A YEAR IN MY PAJAMAS WITH PRESIDENT OBAMA, The Politics of Strange Bedfellows , **Masterpieces of the J. Paul Getty Museum: Photographs** Gordon Baldwin, Julian Cox, Michael Hargraves, Judith Keller, Anne Lyden, John McIntyre, Weston Naef, Katherine Ware, 1997-11-13 The J Paul Getty Museum's collection of over one hundred thousand images is among the most comprehensive holdings of rare and important photographs in the world It ranges from daguerreotypes to work by contemporary photographers such as Frederick Sommer and Manuel Alvarez Bravo The fifty selections in this volume include Walker Evans's Citizen in Downtown Havana The Whisper of the Muse by Julia Margaret Cameron and Georgia O'Keeffe A Portrait by Alfred Stieglitz as well as photographs by Carleton Watkins Andr Kert sz Man Ray Lisette Model and many others Each image is described in detail by the curatorial staff of the Department of Photographs at the Getty Museum War Is All Hell Edward J. Blum, John H. Matsui, 2021-05-28 During his first inaugural address Abraham Lincoln expressed hope that the better angels of our nature would prevail as war loomed He was wrong The better angels did not but for many Americans the evil ones did War Is All Hell peers into the world of devils demons Satan and hell during the era of the American Civil War It charts how African Americans and abolitionists compared slavery to hell how Unionists rendered Confederate secession illegal by linking it to Satan and how many Civil War soldiers came to understand themselves as living in hellish circumstances War Is All Hell also examines how many Americans used evil to advance their own agendas Sometimes literally oftentimes figuratively the agents of hell and hell itself became central means for many Americans to understand themselves and those around them to legitimate their viewpoints and actions and to challenge those of others Many who opposed emancipation did so by casting Abraham Lincoln as the devil incarnate Those who wished to pursue harsher war measures encouraged their soldiers to fight like devils And finally after the war when white men desired to stop genuine justice they terrorized African Americans by dressing up as demons A combination of religious political cultural and military history War Is All Hell illuminates why after the war one of its leading generals described it as all hell Photography and the American Civil War Jeff L. Rosenheim, Gibbes Museum of Art (Charleston,

S.C.),New Orleans Museum of Art,2013-05-07 DIV Six hundred thousand lives were lost between 1861 and 1865 making the conflict between North and South the nation s deadliest war If the War Between the States was the test of the young republic s commitment to its founding precepts it was also a watershed in photographic history as the camera recorded the epic heartbreaking narrative from beginning to end providing those on the home front for the first time with immediate visual access to the horrors of the battlefield Photography and the American Civil War features both familiar and rarely seen images that include haunting battlefield landscapes strewn with bodies studio portraits of armed Confederate and Union soldiers sometimes in the same family preparing to meet their destiny rare multi panel panoramas of Gettysburg and Richmond languorous camp scenes showing exhausted troops in repose diagnostic medical studies of wounded soldiers who survived the war s last bloody battles and portraits of both Abraham Lincoln and his assassin John Wilkes Booth Published on the occasion of the 150th anniversary of the battle of Gettysburg 1863 this beautifully produced book features Civil War photographs by George Barnard Mathew Brady Alexander Gardner Timothy O Sullivan and many others div **Life and Limb** David Seed,Stephen C. Kenny,Chris Williams,2015-06-19 A fascinating collection of primary sources on medical experiences in the US Civil War **Honoring the Civil War Dead** John R. Neff,2005-02-14 By the end of the Civil War fatalities from that conflict had far exceeded previous American experience devastating families and communities alike As John Neff shows commemorating the 620 000 lives lost proved to be a persistent obstacle to the hard work of reuniting the nation as every memorial observation compelled painful recollections of the war Neff contends that the significance of the Civil War dead has been largely overlooked and that the literature on the war has so far failed to note how commemorations of the dead provide a means for both expressing lingering animosities and discouraging reconciliation Commemoration from private mourning to the often extravagant public remembrances exemplified in cemeteries monuments and Memorial Day observances provided Americans the quintessential forum for engaging the war s meaning Additionally Neff suggests a special significance for the ways in which the commemoration of the dead shaped Northern memory In his estimation Northerners were just as active in myth making after the war Crafting a Cause Victorious myth that was every bit as resonant and powerful as the much better known Lost Cause myth cherished by Southerners the North asserted through commemorations the existence of a loyal and reunified nation long before it was actually a fact Neff reveals that as Northerners and Southerners honored their separate dead they did so in ways that underscore the limits of reconciliation between Union and Confederate veterans whose mutual animosities lingered for many decades after the end of the war Ultimately Neff argues that the process of reunion and reconciliation that has been so much the focus of recent literature either neglects or dismisses the persistent reluctance of both Northerners and Southerners to forgive and forget especially where their war dead were concerned Despite reunification the continuing imperative of commemoration reflects a more complex resolution to the war than is even now apparent His book provides a compelling account of this conflict that marks a

major contribution to our understanding of the war and its many meanings The Civil War and American Art Eleanor Jones Harvey, Smithsonian American Art Museum, 2012-12-03 Collects the best artwork created before during and following the Civil War in the years between 1859 and 1876 along with extensive quotations from men and women alive during the war years and text by literary figures including Emily Dickinson Mark Twain and Walt Whitman 15 000 first printing Reading American Photographs Alan Trachtenberg, 1990-11 Considers five documentary sequences or narratives the antebellum portraits of Mathew Brady and others the Civil War albums of Alexander Gardner George Barnard and A J Russell the Western survey and landscape photographs of Timothy O Sullivan A J Russell and Carleton Watkins and social photographs and texts by Alfred Stieglitz and Lewis Hine as well as documentaries inspired by the Depression esp Walker Evans s American Photographs
