The Great Good Thing Andrew Klavan, 2016-09-20 No one was more surprised than Andrew Klavan when at the age of fifty he found himself about to be baptized The Great Good Thing tells the soul searching story of a man born into an age of disbelief who had to abandon everything he thought he knew in order to find his way to the truth Best known for his hard boiled white knuckle thrillers and for the movies made from them among them True Crime and Don't Say a Word bestselling author and Edgar Award winner Klavan was born in a suburban Jewish enclave outside New York City He left the faith of his childhood behind to live most of his life as an agnostic until he found himself mulling over the hard questions that so many other believers have asked How can I be certain in my faith What's the truth and how can I know it's the truth How can you think live and make choices and judgments day by day if you don't know for sure In The Great Good Thing Klavan shares that his troubled childhood caused him to live inside the stories in his head and grow up to become an alienated young writer whose disconnection and rage devolved into depression and suicidal breakdown In those years Klavan fought to ignore the insistent call of God a call glimpsed in a childhood Christmas at the home of a beloved babysitter in a transcendent moment at his daughter's birth and in a snippet of a baseball game broadcast that moved him from the brink of suicide But more than anything the call of God existed in stories the stories Klavan loved to read and the stories he loved to write Join Klavan as he discovers the meaning of belief the importance of asking tough questions and the power of sharing your story

Paradigms of Paranoia Samuel Chase Coale, 2019-05-14 An examination of the American fascination with conspiracy and the distrust it sows The recent popularity of The DaVinci Code and The Matrix trilogy exemplifies the fascination Americans have with conspiracy driven subjects Though scholars have suggested that in modern times the JFK assassination initiated an industry of conspiracy in Vietnam and the Pentagon Papers Area 51 Iran Contra Affair Samuel Chase Coale reminds us in this book that conspiracy is foundational in American culture from the apocalyptic Biblical narratives in early Calvinist households to the fear of Mormon

Catholic Jewish and immigrant populations in the 19th century Coale argues that contemporary culture a landscape characterized by doubt ambiguity fragmentation information overload and mistrust has fostered a radical skepticism so pervasive that the tendency to envision or construct conspiracies often provides the best explanation for the chaos that surrounds us Conspiracy as embodied in narrative form provides a fertile field for explorations of the anxiety lying at the heart of the postmodern experience Thomas Pynchon s *The Crying of Lot 49* Don DeLillo s *Underworld* Toni Morrison s *Jazz* and *Paradise* Joan Didion s *Democracy* Tim O Brien s *In the Lake of the Woods* and Paul Auster s *New York City Trilogy* are some of the texts Coale examines for their representations of isolated individuals at the center of massive anonymous master plots that lay beyond their control These narratives remind us that our historical sense of national identity has often been based on the demonizing of others and that American fiction arose and still flourishes with apocalyptic visions
