental health in the United States since 1970 the shifting medical diagnostics of mental health at a time when health activists advocacy groups and public figures were all speaking out about the needs and rights of patients and the concept of voice in literature film memoir journalism and medical case study that connects the health experiences of individuals to shared stories Together these three dimensions bring into conversation a diverse cast of late century writers filmmakers actors physicians politicians policy makers and social critics In doing so Martin Halliwell's *Voices of Mental Health* breaks new ground in deepening our understanding of the place politics and trajectory of mental health from the moon landing to the millennium *Declarations of Independence* Joanne Brown, Nancy St. Clair, 2002 Female empowerment especially among girls is one of the most significant issues to come out of the 90's and one that will continue to play a significant role in the new millennium But how do we define empowerment And more importantly how do we identify its characteristics within literature With problems like teenage eating disorders and pregnancy still very much at the core of American society it is no surprise that a book as important as *Declarations of Independence* is the latest addition to Scarecrow Press's *Studies in Young Adult Literature* Authors Brown and St Clair use their collective expertise to uncover and trace the development of the young female protagonist from the role of submissive fairy tale maiden to the spunkier more independent girls who now appear with increasing frequency in young adult literature This next generation of heroines is the model with which today's readers can readily identify and who the authors believe become agents of social change for young women Through careful research that draws on recent scholarship about female adolescent development situates this shift to stronger female protagonists within a larger cultural context The empowered girls of this title are defined through close reading of a variety of stories and genres in which they appear historical and multicultural fiction social realism romance and adventure fantasy and memoir with emphasis on books published after 1990 The result is a collection of essays on literature about adolescent girls who have real feelings passions and sometimes rebellious attitudes and who act upon those feelings passions and attitudes to take control of their lives unlike most of their predecessors whose fulfillment lay mainly in achieving beauty and suitors With an annotated list of titles for suggested reading following each chapter *Declarations of Independence* is the ideal resource for middle and high school teachers for school and public librarians a *Food in American Culture and Literature* Carl Boon, Nuray Önder, Evrim Ersöz Koç, 2020-03-18 Carving a unique space within the burgeoning field of food studies the essays gathered in this volume

position themselves at a variety of flashpoints along the spectrum of cultural and literary analysis While some remain firmly entrenched in traditional genre analysis some extend toward history and sociology giving this collection a multifaceted perspective The finest of these essays stand as cultural critiques forcing the reader to consider what food means and will mean in the United States *Mortified* David Nadelberg, 2006-11-28 Share the shame In the days before blogs teenagers recorded their lives with a pen in top secret notebooks usually emblazoned with an earnest underlined plea to parents to keep away Since 2002 David Nadelberg has tapped that vast wellspring of adolescent anguish in the stage show *Mortified* in which grown men and women confront their past with firsthand tales of their first kiss first puff worst prom fights with mom life at bible camp worst hand job best mall job and reasons they deserved to marry Simon LeBon Following the same formula that has made the live show a beloved cult hit *Mortified* the book takes real childhood journals and documents and edits the entries into captivating comedic and cathartic stories introduced by their now older and allegedly wiser authors From letters begging rescue from a hellish summer camp to catty locker notes about stuck up classmates to obsessive love that borders on stalking *Mortified* gives voice to the real and really pathetic hopes fears desires and creative urgings that have united adolescents for generations

within which self starvation has occurred historically and it analyzes competing theories of the disease's origins including sociocultural developmental biochemical and genetic hypotheses The book also provides coverage of several often overlooked topics such as the incidence of anorexia among young men and it makes use of the personal narrative of an anorexic throughout to give the reader some sense of what it feels like to have anorexia and what someone with anorexia may be thinking
