Still Missing Susan Ware, 1994 An analysis of Amelia Earhart's life as part of the history of women and American feminism *American Women and Flight since 1940* Deborah G. Douglas, 2021-05-11 Individual women's stories enliven almost every page of this comprehensive illustrated reference now updated from the National Air and Space Museum Technology and Culture Women run wind tunnel experiments direct air traffic and fabricate airplanes American women have been involved with flight from the beginning But until 1940 most people believed women could not fly that Amelia Earhart was an exception to the rule World War II changed everything It is on the record that women can fly as well as men stated General Henry H Arnold commanding general of the Army Air Forces Then the question became Should women fly Deborah G Douglas tells the story of this ongoing debate and its impact on American history From Jackie Cochran whose perseverance led to the formation of the Women's Army Service Pilots WASP during World War II to the more recent achievements of Jeannie Flynn the Air Force's first woman fighter pilot and Eileen Collins NASA's first woman shuttle commander Douglas introduces a host of determined women who overcame prejudice and became military fliers airline pilots and air and space engineers Not forgotten are stories of flight attendants air traffic controllers and mechanics *American Women and Flight since 1940* is a revised and expanded edition of a Smithsonian National Air and Space Museum reference work Long considered the single best reference work in the field this new edition contains extensive new illustrations and a comprehensive bibliography *Jacqueline Cochran* Rhonda Smith-Daugherty, 2015-03-10 Although Amelia Earhart remains the best known female pilot of the 1930s Jacqueline Cochran stood as the more important aviation pioneer and America's top woman pilot Among her many accomplishments Cochran was the first female aviator to win the Bendix Air Race to fly a bomber to break the speed of sound and to participate in astronaut training This revealing biography explores Cochran's childhood in an impoverished Florida mill town her early career as a pilot and her role in creating and leading the WASPs during World War II It also chronicles her postwar exploits including her participation in the NASA space program her unsuccessful 1956 bid for Congress and her surprising reluctance to crusade for the advancement of women This detailed profile removing Cochran from Earhart's shadow firmly establishes the aviatrix as a pivotal figure in the history of women in aviation and in war **Queering the Moderns** NA NA, 2016-04-30 In *Queering the Moderns* Anne Herrmann revisits the narrative of literary modernism and the historical uses of the term queer to explore the emergence of identities specific to modernism Queer in the modernist period 1910-1945 means strange odd out of sorts and although it begins to refer to those who are queer sexually it does not yet police a hetero/homosexual divide It means crossing boundaries in unexpected directions across the Atlantic across the color line across literary conventions that dictate autobiographies can't be written by someone else Six memoirs that rely on cross gender and cross racial identifications are discussed within their specific cultural contexts so that female aviators Amelia Earhart and Beryl Markham lesbian autobiographers Virginia Woolf and

Gertrude Stein and male auto ethnographers James Weldon Johnson and Earl Lind Ralph Werther begin to queer the traditional spaces of modernism Spectacular Girls Sarah Projansky,2014-02-07 An astute intervention into both girlhood studies and feminist media studies Yvonne Tasker University of East Anglia The Methods and Skills of History Michael J. Gems,2017-02 While the accomplishments and influence of Jack Johnson Joe Louis Jesse Owens Jackie Robinson and Muhammad Ali are doubtless impressive solely on their merits these luminaries of the Black sporting experience did not emerge spontaneously Their rise was part of a gradual evolution in social and power relations in American culture between the 1890s and 1940s that included athletes such as jockey Isaac Murphy barnstorming pilot Bessie Coleman and golfer Teddy Rhodes The contributions of these early athletes to our broader collective history and their heroic confrontations with the entrenched racism of their times helped bring about the incremental changes that after 1945 allowed for sports to be more fully integrated Before Jackie Robinson details and analyzes the lives of these lesser known but important athletes within the broader history of Black liberation These figures not only excelled in their given sports but also transcended class and racial divides in making inroads into popular culture despite the societal restrictions placed on them They were also among the first athletes to blur the line between athletics entertainment and celebrity culture This volume presents a more nuanced account of early Black American athletes lives and their ongoing struggle for acceptance relevance and personal and group identity English Fiction in the

Home on the Rails Amy G. Richter, 2006-03-13 Recognizing the railroad's importance as both symbol and experience in Victorian America Amy G Richter follows women travelers onto trains and considers the consequences of their presence there For a time Richter argues nineteenth century Americans imagined the public realm as a chaotic and dangerous place full of potential where various groups came together collided and influenced one another for better or worse The example of the American railroad reveals how by the beginning of the twentieth century this image was replaced by one of a domesticated public realm a public space in which both women and men increasingly strove to make themselves at home Through efforts that ranged from the homey touches of railroad car decor to advertising images celebrating female travelers and legal cases sanctioning gender segregated spaces travelers and railroad companies transformed the railroad from a place of risk and almost unlimited social mixing into one in which white men and women alleviated the stress of unpleasant social contact Making themselves at home aboard the trains white men and women domesticated the railroad for themselves and paved the way for a racially segregated and class stratified public space that freed women from the home yet still preserved the railroad as a masculine domain
