Slovak History Július Bartl, 2002 A chronology of Slovak history from the earliest times through the end of 2000

Slovak History Dusan Skvarna, Julius Bartl, Viliam Cicaj, Maria Kohutova, Robert Letz, Vladimir Seges, 2001-10-01 The history of Slovakia is part of the rich tapestry of the course of human events at the geographical and strategic crossroads of Europe Yet very little contemporary scholarship on Slovak history exists in English or is readily accessible to North American and Western European readers This title thus fills an important gap in historiography and knowledge of events throughout Central Europe over the last fourteen centuries Attractive easy to read layout and typeface Contents and arrangement of the of the work are not duplicated by any currently available English language text Priced to provide better value than any other scholarly work available in English The book consists of two parts a chronology of Slovak history from the earliest times through the end of 1998 and a lexicon containing 330 subject matter headwords including biographical portraits describing the most important events and personages in Slovak history Appendices provide genealogies and leadership lists for ruling royal dynasties and republican regimes This book also includes a survey of common Germanic place names located on the territory of Slovakia and a selected bibliography *Bulgaria, Hungary, Romania, the Czech Republic, and Slovakia*

Britannica Educational Publishing, 2013-06-01 Bulgaria Hungary Romania the Czech Republic and Slovakia share a remarkably similar trajectory on their individual paths to becoming the nations they are today Each had ties to the Roman Byzantine and Ottoman empires in earlier times all became Eastern bloc countries in the 20th century and all successfully emerged from Communist rule in the late 20th and early 21st centuries These multi layered lands where folk traditions still exist alongside the hallmarks of modern life and the remnants of communist rule are the subjects of this sweeping tome

The Slovak-Polish Border, 1918-1947 Marcel Jesenský, 2014-09-02 The first English language monograph on the Slovak Polish border in 1918 47 explores the interplay of politics diplomacy moral principles and self determination This book argues that the failure to reconcile strategic objectives with territorial claims could cost a higher price than the geographical size of the disputed region would indicate **Slovakia - Culture Smart!** Brendan Edwards, Culture Smart!, 2011-09-01 Slovakia has struggled with a low international profile Often overlooked as the Czech Republic s little sister it is a young country with an old culture and history and a people who are proudly Central not Eastern European Although for much of the twentieth century Czechs and Slovaks lived together in one state there are important differences between them differences that ultimately contributed to separation in 1993 and the rebirth of a sovereign Slovak state Generally speaking the Slovaks are more Slavic than the Czechs their pace of life is slower and their spare time is more often filled with friends family and music They are known to be resistant to change yet change has been a constant in the state s short economic and political history from the fall of communism in the Velvet Revolution of late 1989 to the Velvet Divorce of Czechoslovakia in 1993 to widespread economic diversification expansion and global influence to European Union membership in 2004 and the

adoption of the euro in 2009 and they have adapted with quiet optimism Slovakia has been referred to as the economic tiger of Europe and now that it has EU membership and a healthy industrial economy Europeans are starting to take notice Its popularity as a tourist destination has been growing rapidly in recent years Slovaks call their country the Heart of Europe a term that describes not only their geography but the Slovak character which is warm deeply hospitable and immensely proud Visitors who step outside Bratislava s Star mesto Old Town and take the time to explore the country beyond will discover a landscape of plains meadows mountains natural spas and hundreds of ancient castles and a people at once modest stoical humorous and responsive This book captures the essence of what makes the Slovak people unique and explains something of the quirks and memorable aspects of their lifestyle It opens a window onto their inner world their customs and celebrations and describes what to expect and how to behave in different situations While the country is not without its frustrations for foreigners most visitors succumb to its charms Few have left without yearning to return to the little big country *Eastern Europe* Richard Frucht,2004-12-22 A contemporary analysis of the people cultures and society within the regions that make up Eastern Europe *Eastern Europe An Introduction to the People Lands and Culture* sheds light on modern day life in the 16 nations comprising Eastern Europe Going beyond the history and politics already well documented in other works this unique three volume series explores the social and cultural aspects of a region often ignored in books and curricula on Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country *A Life Dedicated to the Republic: Vavro Srobár's Slovak Czechoslovakism* Josette Baer,2014-02-01 In this stunning biography Josette Baer re traces the eventful life of the Slovak politician Vavro Srob r the principal figure in the implementation of Czechoslovak democracy in Slovakia Spanning from his student days and his fight for Slovak civil rights in Upper Hungary via his ministerial positions during the First Czechoslovak Republic to his active resistance against German fascism Baer s research paints a most comprehensive picture Based on rich archive material available to the English reading public for the first time Baer shows how Srob r s political thought and activities shaped the turbulent history of Czechoslovakia in the first half of the 20th century Offering unique insights into the political past of a country whose history remains largely under researched this book is a must read for anyone interested in the region **Varieties of Antisemitism** Murray Baumgarten,Peter Kenez,Bruce Allan Thompson,2009 The essays in this volume articulate the historical ground on which this artistic exploration of the Holocaust and anti Semitism depends They also elaborate the spectrum that connects them in terms of their historical location and ideological emphases and thus suggest the ways in

which they are connected in terms of rhetorical discourse The essays are governed by the sense that anti-Semitism has not been a unitary experience or event Rather it is its varieties that are explored exactly those aspects that have made it so difficult to grasp and that led to the wide ranging events and murdering methods of the Holocaust Thus the editors eschew the causal explanation of Hitler's Willing Executioners as they seek to provide more nuanced understanding Murray Baumgarten directs the Jewish Studies program at the University of California Santa Cruz Peter Kenez teaches at the University of California Santa Cruz Bruce Thompson is a lecturer in History and Literature at the University of California Santa Cruz

The Munich Crisis, politics and the people Julie Gottlieb, Daniel Hucker, Richard Toye, 2021-01-12 The Munich Crisis of 1938 had major diplomatic as well as personal and psychological repercussions As much as it was a climax in the clash between dictatorship and democracy it was also a People's Crisis and an event that gripped and worried the people around the world The traditional approach has been to examine the crisis from the vantage points of high politics and diplomacy Traditional approaches have failed to acknowledge the profound social cultural and psychological impacts of diplomatic events an imbalance that is redressed in this volume Taking a range of national examples and using a variety of methods The Munich Crisis Politics and the People recreates the experience of living through the crisis in Czechoslovakia Germany France Britain Hungary the Soviet Union and the USA

The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds

Slovak History Chronology Lexicon Introduction

In today's digital age, the availability of Slovak History Chronology Lexicon books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Slovak History Chronology Lexicon books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Slovak History Chronology Lexicon books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Slovak History Chronology Lexicon versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Slovak History Chronology Lexicon books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Slovak History Chronology Lexicon books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Slovak History Chronology Lexicon books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Slovak History Chronology Lexicon books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Slovak History Chronology Lexicon books and manuals for download and embark on your journey of knowledge?
